## NORTH CAROLINA COLUMBUS COUNTY

I, Josephine F. Ray, Clerk to the Board of County Commissioners of Columbus County, do hereby certify the foregoing to be a true and perfect copy and transcript of a resolution duly adopted and passed by the Board of County Commissioners of Columbus County at its regular meeting held on February 4, 1957, at Whiteville, N. Clerk to the Board of County Commissiones of Columbus County

220

At a Regular Meeting of the Board of County Commissioners of Columbus County held in the Court House at Whiteville, North Carolina, at 10:00 o'clock A. M., on the 4th day of February, 1957, the following resolution with regard to the Soil Bank Program as it effects flue-cured tobacco was unanimously adopted, to-wit:

## RESOLUTION

WHEREAS one of the purposes of the acreage reserve phase of the Soil Bank
Program is to reduce surpluses, and further cut production of certain crops, and

WHEREAS the extent of participation by farmers in the Soil Bank is determined by the rate of pay per unit and/or acreage, and the limitation of maximum acreage for each commodity, and

WEEREAS tobacco farmers have been working under difficulties in order to adjust to the 12% flue-cured tobacco acreage cut in 1956, and

WHEREAS the additional 20% cut in acreage proposed for the 1957 tobacco crop, and the discounting of the heavier producting varieties by USDA, which may cut production still another 10%, will cause undue hardship on flue-cured tobacco farmers-and particularly small tobacco farmer-and also threatens the whole economic structure of agriculture and business in the flue-cured area, as they attempt to adjust to present economic conditions, and

WHEREAS producers of other farm commodities are receiving from 50 to 60% of parity for their acreage reductions, placed under the Soil Bank Program, as it now stands, tobacco farmers will be forced to take a 20% reduction in acreage or production without any compensation thereof, therefore,

BE IT RESOLVED: that the 20% reduction in flue-cured tobacco allotments for 1957 be eligible to be placed in the acreage reserve phase of the Soil Bank, and

That the maximum participation in the case of flue-cured tobacco be restored to five acres or 50% of the allotment, and

That the rate of payment for flue-cured tobacco placed in the Soil Bank be raised from 18 cents per pound to at least 50% of parity, which is a Comparable percentage to that for other farm commodities under the Soil Bank Program; and

That the Congress now in session appropriate the necessary funds for these needed Soil Bank requests.
