**Outreach Efforts of the Urgent Repair Program** The County of Columbus will advertise or publish an article about the Urgent Repair Program in the local newspaper serving the County (The News Reporter), and The County’s website – [www.columbusco.org](http://www.columbusco.org). An application and the Assistance Policy will be sent to incorporated municipalities within the County (Bolton, Boardman, Brunswick, Cerro Gordo, Chadbourn, Fair Bluff, Lake Waccamaw, Sandyfield, Tabor City, and the City of Whiteville). Notices will be posted in the Columbus County Public Library and the Columbus County Administrative Building. The County Manager’s office will work with the Department of Social Services, Department of Aging, and the County Health Department to elicit participation in the program.

**Selection of applicants** The County has devised the following priority system to rank eligible applicants, determine which of them will be selected for assistance and in what order. Under this system applicants will receive points for falling into certain categories of special need and income. The applications will be ranked according to which receive the most points.

**Priority Ranking System for County of Columbus’s URP17**

<i>Special Needs (for definitions, see below)</i>	<i>Points</i>
Disabled, Elderly or Veteran Head of Household (62 or older)	4
Disabled, Elderly, or Veteran Household Member (not Head of Household)	3
Single-Parent Household (with one or more children in the home)	3
Large Family (5 or more permanent residents)	2
Elevated Blood Lead Level Child	2
<i>Income (See Income Table above)</i>	<i>Points</i>
Less than 30% of County Median Income	10
30% to 50% of County Median Income	5

Under NCHFA Program Guidelines, a minimum of 50% of households assisted must have incomes which are less than 30% of the area median income for the household size, and

no household with an income exceeding 50% of the area median income will be eligible. This guideline will be adhered to strictly and will be the primary factor in the selection of those households to be assisted under URP17.

Recipients of assistance under the URP17 will be chosen by the above criteria without regard to race, color, religion, national origin, sex, familial status and disability.

**The definitions of special needs' populations under URP17 are:**

- *Elderly*: An individual aged 62 or older.
- *Disabled*: A person who has a physical, mental or developmental disability that greatly limits one or more major life activities, has a record of such impairment, or is regarded as having such an impairment.
- *Large Family*: A large family household is composed of five or more individuals; at least four are immediate family members.
- *Head of Household*: The person or persons who own(s) the house.
- *Household Member*: Any individual who is an occupant (defined below) of the unit to be rehabilitated shall be considered a "household member" (the number of household members will be used to determine household size and all household members are subject to income verification).
- *Occupant*: An occupant is defined as any immediate family member (mother, father, spouse, son/daughter of the head of the household, regardless of the time of occupancy); or non-immediate family member who has resided in the dwelling at least 3 months prior to the submission of the family's application.
- *Single-Parent Household*: A household in which one and only one adult resides with one or more dependent children.
- *Veteran*: A person who served in the active military, naval, or air service, and who was discharged or released therefrom under conditions other than dishonorable.
- *Child with elevated blood lead level*: a child below the age of six with an elevated blood lead level between 10 µg/dl and 20 µg/dl.

**Client Referral and Support Services** Many homeowners assisted through the Urgent Repair Program may also need other services. When the Urgent Repair Program staff meets the homeowner during the work write-up process, the County will refer homeowners to other available resources.

**What is the form of assistance under URP17?** The County will provide assistance to homeowners, whose homes are selected for repair/modification in the form of a loan. Homeowners will receive an unsecured deferred, interest-free loan, forgiven at a rate of \$1,000 per year, until the principal balance is reduced to zero.

**What is the amount of the loan?** The amount of the loan will depend on the scope of work necessary to address the identified imminent threats to life and/or safety, and that will be determined by the county's Contracted Rehabilitation Specialist. There is no minimum to the amount of the loan; however the maximum life-time limit according to the guidelines of URP17 is \$8,000.

**What kinds of work will be done?** Only repairs that address imminent threats to the life and/or safety of occupants of the dwelling unit or accessibility modifications will be

performed under the county's URP. It should be noted that all deficiencies in a home may not be rectified with the available funds.

All work that is completed under URP17 must meet or exceed NC Residential Building Code.

**Who will do the work on the homes?** The County is obligated under URP17 to ensure that quality work is done at reasonable prices and that all work is contracted through a fair, open and competitive process. To meet those very difficult requirements, the County will invite bids only from contractors who are part of an "approved contractors' registry". Please request a copy of the County's Procurement and Disbursement Policy for further information.

(Homeowners who know of quality rehabilitation contractors that are not on the County's Approved Contractors Registry are welcome to invite them to apply.)

A minimum of three approved contractors will be invited to bid on each job, and the lowest responsive and responsible bidder will be selected for the contract. "Responsive and responsible" is described in the Procurement and Disbursement Policy.

**What are the steps in the process, from application to completion?** Now that you have the information about how to qualify for the County of Columbus' URP17, what work can be done, and who will do it, let's go through all the major steps in the process:

- 1. Completing an Application form:** Application will be made available on August 14, 2017 and any Homeowners who wish to apply for assistance must do so by September 15, 2017. Apply by contacting Natalie Carroll, Special Projects Coordinator, at (910) 640-6630 or visit the County's website [www.columbusco.org](http://www.columbusco.org).
- 2. Proof of ownership and income** will be required at the time of submitting an application. Those who have applied for housing assistance from the County in the past will not automatically be reconsidered. A new application will need to be submitted.
- 3. Preliminary inspection:** The County's Contracted Rehabilitation Specialist (Howard Campbell) will visit the homes of potential loan recipients to determine the need and feasibility of repairs/modifications.
- 4. Screening of applicants:** Applications will be rated and ranked by the County based on the priority system outlined on page 2. The households to be assisted will be selected by November 15, 2017. Household income will be verified for program purposes only (information will be kept confidential). Ownership of property will be verified along with other rating factors. From this review, the twelve (12) most qualified applicants will be chosen according to the priority system described above. There will also be a list of three (3) alternates. Applicants not receiving notification that they were chosen by December 15, 2017 may contact Natalie Carroll, Special Projects Coordinator, at (910) 640-6630 to confirm the disposition of the application.
- 5. Applicant interviews:** Approved applicants will be provided detailed information on assistance, program repair/modification standards and the contracting procedures associated with their project at this informational interview.

- 6. Work write-up:** The County's Contracted Rehabilitation Specialist will visit the home again for a more thorough inspection. All parts of the home must be made accessible for inspection, including the attic and crawlspace, if any. The owner should report any known problems such as electrical short circuits, blinking lights, roof leaks and the like. The Contracted Rehabilitation Specialist will prepare complete and detailed work specifications (known as the "work write-up". A final cost estimate will also be prepared by the Contracted Rehabilitation Specialist and held in confidence until bidding is completed.
- 7. Formal agreement:** After approval of the work write-up, the homeowner will sign a formal agreement that will explain and govern the repair/modification process, and an explanation of the Promissory Note, which is considered a forgivable loan. This agreement will define the roles of the parties involved throughout the process.
- 8. Bidding:** The work write-up and bid documents will be mailed to a minimum of three contractors on the Approved Contractors' Registry who will be given one week in which to inspect the property and prepare bid proposals. The names of the invited contractors will be supplied to the homeowner. Each will need access to those areas of the house, in which work is to be performed, in order to prepare a bid. A bid opening will be conducted at the Columbus County Administrative Building, 111 Washington Street, Whiteville, NC 28472 at a specified date and time, with all bidders and the homeowner invited to attend.
- 9. Contractor selection:** Within 24 hours of the bid opening, after review of bid breakdowns and timing factors, the winning bidder will be selected. All bidders and the homeowner will be notified of (1) the selection, (2) the amount, (3) the amount of the County's cost estimate, (4) any support or contingency costs that will be included in the loan amount, and (5) if other than the lowest bidder is selected, the specific reasons for the selection.
- 10. Execution of loan and contract:** The loan will be executed as well as the repair/modification contract prior to work beginning on the project. This contract will be between the contractor and homeowner, with the county signing as an interested third party. The cost of the actual work and project related support costs up to the amount of \$800 will be included in the loan document.
- 11. Pre-construction conference:** A pre-construction meeting will be held at the Columbus County Administrative Building, 111 Washington Street, Whiteville, NC 28472, unless the applicant is homebound then arrangements will be made to hold the conference at the applicant's resident. At this time, the homeowner, contractor and the Contracted Rehabilitation Specialist will be present and discuss the details of the work to be done. Starting and ending dates will be agreed upon, along with any special arrangements such as weekend or evening work hours and disposition of items to be removed from the home (such as old plumbing, etc.). If the contract has been executed, the County will issue a "proceed order" formally instructing the contractor to commence by the agreed-upon date within 24 hours of the pre-construction meeting.

**12. Construction:** The contractor will be responsible for obtaining any required building permits for the project before beginning work. The permit must be posted at the house during the entire period of construction. The Contracted Rehabilitation Specialist will closely monitor the contractor during the construction period to make sure that the work is being done according to the work write-up (which is made a part of the rehabilitation contract by reference) and in a timely fashion. Local Building Inspections Officials will inspect new work for compliance with the State Building Code as required by the guidelines of URP17. The homeowner will be responsible for working with the contractor toward protecting personal property by clearing work areas as much as practicable.

**13. Change Orders:** All changes to the scope of work must be reduced to writing as a contract amendment ("change order") and approved by all parties to the contract: the owner, the contractor, the Contracted Rehabilitation Specialist, and one representatives of the County of Columbus. If the changes require an increase in the loan amount, a loan modification stating these changes in the contract amount must be completed by the County, and executed by the owner. If the changes result in a decrease in the loan amount, an estoppel informing the homeowner of these changes in the contract amount will be completed by the County and conveyed to the owner.

**14. Payments to contractor:** The contractor will be paid following inspection of and satisfactory completion of all items on the work write-up and change orders, if any, as outlined in the County's Procurement and Disbursement Policy.

**15. Post-construction meeting:** Following construction the contractor and the Contracted Rehabilitation Specialist will sit down with the homeowner one last time. At this meeting the contractor will hand over all owner's manuals and warranties on equipment. The contractor and the Contracted Rehabilitation Specialist will go over operating and maintenance requirements for any new equipment installed and discuss general maintenance of the home with the homeowner. The homeowner will have the opportunity to ask any final questions about the work and the loan.

**16. Closeout:** Once each item outlined in section 13 has been satisfied and the homeowner has signed a Certificate of Satisfaction, the job will be closed out (fully completed).
