

The Honorable Board of County Commissioners met in their said office at 10:00 a.m., June 4, 1979, it being first Monday.

MEMBERS OF THE BOARD PRESENT:

C. Waldo Marlowe, Chairman

Junior W. Dew, Vice-Chairman

Edward W. Williamson

L. A. Hinson

David L. McPherson

James E. Hill, Jr., Attorney (Part-time) Emogene W. Suggs, Clerk

The meeting was called to order by the Chairman and the invocation was given by Rabbi Reuben Kesner.

The minutes of the May 21st meeting were approved as recorded upon motion by Commissioner McPherson and seconded by Commissioner Hinson.

The following tax releases were approved upon motion by Commissioner McPherson and seconded by Commissioner Dew and upon the recommendation of the Tax Supervisor:

Ordered: that the 1978 taxes listed in the name of Robert Edward & Billie Jeanne Suggs, South Williams Township, be cancelled on the valuation of \$5,735.00 due to double listing.

Ordered: that the 1978 taxes listed in the name of Toney Purvis, Ransom Township, be cancelled on the valuation of \$500.00 due to an error in transferring one acre of land.

Ordered: that the 1978 taxes listed in the name of E. C. Duncan, Bogue Township, be cancelled on the valuation of \$1,110.00 due to an error in the number of acres listed.

Ordered: that the 1978 taxes listed in the name of J. P. & Jeannie Mae Lanier, Williams Township, be released on the valuation of \$5815.00 due to an error in transferring land and double listing a house.

Ordered: that the 1977 taxes listed in the name of Mitchell & Debra W. Cox, South Williams Township, be released on the valuation of \$3,150.00 due to an over-valuation of a house.

Ordered: that the 1978 taxes listed in the name of Donald R. & Joyce M. Merdith, South Williams Township, be released on the valuation of \$3,150.00 due to an over-valuation of a house.

Ordered: that the 1969-1978 taxes listed in the name of Detlaw S. George Etal, Welches Creek Township, be cancelled due to an error in listing three acres also listed to Sarah George Spaulding.

Ordered: that a refund be given to J. P. Lanier & Jennie Mae Lanier, Rt. 1, Box 94D, Tabor City, N. C., Williams Township, in the amount of \$90.84, on the valuation of \$7,570.00 for the year 1977 due to an error in transfer of property.

Ordered: that a refund be given to Horace Edward & Barbara H. Watts, Williams Township, in the amount of \$53.16 due the year 1978 due to an error in transferring property.

The following CONTRACT was entered into upon motion by Commissioner Williamson and seconded by Commissioner Dew and unanimously approved:

STATE OF NORTH CAROLINA

CONTRACT

COUNTY OF COLUMBUS

THIS CONTRACT, made and entered into on the 4th day of June, 1979, by and through the County of Columbus, a body politic, with its principal office in Whiteville, North Carolina, the party of the first part, and sometimes hereinafter referred to as "the County;" and Fair Bluff, a municipal corporation under the General Statutes of the State of North Carolina, with its principal office in Fair Bluff, North Carolina, the party of the second part, and sometimes hereinafter referred to as "the City:"

W I T N E S S E T H :

THAT WHEREAS, the citizens who pay taxes on property located within the bounds of Cole's Fire, Ambulance and Rescue Service District, Fair Bluff Township, Columbus County, North Carolina, endorsed the establishment of this Service District and petitioned the Board of Commissioners of Columbus County to adopt a resolution defining Cole's Fire, Ambulance, and Rescue Service District; and

WHEREAS, notice was given for a public hearing on Thursday, the 21st day of December, 1978, at 7:30 o'clock P. M., at the Fire Station in the Town of Fair Bluff, Columbus County, North Carolina by the Board of Commissioners of Columbus County for the purpose of defining the Cole's Fire, Ambulance, and Rescue Service District; and,

WHEREAS, Janie S. Cox was designated by the Board of Commissioners of the County of Columbus as the designee to mail notice and attached copy of the map by first class mail to all owners of property within the Cole's Fire, Ambulance, and Rescue Service District as shown by the County Tax Records and as required by North Carolina General Statutes 153A-302(c); and,

WHEREAS, a hearing was held on Thursday, the 21st day of December, 1978, at 7:30 o'clock P. M. by the Board of Commissioners of Columbus County; and,

WHEREAS, the Cole's Fire, Ambulance and Rescue Service District meets the standards set out in North Carolina General Statutes 153A-302(a); and,

WHEREAS, the Town of Fair Bluff has agreed to contract with the Board of Commissioners of the County of Columbus to provide fire services for the Cole's Fire, Ambulance, and Rescue Service District; and,

WHEREAS the Cole's Fire, Ambulance, and Rescue Service District is a service district located in Fair Bluff Township, Columbus County, North Carolina; that the service district is shown on a map, copy of which is attached as Exhibit "A" and that the metes and bounds of the proposed district are as follows:

Beginning at point (1) on SR 1355, 0.9 mile northeast of its intersection with the South Carolina State Line; thence in an easterly direction to point (2) on the Tabor City Road (N. C. Highway 904), at its intersection with SR 1356; thence in a northerly direction to point (3) on SR 1356; 0.4 mile south of its intersection with SR 1353; thence in a northeasterly direction to point (4) on SR 1353, 0.4 mile east of its intersection with

SR 1356; thence in a northerly direction to point (5) on SR 1359, 0.1 mile southeast of its intersection with SR 1356; thence in a northeasterly direction to point (6) on SR 1359, 0.1 mile south of its intersection with SR 1004; thence in a northeasterly direction to point (7) on SR 1004, 0.1 mile east of its intersection with SR 1359; thence in a northwesterly direction to point (8) on SR 1356, 0.5 mile north of its intersection with SR 1004; thence in a northerly direction to point (9) on SR 1356, 0.1 mile south of its intersection with U. S. Highway 76, excluding the property on SR 1356 between this and the preceding point; thence in a northeasterly direction to point (10) on U. S. Highway 76, 0.2 mile east of its intersection with SR 1356; thence in a northwesterly direction to point (11) on SR 1566; 1.1 mile northeast of its intersection with SR 1500; thence in a westerly direction to point (12), the city limits of Fair Bluff, North Carolina at the center of the run of Porter Swamp and the Lumber River; thence southwestward along the Lumber River to point (13) at the intersection of the Lumber River and the South Carolina State Line; thence southwesterly along the South Carolina State Line to point (14) on SR 1355, at the South Carolina State Line; thence in an easterly direction to the beginning point (1).

This map and description of the Cole's Fire, Ambulance, and Rescue Service District shall exclude all property located within the city limits of Fair Bluff, North Carolina; and,

WHEREAS, the Board of County Commissioners is of the opinion and has found and determined as a result of the public hearing on December 21, 1978 that it is for the best interest and is necessary for the fire protection of the citizens residing in Cole's Fire, Ambulance, and Rescue Service District in the Fair Bluff Township, County of Columbus, that Cole's Fire, Ambulance, and Rescue Service District be established with its boundaries being as above set out; and,

WHEREAS, the present tax rate of the County of Columbus as applicable to residents and property owners of the Cole's Fire, Ambulance and Rescue Service District is \$1.20 per \$100.00, evaluation and the County tax value does not exceed the rate limitation as set out in North Carolina General Statutes 153A-149 (c); and,

WHEREAS, the tax rate for sustaining the Cole's Fire, Ambulance, and Rescue Service District is ten cents (\$.10) per \$100.00, evaluation and the property owners and residents for the service district have the ability to sustain the additional tax necessary to provide the services to the district; and,

WHEREAS, the revenue for the Cole's Fire, Ambulance, and Rescue Service District will increase if the valuation of real and personal property located within the service district increases, but that with the previous valuation the annual revenue for the service district is at least \$4,200.00.

BE IT, THEREFORE, RESOLVED by "the County" and by "the City," as the parties as above set forth, for and in consideration as hereinafter fully set out, that the said parties obligate themselves to each other as follows:

1. This contract is made in addition to and does not supercede any other contracts which may exist between the party of the first part and the party of the second part. The obligations as set forth herein on the party of the second part are in addition to any presently incurred by the party of the second part which are an outgrowth of any prior contracts between the parties hereto.

2. (a) The party of the first part, "the County," hereby contracts with the party of the second part, "the City" to collect annually the additional tax for the Cole's

Fire, Ambulance and Rescue Service District at the rate of ten cents (\$.10) per \$100.00, evaluation and will disburse to "the City" the sums actually collected from the Cole's Fire, Ambulance and Rescue Service District.

(b) By accepting the said sum and execution of this contract, the party of the second part, "the City", hereby agrees to accept all of the terms as heretofore set forth.

3. The Town of Fair Bluff, in consideration of the promise made by "the County", and in consideration of the establishment of the Cole's Fire, Ambulance, and Rescue Service District, hereby agrees to provide the fire protection for the service district.

4. The party of the first part agrees to the payment of the said sum as above set forth to be made annually to the party of the second part only when "the city" is operating the services under the corporate powers.

5. All active members of the fire department in good standing shall have some identification, such as a card, badge, hat, or car plate to identify them as a bonafide fireman. No one other than an active member of the department in good standing shall be allowed to have this identification.

6. The fire department shall have the minimum equipment specified by the North Carolina Fire Insurance Rating Bureau as necessary for grade 9(a) communities. The equipment shall be kept in good condition and operative at all times. The Board of County Commissioners shall have authority to accept minor deviations from the specified equipment when such minor deviations do not affect the ability of the fire department to fight fires.

7. The fire department shall carry liability insurance on its firemen and equipment, leaving the county free from any responsibility for damages or claims resulting from the activities of its firemen or from the operation of its equipment. The department shall also carry workman compensation insurance on its active members, in order to provide those members with benefit of the Workmen's Compensation Act.

8. The fire department shall carry out an organized training program, which shall be specified by the chief of the said department. The training program shall include training and qualifying of fire truck drivers. The department shall participate in a minimum of one drill per month and each fire truck shall be operated at least once each week.

9. The fire chief of the department is responsible for stressing "safety" throughout the department and throughout all phases of the department's activities. Emphasis should be placed on safe driving of firemen's own automobiles to the scene of the fire, as well as, on safe practise while fighting a fire. Only qualified drivers shall operate the fire truck, and the names of the qualified truck drivers shall be posted and furnished to the membership of the department. Drivers shall drive with caution at all times, and they shall allow no one but active members of the fire department to drive the trucks when it is on call to a fire or other emergency.

10. The party of the first part hereby further agrees that it will not interfere with the expenditure of funds duly given to the party of the second part so long as the same is used for fire protection in the Cole's Fire, Ambulance, and Rescue Service District and is not in violation of the general laws of the State of North Carolina.

11. This contract will expire on the 4th day of June, 1980. The party of the first part may at its option automatically renew the same by making payment to the party of the second part of the aforementioned amount within 90 days after the expiration date. If said party of the first part does not make said payment, the contract will automatically expire. The party of the second part may cancel this contract only with written notice which must be given at least 30 days prior to the expiration date as herein set forth. If said parties hereto allow the contract to continue, then the same can be cancelled or voided in the manner set forth above only on the anniversary of the expiration date as set forth herein.

This the 4th day of June, 1979.

BOARD OF COUNTY COMMISSIONERS

BY: /s/ C. Waldo Marlowe
C. Waldo Marlowe, Chairman

Attested:

/s/ Emogene W. Suggs
Clerk

CITY OR TOWN OF FAIR BLUFF

BY: /s/ J. G. McNeill
Mayor: J. G. McNeill

BY: /s/ E. D. Meares, Jr.
Chief of Fire Department
E. D. Meares, Jr.

Attested:

/s/ H. Hammond
Town Clerk

Provisions for the payment of the monies to fall due under this agreement has been made by appropriations duly made, or by bonds or notes duly authorized as required by the County Fiscal Control Act.

/s/ Emogene W. Suggs
County Accountant

This the 4th day of June, 1979.

A motion was made by Commissioner Williamson, seconded by Commissioner Dew and approved to ^{make a} refund in the amount of \$1,280.00 be made to the Department of Human Resources due to an overpayment of Community Based Alternative Funds to the Whiteville Recreation Summer Program.

A motion was made by Commissioner Williamson, seconded by Commissioner McPherson and passed to appropriate \$245.00 to hire Capps & Staley Construction Company to mark parking spaces at Social Services.

A motion was made by Commissioner Williamson, seconded by Commissioner Hinson and passed that Hobson Ivey, Landfill Supervisor, be allowed to file application for a Surplus Property Purchasing Card.

A motion was made by Commissioner McPherson, seconded by Commissioner Williamson and passed that the budget be figured on a property valuation of \$390,000,000.00 and a 90% collection rate of taxes. This will increase the revenue \$48,600.00 from the previous estimated valuation of \$385,500.00 which is to be appropriated to the Schools' Current Expense Fund. It was also noted at this time the Sheriff's Department has not submitted a revised budget estimate as requested by the Board at an earlier meeting.

At 12:00 Noon bids were opened to purchase an embossing machine to be used by the Health Department. Bids were read aloud and recorded as follows:

Smith Addressing Machine Company Raleigh, N. C.	\$ 2,784.27	
Addressograph-Multigraph Corp. Greensboro, N. C.	\$ 7,951.00	Alternate
	1,052.80	

A motion was made by Commissioner Williamson, seconded by Commissioner Dew and approved to purchase the embosser from Smith's Addressing Machine Company upon the recommendation of the the Health Department Director. The low bid did not meet specifications as advertised.

Mr. J. L. Stanley met with the Board to ask the County to subsidize a personal ambulance service, operated by him, to be based at the Columbus County Hospital. The purpose of the Service would be to transfer patients from the Hospital to other areas. He stated that he would try to collect fees form any means feasible but was sure there would be fees he could not collect. The Board told Mr. Stanley they would consult with the Attorney and the Hospital Board of Trustees on the matter.

Later in the meeting the Board asked the Attorney to meet with Mr. J. L. Stanley & Howard Stanley and get some realistic figures on the amount of participation that would be expected from the County and also, find out if the service would be feasible and workable.

A letter was read from the Whiteville Garden Club regarding some needed repairs to a monument and a bench on the Miller Building grounds which was originally placed there by the Club. The Board referred this matter to Tracy Floyd, Custodian of the grounds.

Reports were presented to the Board from the following:

Tax Collector - Month of May	State Jail Inspector's Report
Carroll-Phelps - Revaluation 26 $\frac{1}{4}$ % complete	

The following Resolutions were approved upon motion by Commissioner McPherson and seconded by Commissioner Dew to participate in the National Flood Insurance Program:

WHEREAS, certain areas of Columbus County are subject to periodic flooding, mudslides, or flood related erosion, causing serious damage to properties within these areas; and

WHEREAS, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

WHEREAS, it is the intent of this Board of County Commissioners to require the recognition and evaluation of flood, mudslide, or flood related erosion hazards in all official actions relating to land use in areas having these hazards; and

WHEREAS, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to Chapter 153A-121 of the General Statutes of North Carolina,

NOW, THEREFORE, BE IT RESOLVED, that this Board hereby:

1. Assures the Federal Insurance Administration that it will enact the necessary, and maintain in force in those areas having flood, mudslide, or flood-related erosion hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests the Building Inspector with the responsibility, authority and means to:

(a) Assist the Administrator, at his request, in his delineation of the limits of the area having special flood, mudslide, or flood-related erosion hazards.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain, mudslide or flood-related erosion areas.

(c) Cooperate with Federal, State and local agencies and private firms which undertake to study, survey, map, and identify flood plain, mudslide, or flood-related erosion areas, and cooperate with neighboring counties with respect to management of adjoining flood plain, mudslide, and/or flood-related erosion areas in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain management measures.

(e) Upon occurrence, notify the Administrator in writing whenever the boundaries of the community have been modified by annexation or the community has otherwise assumed or no longer has authority to adopt and enforce flood-plain management regulations for a particular area. In order that all Flood Hazard Boundary Maps and Flood Insurance Rate Maps accurately represent the community's boundaries, include within such notification a copy of a map of the community suitable for reproduction, clearly delineating the new corporate limits or new area for which the community has assumed or relinquished flood plain management regulatory authority.

3. Appoints the Building Inspector to maintain for public inspection and to furnish upon request, for the determination of applicable flood insurance risk premium rates within all areas having special flood hazards identified on Flood Hazard Boundary Maps or Flood Insurance Rate Map, any certificates of flood-proofing, and information on the elevation (in relation to mean sea level) of the level of the lowest habitable floor of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been floodproofed the elevation (in relation to sea level) to which the structure was flood-proofed;

4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

/s/ C. Waldo Marlowe, Chairman

ATTEST: /s/ Emogene W. Suggs, Clerk

RESOLUTION

WHEREAS, Columbus County wishes to establish eligibility in the National Flood Insurance Program and in order to do so must meet the requirements of 1910.3(b) of the Federal Insurance Administration regulations.

NOW, THEREFORE, the following measures shall be required within Zone A of the Flood Hazard Boundary Map issued by the Federal Insurance Administration for this community.

Section 1. Permit Requirements

No person shall erect, construct, enlarge, alter, repair, improve, move or demolish any building or structure without first obtaining a separate permit for each building or structure from the designated responsible person.

No man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations, shall be commenced until a separate permit has been obtained from the designated responsible person for each change.

No mobile home shall be placed on improved or unimproved real estate without first obtaining a separate permit for each mobile home from the designated responsible person.

Section 2. Application

To obtain a permit, the applicant shall first file a permit application on a form furnished for that purpose. The form must be completed and submitted to the designated responsible person with a fee to be determined by the Board of Commissioners before the issuance of a permit will be considered.

Section 3. Review of Applications

The Building Inspector, hereinafter referred to as the responsible person, is appointed as the "person" responsible for receiving applications and examining the

plans and specifications for the proposed construction or development.

After reviewing the application, the responsible person shall require any additional measures which are necessary to meet the minimum requirements of this document.

Section 4. The responsible person shall review proposed development to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334.

Section 5. The responsible person shall review all permit applications to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a flood prone area, all new construction and substantial improvements (including the placement of prefabricated buildings and mobile homes) shall: (i) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) be constructed with materials and utility equipment resistant to flood damage and (iii) be constructed by methods and practices that minimize flood damage;

Section 6. The responsible person shall review subdivision proposals and other proposed new development to determine whether such proposals will be reasonably safe from flooding. If a subdivision proposal or other proposed new development is in a flood prone area, any such proposals shall be reviewed to assure that (i) all such proposals are consistent with the need to minimize flood damage within the flood prone area, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located and constructed to minimize or eliminate flood damage, and (iii) adequate drainage is provided to reduce exposure to flood hazards;

Section 7. The responsible person shall require within flood prone areas new and replacement water supply systems to be designed to minimize or eliminate infiltration of flood waters into the systems; and

Section 8. The responsible person shall require within flood prone areas (i) new and replacement sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters and (ii) onsite waste disposal systems to be located to avoid impairment to them or contamination from them during flooding.

Section 9. The responsible person shall require that all subdivision proposals and other proposed new developments greater than 50 lots or 5 acres, whichever is the lesser, include within such proposals base flood elevation data;

Section 10. The responsible person shall obtain, and reasonably utilize any base flood elevation data available from a Federal, State, or other source, until such other data has been provided by the Administrator, as criteria for requiring that (i) all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the base flood level and (ii) all new construction and substantial improvements of nonresidential structures have the lowest floor (including basement) elevated or floodproofed to or above the base flood level;

Section 11. For the purpose of the determination of applicable flood insurance risk premium rates within Zone A on a community's FHB, the responsible person shall (i) obtain, or require the applicant to furnish, the elevation (in relation to mean sea level) of the lowest habitable floor (including basement) of all new or substantially improved structures, and whether or not such structures contain a basement, (ii) obtain, or require the applicant to furnish, if the structure has been floodproofed, the elevation (in relation to mean sea level) to which the structure was floodproofed, and (iii) maintain a record of all such information.

Section 12. The responsible person shall notify, in riverine situations, adjacent communities and the State Coordinating Office prior to any alteration or relocation of a watercourse, and submit copies of such notifications to the Federal Insurance Administration;

Section 13. The responsible person shall assure that the flood carrying capacity within the altered or relocated portion of any watercourse is maintained;

Section 14. The responsible person shall require that all mobile homes to be placed within Zone A on the community's Flood Hazard Boundary Map shall be anchored to resist flotation, collapse, or lateral movement by providing over-the-top and frame ties to ground anchors. Specific requirements shall be that (i) over-the-top ties be provided at each of the four corners of the mobile home, with two additional ties per side at intermediate locations and mobile homes less than 50 feet long requiring one additional tie per side; (ii) frame ties be provided at each corner of the home with five additional ties per side at intermediate points and mobile homes less than 50 feet long requiring four additional ties per side; (iii) all components of the anchoring system be capable of carrying a force of 4,800 pounds; and (iv) any additions to the mobile home be similarly anchored;

Section 15. The Flood Hazard Boundary Map issued by the Federal Insurance Administration for this community, dated June 16, 1978 with Panel Numbers 370305 0001-0014, and any officially published revisions to this map, is adopted as the official map for the enforcement of this document. Zone A on this map delineates the area within which the requirements of this document will be enforced.

Section 16. DEFINITIONS.

Unless Specifically defined below, words or phrases used in this document shall be interpreted so as to give them the same meaning as they have in common usage and so as to give this document its most reasonable application.

"Base Flood" means the flood having a one percent chance of being equalled or exceeded in any given year.

"Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

"Flood" means a general and temporary condition of partial or complete inundation of normally dry land areas from:

(1) The overflow of inland or tidal waters.

(2) The unusual and rapid accumulation or runoff of surface waters from any source.

"Flood plain" or "flood prone area" means any land area susceptible to being inundated by water from any source (see definition of "flood").

"Floodproofing" means any combination of structural and nonstructural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

"Habitable floor" means any floor usable for living purposes, which includes working, sleeping, eating, cooking or recreation, or a combination thereof. A floor used only for storage purposes is not a "habitable floor."

"Mobile home" means a structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used with or without a permanent foundation when connected to the required utilities. It does not include recreational vehicles or travel trailers. The term includes but it is not limited to, the definition of "mobile home" as set forth in regulations governing the Mobile Home Safety and Construction Standards Program (24 CFR 3282.7(a)).

"Person" includes any individual or group of individuals, corporation, partnership, association, or any other entity, including State and local governments and agencies.

"Riverine" means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc.

"Structure" means, for flood plain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a mobile home.

"Substantial improvement" means any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure either, (a) before the improvement or repair is started, or (b) if the structure has been damaged, and is being restored, before the damage occurred. For the purposes of this definition "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either (1) any project for improvement of a structure to comply with existing state or local health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or (2) any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

"Variance" means a grant of relief by a community from the terms of a flood plain management regulation.

Adoption Date: June 4, 1979.

BY: /s/ C. Waldo Marlowe, Chairman
Columbus County Commissioners

Attested: /s/ Emogene W. Suggs

Finance Officer

Upon motion the meeting adjourned until June 18, 1979, which is regular meeting day.

The June 18th meeting will be preceded by a budget hearing which will begin at 9:30 a.m.
