INDEPENDENT AUDITORS' REPORT

To the Board of County Commissioners
Columbus County
Whiteville, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Columbus County, North Carolina, as of and for the year ended June 30, 2015, and the related notes to the financial statements which collectively comprise Columbus County basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements bases on our audit. We did not audit the financial statements of Columbus Regional Healthcare System, which represents 99.87 percent, 99.81 percent, and 99.90 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Columbus Regional Healthcare System, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Columbus Regional Healthcare System and Columbus County Tourism Development Authority were not audited in accordance with *Governmental Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Members

American Institute of CPAs - N.C. Association of CPAs - AICPA Division of Firms

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based upon our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presents component units, each major fund, and the aggregate remaining fund information Columbus County, North Carolina as of June 30, 2015, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Law Enforcement Officers' Special Separation Allowance, the other Postemployment Benefits' Schedules of Funding Progress and Employer Contributions, the Local Government Employees' Retirement Schedules of the County's Proportionate Share of Net Pension Asset and County Contributions, and the Register of Deeds' Supplemental Pension Fund Schedule of the County's Proportionate Share of the Net Pension Asset and Schedule of County Contributions on pages 4 through 13 and 64 through 71, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Columbus County, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the *State Single Audit Implementation Act* are presented for purpose of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2015 on our consideration of Columbus County internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Columbus County's internal control over financial reporting and compliance.

COLUMBUS COUNTY, NORTH CAROLINA MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Columbus County, we offer readers of Columbus County's financial statements this narrative overview and analysis of the financial activities of Columbus County for the fiscal year ended June 30, 2015. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

Financial Highlights

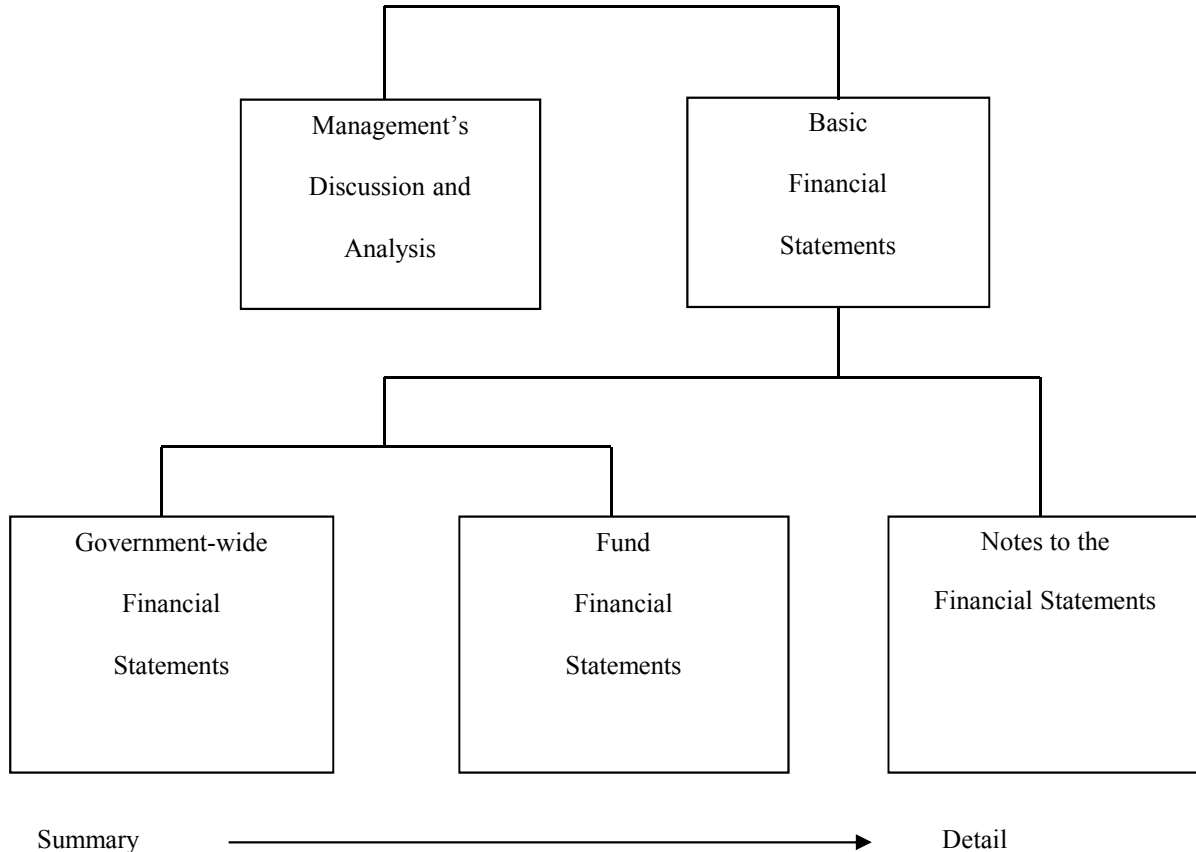

- The assets and deferred outflows of resources of Columbus County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$60,991,120 (net position).
- The government's total net position increased by \$4,049,398 primarily due to increased net position in both the Governmental and Business-Type Activities.
- As of the close of the current fiscal year, Columbus County's governmental funds reported combined ending fund balances of \$36,548,329, a decrease of \$1,511,098 in comparison with the prior year. Approximately 21.95 percent of this total amount, or \$8,021,287, is restricted or nonspendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$21,772,146 or 40.80 percent of total general fund expenditures for the fiscal year.
- Columbus County's total debt decreased by \$2,260,102 during the current fiscal year. The decrease was primarily due to the payment of debt service obligations, offset by the receipt of installment purchase proceeds for equipment.
- Columbus County's latest evaluations resulted in an Aa3 rating from Moody's and A from Standard and Poor's.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Columbus County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Columbus County.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension plans.

COLUMBUS COUNTY, NORTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the total of the County's assets and deferred outflows of resources and the total liabilities and deferred inflows of resources. Measuring net position is one way to gage the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water and sewer and landfill services offered by Columbus County. The final category is the component units. Columbus Regional Healthcare System is a public hospital operated by a not-for-profit corporation that has leased the hospital from the County. The County appoints the board of trustees for the Hospital and has issued debt on its behalf. The County also reports the Tourism Development Authority as a component unit.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Columbus County, like all other governmental entities, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Columbus County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called modified accrual accounting. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

COLUMBUS COUNTY, NORTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS

Columbus County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – Columbus County has one kind of proprietary funds. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Columbus County uses enterprise funds to account for its water and sewer activity and for its landfill operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Columbus County has seven fiduciary funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start after Exhibit 9.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Columbus County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning at Exhibit A-1, directly after the notes.

Total deferred inflows of resources	4,043,614	-	127,109	-	4,170,723	-
Net position:						
Net investment in capital assets	22,381,404	19,760,166	15,415,248	14,586,819	37,796,652	34,346,985
Restricted	7,688,698	9,322,426	-	-	7,688,698	9,322,426
Unrestricted	8,809,038	9,703,932	6,696,732	5,755,486	15,505,770	15,459,418
Total net position	<u>\$ 38,879,140</u>	<u>\$ 38,786,524</u>	<u>\$ 22,111,980</u>	<u>\$ 20,342,305</u>	<u>\$ 60,991,120</u>	<u>\$ 59,128,829</u>

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$60,991,120 as of June 30, 2015. The County's net position increased by \$1,862,291 for the fiscal year ended June 30, 2015. One of the largest portions, \$37,796,652 (61.97%) reflects the County's net investment in capital assets. Columbus County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Columbus County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Columbus County's net position \$7,688,698 (12.61%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$15,505,770 (25.42%) is unrestricted.

Several particular aspects of the County's financial operations contributed to the increase in the total unrestricted governmental net position:

- Decrease in overall expenditures in the Governmental and Business-Type Activities
- Various projects that are under construction that are financed with loans or grant proceeds.

COLUMBUS COUNTY, NORTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS

Governmental activities. Governmental activities increased the County's net position by \$2,210,487 thereby accounting for 54.59% of the total increase in the net position of Columbus County. Key elements of this increase are as follows:

- Increase in property tax revenues as a result of the State's Tax and Tag program
- Decrease in expenditures of the governmental activities

Business-type activities. Business-type activities increased Columbus County's net position by \$1,838,911, accounting for 45.41% of the total increase in the government's net position. Key elements of this increase are as follows:

- Significant declines in expenditures
- Capital contributions of \$972,561 for the Interconnect project in Water District II

Financial Analysis of the County's Funds

As noted earlier, Columbus County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Columbus County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Columbus County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of Columbus County. At the end of the current fiscal year, Columbus County's fund balance available in the General Fund was \$29,117,851, while total fund balance reached \$35,301,397. The County currently has an available fund balance of 54.57 percent of total General Fund expenditures, while total fund balance represents 66.15 percent of that same amount.

At June 30, 2015, the governmental funds of Columbus County reported a combined fund balance of \$36,548,329, a 3.97% percent decrease from the previous year. The primary reason for this decrease was a result of the County receiving funding for the Courthouse in previous years that was not spent until the current year.

General Fund Budgetary Highlights: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenues by \$516,568.

Proprietary Funds. Columbus County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Net position of the Solid Waste Fund at the end of the fiscal year amounted to \$4,591,100, and those for the Water Funds equaled \$17,343,925. The County also reports a fund balance of \$176,955 in the Section 8 Housing fund. The total change in net position for these funds was \$1,079,142, \$817,835, and (\$58,066), respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of Columbus County's business-type activities.

COLUMBUS COUNTY, NORTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS

Capital Asset and Debt Administration

Capital Assets. Columbus County's capital assets for its governmental and business – type activities as of June 30, 2015, totals \$68,320,203 (net of accumulated depreciation). These assets include buildings, roads and bridges, land, machinery and equipment, park facilities, and vehicles.

Major capital asset transactions during the year include:

- Purchased new vehicles for Sheriff's Department
- Construction of distribution lines to the County's Water & Sewer Districts
- Various airport projects and new courthouse construction

Additional information on the County's capital assets can be found in notes to the Financial Statements.

COLUMBUS COUNTY, NORTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS

Long-term Debt. As of June 30, 2015, Columbus County had total bonded debt outstanding of \$18,728,500, all but \$708,000 (Revenue Bonds) of which is debt backed by the full faith and credit of the County. The County also has installment obligations of \$15,102,207 and revolving loan fund obligations of \$348,425.

COLUMBUS COUNTY'S OUTSTANDING DEBT
General Obligation and Installment Debt

Figure 5

	Governmental Activities		Business-type Activities		Total	
	2015	2014	2015	2014	2015	2014
General Obligation Bonds	\$ -	\$ -	\$18,020,500	\$18,342,500	\$18,020,500	\$18,342,500
Revenue Bonds	-	-	708,000	722,500	708,000	722,500
Revolving Loan Funds	-	-	348,425	375,227	348,425	375,227
Installment Purchases	15,032,762	16,912,175	69,445	86,832	15,102,207	16,999,007
Total	\$ 15,032,762	\$ 16,912,175	\$ 19,146,370	\$ 19,527,059	\$ 34,179,132	\$ 36,439,234

Columbus County's total debt decreased by \$2,260,102 (6.20 percent) during the past fiscal year, primarily due to the repayment of debt obligations.

As mentioned in the financial highlights section of this document, Columbus County received an Aa3 bond rating from Moody's Investor Service and A rating from Standard and Poor's Corporation. This bond rating is a clear indication of the sound financial condition of Columbus County. This achievement is a primary factor in keeping interest costs low on the County's outstanding debt.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Columbus County is \$269,135,179.

Additional information regarding Columbus County's long-term debt can be found in the notes to the financial statements under Section B.

COLUMBUS COUNTY, NORTH CAROLINA
MANAGEMENT'S DISCUSSION AND ANALYSIS

Economic Factors and Next Year's Budgets and Rates

Columbus County continues to be involved in the textile industry through the production of advanced textile materials and the addition of new machinery at companies such as National Spinning, Filtec Enterprises and Whiteville Fabrics, the decline of the textile industry in general over the last 25 years has forced the Economic Development Commission to focus on other growth industries that are a good "fit" for the County. Probably the two biggest successes we have seen in the last year involve the location of MaxPro Manufacturing (Window Films) to the Southeastern Regional Park, and the expansion of PlyGem Industries in Fair Bluff (over 125 jobs to be added). Special emphasis has been placed on recruiting food processors to Columbus County as evidenced by our efforts to have the Southeast Regional Park to be recognized as the first Certified Food Site in North Carolina by Garner Economics and Primus Builders. Emphasis has been placed on supporting industry related to the timber sector as well. Companies such as West Fraser and International Paper continue to do well and have added capacity in recent years. The Columbus County EDC has also focused on development of alternative energy sites within the County, which will host eighteen to twenty operating solar farms by the end of the first quarter of 2016. There are at least six more farms in the planning stage for 2016. Other efforts have focused on recruiting international investment to the County, and a number of projects are under investigation that will involve the production of a significant volume of agricultural exports to the Far East. Some of these projects will involve a significant degree of foreign investment in our County.

Budget Highlights for Fiscal Year Ending June 30, 2016

Government Activities:

The property tax rate remained steady at .805. Revenues from permits and fees are expected to be the same as the current year.

Budget expenditures in the General Fund have been decreased over last year amounts.

Business Type Activities:

Water District II and Water District III will no longer charge district taxes. Rates for landfill user services will not change from the fiscal year ended June 30, 2015.

Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Director of Finance, Columbus County, 111 Washington Street, Whiteville, NC 28472. You can also call (910)-642-6825, visit our website www.columbusco.org or send an email to bfaircloth@columbusco.org for more information.

Balance Sheet
Governmental Funds
June 30, 2015

Amounts reported for governmental activities in the statement of net position (Exhibit 1) are different because:

Total Fund Balance - Governmental Funds	\$ 36,548,329
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.	32,421,586
Amounts by which the investment balances differ (cost is recorded on the fund statements and market is recorded on the government-wide statements)	199
Other long-term assets are not available to pay for current-period expenditures and therefore are unavailable in the funds.	420,111
Net Pension Asset	1,754,983
Contributions to pension plans in the current fiscal year are deferred outflows of resources on the Statement of Net Position	
LGERS	1,177,222
ROD	5,080
Deferred outflows related to pensions	
LGERS	62,056
ROD	954
Liabilities for deferred inflows of resources reported in the fund statements but not the government-wide.	2,414,895
Pension Related Deferrals	
LGERS	(4,023,975)
ROD	(19,639)
Liabilities that, because they are not due and payable in the current period, do not require current resources to pay and are therefore not reported in the fund statements:	
Bonds, leases, and installment financing	(15,032,762)
Compensated absences	(1,462,645)
Pension plan obligation	(568,324)
Other Post Employment Benefits	(14,742,352)
Accrued interest payable	(76,578)
Net position of governmental activities	<u>\$ 38,879,140</u>

Columbus County, North Carolina
Statement of Revenues, Expenditures, and Changes in Fund Balance
Governmental Funds
For the Year Ended June 30, 2015

Amounts reported for governmental activities in the statement of activities are different because:

Net changes in fund balances - total governmental funds	\$ (1,511,098)
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities	4,416,567
Depreciation expense, the allocation of those assets over their useful lives, that is recorded on the statement of activities but not in the fund statements.	(1,570,405)
Contributions to the pension plan in the current fiscal year are not included on the Statement of Activities	1,182,302
New debt issued during the year is recorded as a source of funds on the fund statements; it has no effect on the statement of activities -- it affects only the government-wide statement of net position.	(351,262)
Principal payments on debt owed are recorded as a use of funds on the fund statements but again affect only the statement of net position in the government-wide statements.	2,230,675
Unrealized Gains (Losses) on Investments (difference between cost and market value)	14,757
Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements.	
Difference in interest expense between fund statements (modified accrual) and government-wide statements (full accrual).	7,659
Compensated absences are accrued in the government-wide statements but not in the fund statements because they do not use current resources.	124,747
(Increase) Decrease in unfunded pension obligation	(34,013)
(Increase) in Other Post Employment Benefits Liability	(1,677,798)
County's portion of collective pension expense	(107,750)
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements.	
Increase (decrease) in deferred revenue	(635,646)
Increase (decrease) in accrued taxes receivable	121,752
Total changes in net position of governmental activities	<u>\$ 2,210,487</u>

COLUMBUS COUNTY, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

NOTE I: Summary of Significant Accounting Policies

The accounting policies of Columbus County and its component unit conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by a seven-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally-separate entities for which the County is financially accountable. The blended component unit, although it is a legally separate entity, is, in substance, part of the County's operations. The discretely presented component unit presented below is reported in a separate column in the County's combined financial statements in order to emphasize that it is legally separate from the County.

Blended Component Unit

The blended presentation method presents component units as a department or unit of the County, and offers no separate presentation as with the discrete method.

Columbus County Water Districts

Columbus County Water District (the "District") exists to provide and maintain a water system for the county residents within the district. Under State law (G.S. 162A-89), the County's board of commissioners also serve as the governing board for the District. Therefore, the District is reported as enterprise funds in the County's financial statements. The District does not issue separate financial statements. There are five water districts.

Discretely Presented Component Unit

Columbus County Industrial Facility and Pollution Control Financing Authority (The "Authority") exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority is governed by a seven-member board of commissioners, all of whom are appointed by the county commissioners. The County can remove any commissioner of the Authority with or without cause. The Authority has no financial transactions or account balances; therefore, it is not presented in the combined financial statements. The Authority does not issue separate financial statements.

Columbus County Tourism Development Authority - The Columbus County Tourism Development Authority is a corporate body which operates the Tourism functions for Columbus County. The County's governing body appoints the Tourism Authority's board members. The County maintains budgetary control over the Tourism authority. The Tourism Authority, which has a June 30 year-end, is represented as if it were a special revenue fund.

Columbus Regional Healthcare System, Inc. (The "Hospital") is a public hospital operated by a not-for-profit corporation, which has leased the land on which the Hospital is located. The County appoints the board of trustees for the Hospital. The County has also borrowed funds for the improvement of the Hospital's facilities. The Hospital, which has a September 30 year-end, is presented as if it were a proprietary fund.

Complete financial statements for the Hospital may be obtained at the administrative offices of Columbus Regional Healthcare System at:

Columbus Regional Healthcare System
500 Jefferson Street
Whiteville, N.C. 28472

B. Basis of Presentation – Basis of Accounting

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type* activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental fund:

General Fund - This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Tax Revaluation Fund is a legally budgeted fund under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54, it is consolidated in the General Fund.

The County reports the following major enterprise funds:

Solid Waste Fund - accounts for the solid waste operations of the County.

Water District II - accounts for the operations of Water District II within the County.

Water District III - accounts for the operations of Water District III within the County.

Water District IV - accounts for the operations of Water District IV within the County.

Water District V - accounts for the operations of Water District V within the County.

COLUMBUS COUNTY, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

The County reports the following fund types:

Agency Funds. Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following Agency Funds: the Social Services Fund, which accounts for monies deposited with the Department of Social Services for the benefit of certain individuals; the Columbus County 4-H Fund which accounts for funds of the County's 4-H Chapters, the Sheriff's Civil Division Fund which accounts for money received and paid out during legal collection proceedings; the Inmates Trust Fund which accounts for inmates personal funds received and disbursed; the Home Loan Trust Fund, which accounts for money collected from insurance to rebuild a home that was owned by the CHAF program; and the Explorer Post 513 fund, which accounts for the money for the Post 113 activities.

Measurement Focus, Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements – The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

COLUMBUS COUNTY, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. As of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the County are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Special Revenue Funds (excluding the Capital Reserve Fund), and the Enterprise Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Capital Projects Fund, the Capital Reserve Fund, and the Enterprise Capital Project Funds, which are consolidated with the enterprise operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for the General Fund, at the departmental level for the Special Revenue and the Enterprise Funds, and at the object level for the Capital Project Funds. The balances in the Capital Reserve Fund will be appropriated when transferred to a Capital Projects Fund in accordance with the project ordinance adopted for the Reserve fund. The County Administrator is authorized by the budget ordinance to transfer any appropriations between functional areas within a fund; however, any revisions that alter total expenditures of any fund must be approved by the governing board. During the year, several immaterial amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

D. Assets, Liabilities, Deferred Inflows and Outflows, and Fund Equity

1. Deposits and Investments

All deposits of the County, Tourism Authority, and Columbus Regional Healthcare System are made in board-designated official depositories and are secured as required by G.S. 159-31. The County, Tourism Authority, and the Hospital may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County, Tourism Authority, and the Hospital may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

State Law [G.S. 159-30(c)] authorizes the County, Tourism Authority, and the Hospital to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; and the North Carolina Capital Management Trust (NCCMT).

The County, Tourism Authority, and the Hospital's investments are carried at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, an SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost.

2. Cash and Cash Equivalents

The County pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. Columbus Regional Healthcare System considers demand deposits and investments purchased with an original maturity of three months or less, which are not limited as to use, to be cash and cash equivalents.

3. Restricted Assets

The unexpended bond proceeds of the District's Serial Bonds are classified as restricted with the Water District Funds because their use is completely restricted to the purpose for which the bonds were originally issued. Customer deposits held by the County before any services are supplied are restricted to the service for which the deposit was collected. Money in the Tax Revaluation Fund is also classified as restricted assets because its use is restricted per North Carolina General Statute 153A-150.

Governmental Activities

General Fund	Tax Revaluation	\$ 138,939
General Fund	Unexpended grant proceeds / restricted for purpose	75,787
Capital Projects Funds	Unexpended loan proceeds	1,005,243
Total Governmental Activities		<u>\$ 1,219,969</u>

Business-Type Activities

Water District I	Customer deposits	\$ 37,695
Water District II	Customer deposits	78,599
Water District III	Customer deposits	50,304
Water District IV	Customer deposits	40,533
Water District IV	Restricted per USDA	29,117
Water District V	Customer deposits	25,825
Total Business-Type Activities		<u>\$ 262,073</u>

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2014. As allowed by State law, the County has established a schedule of discounts that apply to taxes, which are paid prior to the due date. In the County's General Fund, ad valorem tax revenues are reported net of such discounts.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

5. Allowance for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventories and Prepaid Items

The inventories of the County and the Hospital are valued at cost (first in, first out), which approximates market. The County's General Fund inventory consists of expendable supplies that are recorded as expenditures when purchased.

The inventory of the County's enterprise funds as well as those of the Hospital consists of materials and supplies held for consumption. The cost of the inventory carried in the County's enterprise funds and that of the Hospital is recorded as an expense as it is consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. Minimum capitalization costs are \$5,000 for all classes of assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Columbus County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as fixed assets in the financial statements of the Columbus County Board of Education.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	<u>Years</u>
Buildings	30
Improvements	20
Furniture and Equipment	15
Vehicles	5
Computer Equipment	3

For the Hospital, depreciation is computed by the straight-line method over the estimated useful lives of the assets as follows:

	<u>Useful Life</u>
Land Improvements	10-25 Years
Buildings and Improvements	10-40 Years
Equipment:	
Fixed	10-25 Years
Major Moveable	5-15 Years
Major Office	3-20 Years
Major Furnishings	5-20 Years
Major Food Service and Housekeeping	5-15 Years

8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has two items that meet this criterion - pension related deferrals, and contributions made to the pension plan in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has three items that meet the criterion for this category - prepaid taxes, special assessments receivable, and other pension related deferrals.

9. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as an other financing source.

10. Compensated Absences

The vacation policies of the County and the Hospital provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the County's government-wide, proprietary funds, and the Hospital, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned.

The sick leave policies of the County and the Hospital provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the County nor the Hospital have any obligation for accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets; restricted; and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - portion of fund balance that is not an available resource because it represents the year-end balance of ending inventories, which are not spendable resources.

COLUMBUS COUNTY, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

Restricted Fund Balance - This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization of State Statute - portion of fund balance that is restricted by State Statute [G.S. 159-8(a)].

Public Safety - portion of fund balance that is restricted by revenue source for fire protection, emergency services, law enforcement, and emergency telephone purposes.

Restricted for Transportation - portion of fund balance that is restricted for Transportation services.

Economic Development - portion of fund balance that is restricted by revenue source for economic development purposes.

Airport Improvements - portion of fund balance that is restricted by revenue source for airport improvement projects.

Committed Fund Balance - Portion of fund balance that can only be used for specific purpose imposed by majority vote of Columbus County's governing body (highest level of decision making authority). Any changes or removal of specific purposes requires majority action by the governing body.

Tax Revaluation - portion of fund balance that is committed for tax revaluation.

No Till Drill - portion of fund balance that is committed for repairs and replacement of the No Till Drill that is rented out by the County.

ROD Automation Enhancement - portion of fund balance that is committed for automation enhancement.

Health Department - portion of fund balance that is committed for the Health Department.

Debt Service - portion of fund balance that is committed for debt service.

Fall soccer league - portion of fund balance that is committed for Fall Soccer League.

Various - portion of fund balance that is committed for other purposes.

Assigned Fund Balance - portion of fund balance that the Columbus County governing board has budgeted.

Subsequent year's expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.

Unassigned Fund Balance - portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

Columbus County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, and county funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it's in the best interest of the County.

Columbus County has not adopted a minimum fund balance policy for the General Fund.

COLUMBUS COUNTY, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

NOTE II: Stewardship, Compliance and Accountability

Deficit Fund Balance or Net Position of Individual Funds

The Special Service District Fund, Rescue Tax Fund, 2013 Single Family Rehab Grant fund, and 2013 Urgent Repair Program Funds had deficit fund balances of \$899, \$296, \$9,594, and \$115 respectively at June 30, 2015. In addition, the Courthouse Renovation Capital Project and the E911 Project Radio Funds had deficit fund balances of \$289,823 and \$68,859, respectively, at June 30, 2015. This is mainly a result of timing differences between expending money for the project and receiving the grant money and the local match from the County. The General Fund covers the deficits.

Excess of Expenditures over Appropriations

Education was overspent by \$269,496 as a result of sales tax payments to the Schools being miscoded during the year. The County will review these expenditures more closely in the future.

NOTE III: Detail Notes on All Funds

A. Assets

1. Deposits

All of the County's and the Hospital's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's and the Hospital's agent in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County and the Hospital, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County or the Hospital or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County or the Hospital under the Pooling Method, the potential exists for the under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County and Hospital rely on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County and the Hospital do not have formal policies regarding custodial credit risk for deposits.

At June 30, 2015 the County's deposits had a carrying amount of \$7,545,515 and a bank balance of \$7,643,977. Of the carrying amount \$4,395 was cash on hand. Of the bank balance, \$1,408,173 was covered by federal depository insurance; the remaining \$6,235,804 was covered by collateral held under the Pooling Method.

At June 30, 2015, the Tourism Authority's deposits had a carrying amount of \$137,974 and a bank balance of \$138,786. All of the bank balance was covered by federal depository insurance.

At September 30, 2014, the Hospital's deposits had a carrying amount of \$6,006,471 and a bank balance of \$7,033,671. Of the carrying amount, \$5,865 was cash on hand. Of the bank balance, \$ 559,923 was covered by federal depository insurance; the remaining \$1,634,736 was covered by collateral held by authorized escrow agents in the name of the State Treasurer.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

2. Investments

At June 30, 2015, the County had the following investments and maturities.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than 6 Months</u>	<u>6 - 12 Months</u>	<u>1 - 3 Years</u>
U.S. Government Agencies	\$ 12,719,357	\$ -	\$ -	\$ 12,719,357
Commercial Paper	997,044	-	-	-
NC Capital Management Trust - Cash Portfolio	13,504,452	N/A	N/A	N/A
NC Capital Management Trust - Term Portfolio **	5,005,603	5,005,603	-	-
TOTAL	\$ 32,226,456	\$ 5,005,603	\$ -	\$ 12,719,357

** Because the NC Capital Management Trust Term Portfolio had a duration of 0.23 years, it was presented as in investment with a maturity of less than 6 months.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy limits at least half of the County's investment portfolio to maturities of less than 12 months. Also, the County's investment policy requires purchases of securities to be laddered with staggered maturity dates and limits all securities to a final maturity of no more than three years.

Credit Risk. The County limits investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs). The County's investments in the NC Capital Management Trust Cash Portfolio carried a credit rating of AAAM by Standard & Poor's as of June 30, 2014. The County's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the US government and agencies, and in high grade money market instruments as permitted under North Carolina General Statutes 159-30 as amended.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no policy on custodial credit risk.

Concentration of Credit Risk. The County places no limit on the amount that the County may invest in any one issuer.

At September 30, 2014, the Hospital's investments consisted of the following:

Investment Type	Fair Value	Less Than One Year	1 - 5 Years	Over 5 Years
Designated as funded depreciation:				
Cash and short-term investments	\$ 3,969,676	\$ 3,969,676	\$ -	\$ -
U.S. Treasury obligations and agency obligations	25,185,938	-	342,988	24,842,950
Pooled investment funds	9,650,636	9,650,636	-	-

	\$ 38,954,789	\$ 13,768,851	\$ 342,988	\$ 24,842,950
Restricted by donors or grantors for specific purposes:				
Cash and short-term investments	\$ 398,791	\$ 398,791	\$ -	\$ -
Escrow held by agent for workers compensation:				
Cash and short-term investments	\$ 12,626	\$ 12,626	\$ -	\$ -
Total:	\$ 39,366,206	\$ 14,180,268	\$ 342,988	\$ 24,842,950

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

3. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forest land may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

Year Levied	Tax	Interest	Total
2012	\$ 1,171,362	\$ 330,910	\$ 1,502,272
2013	1,363,020	262,381	1,625,401
2014	1,362,726	139,679	1,502,405
Total	<u>\$ 3,897,108</u>	<u>\$ 732,970</u>	<u>\$ 4,630,078</u>

4. Receivables

Receivables at the government-wide level at June 30, 2015, were as follows:

	Accounts	Taxes and Related Accrued Interest	Special Assessments	Due From Other Governments	Total
Governmental Activities:					
General	\$ 2,349,120	\$ 3,503,447	\$ -	\$ 2,567,435	\$ 8,420,002

Total Business-Type Activities	\$ 360,212	\$ -	\$ 360,212

2. Pension Plan Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic postretirement benefit increases. Increases are contingent upon actuarial gains of the plan.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2015, was 7.41% of compensation for law enforcement officers and 7.07% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$1,214,408 for the year ended June 30, 2015.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related

At June 30, 2015, the County reported an asset of \$1,703,186 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2015. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2013. The total pension liability was then rolled forward to the measurement date of June 30, 2015 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2015, the County's proportion was 0.2888%, which was an increase of 0.0006% from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the County recognized pension expense of \$122,825. At June 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 186,103
Net difference between projected and actual earnings on pension plan	-	3,964,981
Changes in proportion and differences between County Contributions and	64,017	-
County contributions subsequent to the measurement date	1,214,408	-
Total	<u>\$ 1,278,425</u>	<u>\$ 4,151,084</u>

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

\$1,214,408 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2016. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:

2016	\$ (1,021,843)
2017	(1,021,843)
2018	(1,021,843)
2019	(1,021,537)
2020	-
Thereafter	-

Actuarial Assumptions. The total pension liability in the December 31, 2013 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 Percent
Salary Increases	4.25 to 8.55 percent, including inflation and productivity factor
Investment Rate of Return	7.25 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2013 valuation were based on the results of an actuarial experience study for the period January 1, 2005 through December 31, 2009.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2015 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	36%	2.5%
Global Equity	41%	6.1%
Real Estate	8%	5.7%
Alternatives	7%	10.5%
Credit	5%	6.8%
Inflation Protection	5%	3.7%

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

The information above is based on 30 year expectations developed with the consulting actuary for the 2013 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.19%. All rates of return and inflation are annualized.

A new asset allocation policy was finalized during the fiscal year ended June 30, 2014 to be effective July 1, 2014. The new asset allocation policy utilizes different asset classes, changes in the structure of certain asset classes, and adopts new benchmarks. Using the asset class categories in the preceding table, the new long-term expected arithmetic real rates of return are: Fixed Income 2.2%, Global Equity 5.8%, Real Estate 5.2%, Alternatives 9.8%, Credit 6.8% and Inflation Protection 3.4%.

Discount rate. The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s proportionate share of the net pension asset to changes in the discount rate. The following presents the County’s proportionate share of the net pension asset calculated using the discount rate of 7.25 percent, as well as what the County’s proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25 percent) or 1-percentage-point higher (8.25 percent) than the current rate:

	1% Decrease (6.25%)	Discount Rate (7.25%)	1% Increase (8.25%)
County's proportionate share of the net pension liability (asset)	5,781,354	(1,703,186)	(8,004,929)

Pension plan fiduciary net position. Detailed information about the pension plan’s fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

b. Law Enforcement Officers' Special Separation Allowance

1 *Plan Description*

Columbus County administers a public employee retirement system (*the Separation Allowance*), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers. The Separation allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2013, the Separation Allowance's membership consisted of:

Retirees receiving benefits	6
Terminated plan members entitled to but not yet receiving benefits	0
Active plan members	87
Total	93

A separate report was not issued for the plan.

Summary of Significant Accounting Policies:

Basis of Accounting - The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting.

Method Used to Value Investments - No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Contributions

The County is required by article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions by employees.

The annual required contributions for the current year was determined as part of the December 31, 2013 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions include (a) 5.00% investment rate of return (net of administrative expenses) and (b) projected salary increases ranging from 4.25% to 7.85% per year. Both (a) and (b) included an inflation component of 3.00%. The assumptions did not include postretirement benefit increases. The actuarial value of assets was determined using the market value of investments. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2013 was 17 years.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

Annual Pension Cost and Net Pension Obligation – The County’s annual pension cost and net pension obligation to the Separation Allowance for the current year were as follows:

Annual required contribution	\$ 122,242
Interest on net pension obligation	26,716
Adjustment to annual required contribution	<u>(45,136)</u>
Annual pension cost	103,822
Contributions made	<u>69,809</u>
Increase (decrease) in net pension obligation	34,013
Net pension obligation beginning of year	<u>534,311</u>
Net pension obligation end of year	<u><u>\$ 568,324</u></u>

3 Year Trend Information

Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/2013	\$ 99,801	67.79%	\$ 511,005
6/30/2014	84,805	72.52%	534,311
6/30/2015	103,822	67.24%	568,324

Funded Status and Funding Progress

As of December 31, 2014, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits was \$928,570, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$928,570. The covered payroll (annual payroll of active employees covered by the plan) was \$2,927,007, and the ratio of the UAAL to the covered payroll was 31.72%.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description - The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of the State Treasurer and a Board of Trustees. The plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State’s CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy - Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2015 were \$166,438, which consisted of \$130,709 from the County and \$35,729 from the law enforcement officers.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

d. Registers of Deeds' Supplemental Pension Fund

Plan Description. also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, defined benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$5,080 for the year ended June 30, 2015.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related

At June 30, 2015, the County reported an asset of \$103,946 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2014. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2013. The total pension liability was then rolled forward to the measurement date of June 30, 2014 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating RODSPF employers, actuarially determined. At June 30, 2014, the County's proportion was 0.4586%, which was an increase of 0.1299% from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the County recognized pension revenue of \$11,315. At June 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 954	\$ -
Net difference between projected and actual earnings on pension plan	-	559
Changes in proportion and differences between County Contributions and County contributions subsequent to the measurement date	-	19,080
	5,080	-
Total	<u>\$ 6,034</u>	<u>\$ 19,639</u>

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

\$5,080 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2016. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:	
2016	\$ (8,379)
2017	(8,379)
2018	(1,788)
2019	(140)
2020	-
Thereafter	-

Actuarial Assumptions. The total pension liability in the December 31, 2013 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 Percent
Salary Increases	4.25 to 7.75 percent, including inflation and productivity factor
Investment Rate of Return	5.75 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2013 valuation were based on the results of an actuarial experience study for the period January 1, 2005 through December 31, 2009.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2014 is 2.5%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2013 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.19%. All rates of return and inflation are annualized.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

Discount rate. The discount rate used to measure the total pension liability was 5.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s proportionate share of the net pension asset to changes in the discount rate. The following presents the County’s proportionate share of the net pension asset calculated using the discount rate of 5.75 percent, as well as what the County’s proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (4.75 percent) or 1-percentage-point higher (6.75 percent) than the current rate:

	1% Decrease (6.25%)	Discount Rate (7.25%)	1% Increase (8.25%)
County's proportionate share of the net pension liability (asset)	(93,339)	(103,946)	(113,063)

Pension plan fiduciary net position. Detailed information about the pension plan’s fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

e. Other Postemployment Benefits

Plan Description. According to a County resolution, the County provides healthcare benefits through the Healthcare Benefits Plan (HCB Plan). This plan provides postemployment healthcare benefits to retirees of the County who participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty consecutive years of service or who through disability retirement has five years of creditable service with the County. The County pays the full cost of coverage for these benefits until age 65, at which time the County offers a Medicare Supplement. Also, retirees can purchase coverage for their dependents at the County's group rates. The Board of Commissioners may amend the benefit provisions. A separate report was not issued for the plan.

Membership of the HCB Plan consisted of the following at December 31, 2013, the date of the latest actuarial valuation:

	General Employees	Law Enforcement Officers
Retirees receiving benefits	68	14

Active Plan members	441	77
Total	<u>509</u>	<u>91</u>

Funding Policy. The County pays the full cost of coverage for the healthcare benefits paid to qualified retirees under a County resolution that can be amended by the Board of Commissioners. The County has chosen to fund the healthcare benefits on a pay as you go basis.

The current ARC rate is 12.31% of annual covered payroll. For the current year, the County contributed \$452,348 or 2.56% of annual covered payroll. The County obtains healthcare coverage through private insurers. The County’s required contributions, under a Board resolution, for employees not engaged in law enforcement and for law enforcement officers represented 2.58% and 2.48% of covered payroll, respectively. There were no contributions made by employees. The County’s obligation to contribute to HCB Plan is established and may be amended by the Board of Commissioners.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

Summary of Significant Accounting Policies. Postemployment expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Annual OPEB Cost and Net OPEB Obligation. The County’s annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following table shows the components of the County’s annual OPEB cost for the current year, the amount actually contributed to the plan, and changes in the County’s net OPEB obligation for the postemployment healthcare benefits:

Annual required contribution	\$ 2,175,880
Interest on net OPEB obligation	471,747
Adjustment to annual required contribution	<u>(450,665)</u>
Annual OPEB cost (expense)	\$ 2,196,962
Contributions made	<u>(452,348)</u>
Increase (decrease) in net OPEB obligation	\$ 1,744,614
Net OPEB obligation, beginning of year	<u>13,527,052</u>
Net OPEB obligation, end of year	<u><u>\$ 15,271,666</u></u>

The County’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 were as follows:

For Year Ended June 30	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
2012	\$ 2,808,044	11.9%	\$ 9,750,495
2013	\$ 2,362,704	13.5%	\$ 11,793,679
2014	\$ 2,196,962	21.1%	\$ 13,527,052
2015	\$ 2,196,962	20.6%	\$ 15,271,666

Funded Status and Funding Progress. As of December 31, 2013, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial liability (UAAL) was \$23,488,123. The covered payroll (annual payroll of active employees covered by the plan) was \$17,058,535, and the ratio of UAAL to the covered payroll was 137.7 percent. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value assets, consistent with the long-term perspective of the calculations.

In the December 31, 2013, actuarial valuation, the projected unit credit method was used. The actuarial assumptions included a 4.0 percent investment rate of return (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer’s own investments calculated based on the funded level of the plan at the valuation date. The rate included a 3.00 percent inflation assumption. The medical cost trend rate varied between 7.75% and 5.00%. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five year period. The UAAL is being amortized as a level percentage of projected unit credit on a level percent of pay, open basis. The remaining amortization period at December 31, 2013, was 30 years.

f. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the County does not determine the number of participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are established for employees not engaged in laws enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

g. Columbus Regional Healthcare System Pension Plan

The Pension Plan of the Columbus Regional Healthcare System, Inc. is a noncontributory defined benefit plan that covers substantially all employees. The contributions of the System are made in amounts sufficient to fund the plan's current service cost.

Annual Pension Cost and Net Pension Obligation

The System’s annual pension cost and net pension obligation to the Plan for the years ended September 30, were as follows:

	2014	2013
Prepaid pension cost (accrued pension liability), beginning of year	\$ 858,214	\$ 500,971
Annual pension cost	-	(657,757)
Actual contributions	176,000	1,015,000
Prepaid pension cost, end of year	<u>\$ 1,034,214</u>	<u>\$ 858,214</u>

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

Assumptions used in the accounting for net periodic pension cost were as follows at September 30:

	<u>2014</u>	<u>2013</u>
Discount rate	7.50%	7.50%
Rates of increase in compensation level	0.00%	4.00%
Expected long-term rate of return on plan assets	7.50%	7.50%
Asset valuation method	Market	Market

The following table sets forth the Plan's funded status and amounts recognized in the Hospital's financial statements at September 30:

	<u>2014</u>	<u>2013</u>
1) Projected benefit obligation	\$(16,512,716)	\$(15,340,294)
2) Plan assets at fair value	17,833,574	15,789,011
3) Funded status = (1) + (2)	1,320,858	448,717
4) Unrecognized net transition obligation (asset)	-	-
5) Unrecognized prior service cost	-	-
6) Unrecognized net (gain) or loss	(286,644)	409,497
7) (Accrued)/prepaid pension expense = (3) + (4) + (5) + (6)	<u>\$ 1,034,214</u>	<u>\$ 858,214</u>

Please see the separately issued financial report of Columbus Regional Healthcare Center for a complete description of the Hospital pension plan.

3. Closure and Post closure Care Costs - Columbus County Landfill

State and Federal laws and regulations require the County to place a final cover on its Columbus County Landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The County paid \$0 as landfill closure and post closure care liability during the year ended June 30, 2015; representing the balance outstanding on the contract the County had entered into with a private contractor to close and monitor the landfill. The County did close the Columbus County Landfill at the end of 1997. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The County has met the requirements of a local government financial test that is one option under State and federal laws and regulations that help determine if a unit is financially able to meet closure and post closure care requirements.

5. Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County participates in three self-funded risk financing pools administered by the North Carolina Association of County Commissioners. Through these pools, the County obtains property coverage equal to replacement cost values of owned property subject to a limit of \$48.3 million for any one occurrence, general liability coverage of \$2 million per occurrence, and workers compensation coverage. The pools are audited annually by certified public accountants, and the audited financial statements are available to the County upon request. The County also has flood insurance through the pool with a \$25,000 limit per occurrence.

In accordance with G.S. 159-29, the County's employees that access to \$100 or more at any given time of the County's funds are performance bonded through a commercial surety bond. The Finance director is bonded for \$50,000, the Sheriff is bonded for \$50,000, and the tax collector, deputy tax collector, and public housing director are individually bonded for \$25,000 each. The Register of Deeds is also individually bonded for \$10,000. The remaining employees that have access to funds are bonded under a blanket bond of \$250,000.

The County carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

Columbus Regional Healthcare System is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and medical malpractice. The Hospital carries commercial insurance for these risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

6. Contingent Liabilities

At June 30, 2015, the County was a defendant to various lawsuits. In the opinion of management and the County management and the County's attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

b. General Obligation Indebtedness

All general obligation bonds serviced by the County's General Fund are collateralized by the full faith, credit, and taxing power of the County. The County's Water Districts issue general obligation bonds to provide funds for the acquisition and construction of major water system capital improvements. These bonds, which are recorded in the Water Districts' funds, are collateralized by the full faith, credit, and taxing power of the District. Principal and interest payments are appropriated when due.

The County's general obligation bonds payable at June 30, 2015 are comprised of the following individual issues:

Serviced by Water District Funds:

\$6,500,000 - Columbus County Water & Sewer District II Series 2002 bonds to U.S. Department of Rural Development, due in annual payments ranging from \$68,000 to \$272,000 plus interest at 4.75% on \$4,109,000 and \$2,391,000 respectively. \$ 5,434,500

\$5,271,000 - Columbus County Water & Sewer District III Series 2002 bonds to U.S. Department of Rural Development, due in annual payments ranging from \$55,000 to \$220,000 plus interest at 4.75%. 4,405,000

\$4,564,000 - Columbus County Water & Sewer District V Series 2008 bonds to U.S. Department of Rural Development, due in annual payments ranging from \$50,000 to \$200,000 plus interest at 4.375%. 4,228,000

\$4,113,000 - Columbus County Water & Sewer District IV Series 2010 bonds to U.S. Department of Rural Development, due in annual payments ranging from \$52,000 to \$191,000 plus interest at 3.75%. 3,953,000

d. Revenue Bonds

In January 2002, the County issued \$845,000 of Revenue Bonds to finance capital improvements for Water District II. At 4.75% interest, the interest on the bonds is payable annually on June 1. The revenue bonds mature through June 1, 2041. The principal and interest on the bonds are payable from the net revenues of Water District II. The revenue bonds do not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any of the County's property or upon its income, receipts, or revenues. The taxing power of the County is not pledged for the payment of the principal or interest on the revenue bonds, and no owner has the right to compel the exercise of the taxing power of the County or the forfeiture of any of its property in connection with any default under the bond order.

The County has been in compliance with covenants as to rates, fees, rentals and charges in Section 5.01 of the Bond Order, authorizing the issuance of the Water Revenue Bonds since its adoption in 2002. Section 5.01(b) of the Bond Order requires the debt service coverage ratio to be no less than 110% of the revenue bond debt service and no less than 100% of the total district debt service obligations. The debt service coverage ratio calculation for the year ended June 30, 2015, is as follows:

Operating Revenues	\$ 474,797	
Operating Expenses*	286,373	
Operating income	<hr/> 188,424	
Nonoperating revenues (expenses)**	(119,903)	
Income available for debt service	<hr/> 68,521	
Debt service, principal and interest paid (Revenue Bond only)	\$ 48,819	
All debt service (excluding interest included in nonoperating expenditures above)		\$ 196,652
Debt service coverage ratio	140.36%	34.84%

*Per rate covenants, this does not include depreciation expense of \$369,332 and OPEB expense of \$9,086

**Does not include revenue bond interest paid of \$34,319

Long-term Debt	\$ 25,605,000	\$ -	\$ (945,000)	\$ 26,550,000	\$ 990,000
----------------	---------------	------	--------------	---------------	------------

In October 1996, the County entered into an Installment Financing Contract with a financial institution under North Carolina General Statute 160A-20 whereby the institution approved a loan of \$12,000,000 to finance construction of additions to and the renovation of Columbus Regional Hospital to provide expanded or improved facilities in the areas of surgery, ambulatory services and cardiopulmonary and to relocate the physical therapy department

In October 2009, the County refinanced the Installment Financing Contract with another financial institution and thereby lowered the interest rate to 3.67% and the semi-annual installments, including interest, to \$462,560, maturing September 2016. The note is secured by a deed of trust on real property. Columbus Regional Healthcare System (the "System") is not directly obligated to the financial institution to make payments on the Installment Note; however, under the Lease with the County, principal and interest payments on the Installment Note are paid by the System. The County has not pledged its full faith and credit to secure the Installment Note. The note payable was paid off in full with the issuance of Series 2013A Bonds.

At June 30, 2015, Columbus County had a legal debt margin of approximately \$269,135,179.

C. Interfund Balances and Activity

Interfund receivables/payables at June 30, 2015, consist of the following:

Payable from the General fund to the Transportation fund to reclass beginning fund balance to the proper fund. Transportation was separated from the General fund in the 2013-14 into a separate Special Revenue fund.	\$ 33,902
Total Interfund balances	<u>\$ 33,902</u>

Transfers to/from other funds at June 30, 2015, consist of the following:

Transfer from General fund to Revaluation fund to provide additional resources.	\$ 20,000
Transfer from General fund to Transportation Fund to provide County match for projects.	42,360
Transfer from Transportation Fund to the E-911 Project to provide resources for project.	14,000
Transfer from the Water District II fund to the General Fund to repay resources provided for payment of Water District expenses in prior years.	89,837
Transfer from the Water District III fund to the General Fund to repay resources provided for payment of Water District expenses in prior years.	76,230
Transfer from the Transportation Fund to the General Fund.	11,284
Transfer from the General Fund to the Debt Service Fund to cover expenditures.	1,268,265
Total Transfers	<u>\$ 1,521,976</u>

Net investment in capital assets	<u>\$ 22,381,404</u>	<u>\$ 15,415,248</u>

E. Fund Balance

Columbus County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, and county funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it's in the best interest of the County.

The following schedule provides management and citizens with information on the portion of General Fund balance that is available for appropriations:

<u>Total Fund Balance - General Fund</u>	<u>\$ 35,301,397</u>
Less:	
Inventories	\$ 83,089
Prepaid Expenses	249,500
Stabilization by State Statute	5,850,957

Various	82,278
Working Capital / Fund Balance Policy	-
<u>Remaining Fund Balance</u>	<u>\$ 21,772,146</u>

The County had no outstanding encumbrances at June 30, 2015.

NOTE IV: Related Organizations

Waccamaw Siouan - Development Association, Inc. (WSDA)

The WSDA is a non-profit organization which is primarily funded through Administration for Native American Grants, Community Development Block Grants (CDBG) and other funding from private foundations, federal and State granting agencies. The association serves approximately 1500 Indian People in Bladen and Columbus Counties, North Carolina. It is governed by a Board of Directors elected annually by the people it serves.

COLUMBUS COUNTY, NORTH CAROLINA
 NOTES TO THE FINANCIAL STATEMENTS
 For the Year Ended June 30, 2015

NOTE V: Joint Ventures

The County, in conjunction with the State of North Carolina and the Columbus County Board of Education, participates in a joint venture to operate Southeastern Community College. Each of the three participants appoints four members of the thirteen-member board of trustees of the community college. The president of the community college's student government serves as an ex officio nonvoting member of the community college's board of trustees. The community college is included as a component unit of the State. The county has the basic responsibility for providing funding for the facilities of the community college and also provides some financial support for the community college's operations. In addition to providing annual appropriations for the facilities, the County periodically issues general obligation bonds to provide financing for new restructured facilities. The County has an ongoing responsibility for the community college because of the statutory responsibilities to provide funding for the community college's facilities. The County contributed \$1,292,724 and \$137,892 to the community college for operating and capital purposes, respectively, during the fiscal year ended June 30, 2015. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2015. Complete financial statements for the community college may be obtained from the community college's administrative offices at Whiteville, NC 28472.

NOTE VI: Jointly Governed Organization

Columbus County appoints one member, out of a total of thirteen members, to the Lower Cape Fear Water and Sewer Authority Board (Authority). Four other counties and one municipality appoint the other board members. The Authority exists to provide water to various entities. Its revenues are derived from water sales. Columbus County has no ongoing financial interest or responsibility for the authority.

The County, in conjunction with four other counties and twenty-two municipalities, established the Cape Fear Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The County paid membership fees of \$23,380 to the Council during the fiscal year ended June 30, 2015. The County was the sub-recipient of various grants from the U.S. Department of Health and Human Services and the Division of Aging of the North Carolina Department of Human Resources, which was passed through the Council.

NOTE VII Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients, which do not appear in the general purpose financial statements because they are not revenues and expenditures of the County.

	<u>Federal</u>	<u>State</u>
Temporary Assistance to Needy Families	\$ 607,056	\$ -
Medicaid	75,940,830	42,327,990
Children's Insurance Program (CHIP)	813,183	259,300
Energy assistance	424,930	-
Special Supplemental Nutrition Program for Women, Infants, and Children	1,495,005	-
Total	<u>\$ 79,281,004</u>	<u>\$ 42,587,290</u>

COLUMBUS COUNTY, NORTH CAROLINA
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2015

NOTE VII Summary Disclosure of Significant Contingencies
Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

NOTE IX: Related Party Transactions

Giles "Buddy" Byrd, a commissioner of Columbus County, is also a member of Byrd Family, LLC, which owns property that the County leases for use as a Convenience / Recycling Center. The lease is for a five year term, and the LLC receives \$2,500 per year for the lease. This lease was negotiated prior to Mr. Byrd becoming a commissioner.

Edwin Russ, a commissioner of Columbus County, also owns a business (Southern Tire and Muffler). The County paid this company \$17,946 for services during the year.

NOTE X: Subsequent Events

On December 1, 2015, the County issued \$13,735,000 in Limited Obligation Bonds and \$1,337,000 in Water District Bonds (Water District IV).

NOTE X: Restatement of Fund Balance

The County implemented Governmental Accounting Standards Board (GASB) statement 68, Accounting and Financial Reporting for Pensions (an amendment of GASB Statement No. 27), in the fiscal year ending June 30, 2015. The implementation of the statement required the County to record beginning net pension liability and the effects on net position of contributions made by the County during the measurement period (fiscal year ending June 30, 2014). As a result, net position for the governmental and business-type activities decreased by \$2,117,871 and \$69,236, respectively.

ENTERPRISE FUND

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

COMPLIANCE SECTION

Report On Internal Control Over Financial Reporting And On Compliance and
Other Matters Based On An Audit Of Financial Statements Performed In Accordance With
Government Auditing Standards

Independent Auditors' Report

To the Board of County Commissioners
Columbus County
Whiteville, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Columbus County, North Carolina, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprises Columbus County's basic financial statements, and have issued our report thereon dated December 7, 2015. Our report includes a reference to other auditors who audited the financial statements of the Columbus Regional Healthcare System as described in our report on Columbus County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Columbus Regional Healthcare System and Columbus County Tourism Development Authority were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Columbus County's internal control over financial reporting (internal control) to determine the audit procedure that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Columbus County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

Our consideration of the internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and responses, we identified certain deficiencies in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be a material weakness [2015-01].

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify items that we considered to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Columbus County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Columbus County's Response to Findings

Columbus County's response to the findings identified in our audit are described in the accompanying schedule of findings and responses. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance With Requirements Applicable To Each Major Federal
Program And Internal Control Over Compliance In Accordance With OMB
Circular A-133 and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of County Commissioners
Columbus County
Whiteville, North Carolina

Report on Compliance for Each Major Federal Program

We have audited Columbus County, North Carolina's, compliance with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Columbus County's major federal programs for the year ended June 30, 2015. Columbus County's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Columbus County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Columbus County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Columbus County compliance.

Opinion on Each Major Federal Program

In our opinion, Columbus County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Columbus County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Columbus County's internal control over compliance with the types of requirements that could have direct and material effect on major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with type of compliance requirement of a federal program that is less severe than material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report On Compliance With Requirements Applicable To Each Major State
Program And Internal Control Over Compliance In Accordance With Applicable
Sections OMB Circular A-133 and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of County Commissioners
Columbus County
Whiteville, North Carolina

Report on Compliance for Each Major State Program

We have audited Columbus County, North Carolina's, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of Columbus County's major state programs for the year ended June 30, 2015. Columbus County's major state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Columbus County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in and applicable section of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Columbus County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Columbus County's compliance.

Opinion on Each Major State Program

In our opinion, Columbus County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Columbus County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Columbus County's internal control over compliance with the types of requirements that could have and material effect on a major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charges with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

COLUMBUS COUNTY, NORTH CAROLINA
Schedule of Findings and Questioned Costs
For the Year Ended June 30, 2015

Section II. Financial Statement Findings

Finding 2015-01 Reconciliation of Records

MATERIAL WEAKNESS

Criteria: Records should be reconciled timely.

Condition: The records (including bank reconciliations) were not timely reconciled. There were some accounts and balances that were not reconciled until five months after the close of the year.

Effect: Errors and other problems could occur and not be detected by management in a timely manner and could impact management's ability to have accurate information for decisions.

Cause: Other job duties took precedence over reconciling the records timely.

Recommendation: Of all of the duties of the finance staff, timely reconciliations of bank statements and general ledger accounts is very important. The Board should implement internal control procedures that will monitor accounts to ensure that accounts are timely reconciled to strengthen internal controls within the County.

Views of responsible officials and planned corrective actions: The County agrees with this finding. Efforts will be made to ensure timely reconciliations in the future.

Section III. Federal Award Findings and Questioned Costs

None Reported.

Section IV. State Award Findings and Questioned Costs

None Reported.

Notes to the Schedule of Federal and State Financial Awards:

1 Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Columbus County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2015. The information in this SEFSA is presented in accordance with the requirements of Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the State Single Audit Implementation Act. Because the SEFSA presents only a selected portion of the operations of Columbus County, it is not intended to and does not present the financial position, changes in net assets or cash flows of Columbus County.

2 Summary of Significant Accounting Policies

Expenditures reported in thee SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments* or cost principles contained in the Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursements. Pass-through entity identifying numbers are presented where available.
