Agenda Item #13: SOCIAL SERVICES - MONTHLY ADMINISTRATIVE UPDATE:

Algernon McKenzie, Social Services Director, delivered the following Monthly Administrative Update.

On July 11, 2018 our monthly staff meeting was held. During the meeting, staff was informed of the new budget for 2018-19. I informed staff the MOU with DHHS has been signed and submitted, which outlines the performance measures and requirements that counties are expected to meet. Staff was encouraged to make sure they are completing all applications and case management functions as all programs will be monitored by program representatives. I also informed staff of our meeting with the Division of the Deaf and Hard of Hearing. They were given information about how to assist clients with hearing issues and resources to help them access those services.

New staff were introduced, along with accomplishments and staff recognitions for good customer service.

On July 12, 2018 I attended our Director's Association Executive Board meeting. During the session, we were given information on NCFAS and the roll out of P-4 (Child Welfare in NCFAS). IBM programmers have been completing site visits in the pilot counties to look at issues with the system. There have been several issues identified; which will require IBM to work on fixes. Therefore, the Division of Health and Human Services; along with the NCFAS Team have delayed further roll out of Child Welfare in NCFAS until late Fall. At that time, counties will need to have purchased the required I-pads for their Child Welfare Mobile App; which will allow the CPS intake staff to complete investigations in the field and after hours. We were informed the new modified policy for Child Welfare will be changed before it is rolled out to counties. There are some areas of the policy that have caused concern among county Directors.

Susan Perry-Manning, from the Secretary's office, gave an update on the required MOU's between DHHS and counties. She stated that 86 counties have signed the MOU's; which were due July 1, 2018 to the Division. There are some counties that submitted signing statements, along with the MOU, expressing their concerns with some of the content of the MOU. The Division will be working on how they will collect and share county performance information. They will send out

status reports at some point in the future.

The State is working on NCFAST certification for all workers in Economic Services. This new certification will require individuals working in Medicaid, Food & Nutrition and Work First programs, to complete a training program to be able to complete their work in NCFAST. This is in the development phase and the State will have a workgroup with input from counties regarding the requirements of this certification. No implementation date has been given at this point.

The State is moving forward with Document Management; which involves scanning documents into NCFAST. As the State (DHHS) begins their Federal and State monitoring of programs, case information will be pulled from NCFAST. Therefore, all case evidence will need to be scanned into NCFAST. We have been given the requirements for scanners in order to scan directly into NCFAST and we are exploring what type of scanners we need; and the cost to upgrade and purchase scanners for Economic Services. Due to the volume of information that must be scanned, we will also be looking at the scanning capacity of the scanners selected. If we don't have information for cases scanned into NCFAST, we may be out of compliance; therefore, we are working on this now; which could mean we will need additional funds added to our 2018-19 budget.

As we continue our recruitment efforts for Foster and Adoptive Parents; our agency, through the Transitional Unit, is sponsoring a Family Fun Day. Our theme for this event is "Make a Difference Foster to Adopt". The event is free to all Columbus County residents. It will be held on August 25, 2018 from 10am to 2pm at the Columbus County fairgrounds. Information will be shared about becoming a Foster or Adoptive Parent; which is needed in our county and will benefit a child or children in need of a safe environment to grow.

The Adult Services Unit continues to be fully staffed and very busy. Cases are becoming more complex with more issues. This Unit is encountering more and more issues with homeless adults and adults with mental health issues which creates other problems because of the slow response time of mental health agencies. Members of this Unit continue to cross-train in order to work together more efficiently. The addition of another position in this Unit may be a future request to help with the increasing caseloads.

Work First Employment:

The Work First Employment Unit continues to work within the NCFAST system with daily issues. This Unit continues to assist with 200% and will soon begin to assist with Emergency Assistance.

Reporting Month: July 2018

News/Updates/Vacancies

Food and Nutrition:

Final Monitoring Results have been received for this team and we had minor errors. Our monitor stated we knew what we were doing but because we had more than one error in our findings, we must submit a corrective action plan. The findings they found does not mean each error was an application that was either denied incorrectly or put on Food and Nutrition and they were not eligible; it means that a case did not have a second request to the client for information, the case was approved untimely, there was no documentation in NCFAST of why the case closed, one case had a request for information in English instead of Spanish, etc. A total of 84 cases were reviewed. We failed our timeliness compliance 2 of the weeks in July due to our struggle with vacancies. We have interviewed and hope to make a recommendation soon on 2 of the 6 vacancies.

Adult and Family & Children's Medicaid:

The Family & Children's Intake team is helping take Food & Nutrition applications and took a total of 158 applications for them which has helped tremendously. That team just had a 29-year veteran worker to retire which gives this team a vacancy now. The Intake and Review teams have kept their work timely. Adult Medicaid continues to struggle with timeliness due to vacancies and the need of another Long Term Care position. We have interviewed and hope we can make a recommendation for 1 of their vacancies.

Child Support and Paralegal:

Child Support is getting more stable in their compliance timeframes as new workers are getting training. They only had 2 court days in July and prepared 344 cases to be heard. We have 1 vacancy on this team now. Our paralegal prepared 161 orders and reviewed 38 orders the attorney prepared.

Work First Cash/Medicaid Transportation/Interpreter/Maintenance and Housekeeping/Deputy:

- Medicaid Transportation continues to remain busy with one vacancy now. The supervisor and the interpreter is helping with the duties until the vacancy is filled.
- The WorkFirst Cash team continue to keep their applications and reviews timely.
- Maintenance and Housekeeping continue to keep our building and grounds clean.
- Deputy Best continues to do a great job with our security.

Document Management:

NCFAST is preparing all counties to go live with all Economic Benefit programs with their document management system. This system is not a cost to counties unless you are a county that already had a document management system and now want to “bridge” this with the NCFAST document management system. The only cost to the counties would be the purchasing of up-to-date scanners which we are desperately in need of. This will help counties go paperless and they are wanting all counties to go live in August; next month. The State has shared that in 2019 all records that are reviewed by any state staff and local and federal auditors will be reviewed in NCFAST only. No paper records will be reviewed. If we do not have our information in the system, it will be an error on the county.

Agenda Item #19: DISCUSSION - ADDITIONAL FUNDS REQUEST MADE by COLUMBUS COUNTY SCHOOLS:

Chairman Amon E. McKenzie conducted the following discussion relative to the additional funds request made by Columbus County Schools.

1. **Commissioner Byrd:** stated the following:
 - Why did you take children from Chadbourn and take them to Evergreen and not to the school located in Chadbourn?
 - Barbarta Yates Lockamy:** to provide more resources at Evergreen.

2. **Commissioner Russ:** read the following information received from citizens:
 - Having a local school in a community will have more positive effects than negative effects in combining the schools;
 - The more schools in operation means more cost to the County;
 - Combining schools in the County would be a greater savings to the citizens;
 - Expenditures for capital improvement and basic maintenance will reduce because there are no need to upgrade and maintain duplicate facilities;
 - Another issue to consider with combining schools is safety by having fewer campuses throughout the County because our law officers would have fewer schools to monitor;

- Combining schools means combining resources and allows for more adequate academic opportunities by having more courses for students, enhanced programs and a higher quality of education;
 - More activities and sports can flourish with a combined funding; **and**
 - By combining schools, everyone involved can become a bigger part of the community.
3. **Vice Chairman Burroughs:** stated the following:
 - I appreciate what you have done in addressing the problem;
 - If you continue down the path the consultant laid out for you, and reduce our footprint, you will address your problem; **and**
 - I appreciate the efforts you are taking.
 4. **Commissioner McDowell:** stated the following:
 - I will mirror what Vice Chairman Burroughs said;
 - There have been some hard decisions to make;
 - There could be savings in other places;
 - There is a need to follow the study that was done by David Clinton; **and**
 - Whatever we can do to maintain the quality of education, whether it be in the county or city system, I am in favor of it.
 5. **Commissioner Bullard:** stated the following:
 - I support the decision the Columbus County Board of Education made;
 - The children at the Chadbourn School was not getting the quality education they needed; **and**
 - Always put the kids first in your thinking and actions.
 6. **Commissioner Prevatte:** stated the following:
 - In The News Reporter, one of your Board members stated the County Commissioners mandated that you close the school, and that is not true;
 - Your lawyer spoke on behalf of the school Board, and he stated he encouraged us to merge the school systems and he said that we had \$60 million in our Fund Balance, and he stated that we gave more money to the city schools than the county schools, and that is not true;
 - One of your Board members stated in the paper today when he questioned if they had to accept what we gave them, and your lawyer stated no, you could sue and then it would lead to mediation which would involve costs;
 - This action could take money away from the children for their needed education;
 - In the letter that was received by Mike Stephens, County Manager, from Alan Faulk, Columbus County Schools Superintendent, there are some legalities that are not being met, and this request cannot be delivered; **and**
 - Both school systems will be receiving money that will be based on ADM figures.
 7. **Commissioner Amon E. McKenzie:** stated the following:
 - We, in Columbus County, will take care of our children;
 - Based on rules and regulations, and legal advice, we will appropriate funds for Current Expenses to Columbus County Schools and Whiteville City Schools, on an even ADM split.

MOTION:

Commissioner Prevatte made a motion to appropriate additional funds in the amount of five hundred thousand, one hundred forty-three and 00/100 (\$500,143.00) dollars to Columbus County Schools, Current Expenses, and two hundred two thousand, eight hundred fifty-seven, and 00/100 (\$202,857.00) dollars to Whiteville City Schools, Current Expenses, seconded by Commissioner McDowell. The motion unanimously passed.

Agenda Item #20: COMMENTS:

Chairman McKenzie opened the floor for comments. The following spoke.

A. Department Manager:

Amanda Harrelson (Department of Aging): stated the following:

- Arby's has contacted the Department of Aging and stated they were having a Bingo Night for seniors on September 11, 2018, from 5:00 P.M. until 6:00 P.M.;
- The seniors will be given 10% off the price of their meal;
- This is new and if it works, they will offer this twice a month; **and**
- We need to give Arby's a head count of the ones that plan to attend.

Lady in Audience: since the Board has given additional funds Columbus County Schools, does this mean we are going back to Chadbourn middle School? Chairman McKenzie replied stating the Board of Commissioners has no control over this. The Columbus County Board of Education is in control of this matter.

B. Board of Commissioners:

1. **Commissioner Prevatte:** I would like to say thank you to Loretta Shipman for all of her hard work at the Animal Shelter, I would like to say thank you to Julie Strickland for her participation in summer programs for kids which they enjoy, and I would like to say thank you to Ms. Amanda Prince for her hard work as our new attorney, and I am hearing good reports.
2. **Commissioner Russ:** stated the following:
 - I would like for this Board to send a Resolution of Support to the North Carolina Wildlife Commission to do an assessment for a No Wake Zone in Big Creek at Lake Waccamaw; **and**
 - There is no wake zone in Big Creek, and the one-man boats that are trying to fish are being bombarded by larger boats traveling at high rates of speed making great difficulty for the one-man boats.

MOTION:

Commissioner Russ made a motion for the Board to send a Resolution of Support to the North Carolina Wildlife Commission to do an assessment for the State to put a No Wake Zone in Big Creek, seconded by Vice Chairman Burroughs. The motion unanimously passed.

3. **Vice Chairman Burroughs:** Larry, you need to check the air conditioner out in this building.
 4. **Commissioner Bullard:** Amanda, did you get the stone from Cole Monument? Amanda Harrelson, Director of Aging, replied stating she would check into that.
- C. County Manager (Michael E. Stephens):** stated the following:
- I met with Kim Smith, Health Director, and her staff, last week regarding mosquitoes
 - The mosquito control program is non-existent;
 - Mosquito trucks fog out the highway, and this is very ineffective;
 - We need more equipment and manpower; **and**
 - We may look at this next year.
- D. County Attorney (Amanda B. Prince):** stated the following:
- Even though you voted to approve the money for the schools, this request for emergency transfer needs to be addressed by the Board; **and**
 - If you don't address it within thirty (30) days, it is seen as an approval.

MOTION:

Commissioner Prevatte made a motion to turn down the emergency request made by Columbus County Schools to transfer Capital Outlay funds in the amount of five hundred thousand and 00/100 (\$500,000.00) dollars in a letter bearing no date, seconded by Commissioner Byrd.
