Columbus County Commissioner,

I am requesting my comment to be read instead of me going in person because I am on a fixed income and I cannot afford the gas as high as it is to make a special trip to Whiteville.

The purpose of my comment is number 18 on the tonight's agenda where Sheriff Bill Rogers is requesting an additional \$650,000 for the Sheriff's Office salary budget. This is completely ridiculous. Columbus County does not have this type of money. I wish I made a double digit income as some of his personnel.

Municipalities need to protect their citizens and cannot compete with this type of salary if you approve this salary request Sheriff Rogers is asking.

In closing I would like to say I hope you all had a nice Daddy's Day yesterday and Mrs. Featherson, I hope your weekend was good as well.

Respectfully,

Doris A. Strickland

Agenda Item #14: DSS – DSS MONTHLY UPDATE MAY 2023:

Social Services Director Algernon McKenzie will present the Social Services administrative update for the month of May 2023.

**Monthly Administrative Update
Monthly Administrative Update
For May 2023
June 19, 2023 Meeting**

On May 4, 2023, we received 25 duffle bags from Rev. Val Sutton-Paige. These bags were donated by the District Missionary Group of the A.M/E. Zion Church to be given to children coming into and currently in foster care.

On May 16, 2023, I held an agency-wide staff meeting. This was the first agency-wide staff meeting held since 2020, because of Covid-19. During the meeting I thanked staff for their hard work and dedication during the past three years of Covid-19. During this period staff had to deal with the many policy changes and new programs started during the pandemic while continuing to provide services to our citizens. I also gave staff an update on Medicaid Expansion, the county travel request policy, and the proposed 2023-2024 county budget.

On May 17, 2023, I represented our agency at The Columbus County Law Enforcement and Public Safety/Government Hiring Event held at Southeastern Community College. Information was provided on current vacancies and applications were available on site. The event was from 10am to 2pm.

On May 17, 2023, at 3pm a statewide zoom meeting was held concerning Continuous Coverage Unwinding and Medicaid Expansion. The income maintenance administrator and I participated on the zoom meeting, which focused on funding support for counties to prepare for the Unwinding and Expansion of Medicaid. During the meeting we were informed that there is a \$8.335 million that will be available and distributed to all 100 counties for the fiscal year of 2023-2024. Each county will receive a base amount of \$5,000.00 per month and additional funding will be based on case load size by county. These funds must be used by June 30, 2024. These funds will be used to assist with staffing cost associated with Medicaid. We were informed that allocations would be sent in the next few days and must be accepted through a DocuSign Document, by the DSS Director and the County Manager. The plan is to push these funds out to counties by the end of June 2023. Following this meeting I copied and shared the information concerning this funding with the county manager. The funding acceptance documents were received on May 30, 2023 and have been signed by myself and the county manager. We will receive \$39,427.00 to offset the changing of Medicaid claiming by counties from 75/25 to 50/50. We will also receive \$68,350.00 to support the Continuous Coverage Unwinding and Medicaid Expansion preparation.

At this point we are still unsure of the implementation date for Medicaid Expansion.

On May 18, 2023, the Social Work Program Manager and I participated in Eastern Regional Director's meeting. During this meeting we had a presentation on Critical Conversations with Foster Parents by Tammy School and Holly McNeil, from DHHS. The purpose was to share ideas on how to better communicate and build relationships with Foster parents to improve outcomes for foster children.

We also had a presentation from the state Red Cross Representative, Megan McDonald. She discussed preparation strategies for the 2023 Hurricane season, as we are getting close to another season. She encouraged counties to review its plans and work with their local emergency services directors. Lastly, she informed us that there are 97 Red Cross Managed Shelters and 114 Partner managed evaluation shelters throughout North Carolina.

During the month of May, we had a work first program monitoring. Several cases were reviewed by our Continuous Quality Improvement Consultant. I am happy to say that all the cases reviewed were correct giving us a 100% score. Hats off to the work first cash and employment services staff for a job well done.

During the month of May, I attended and participated in Nine in person and zoom meetings.

HUMAN SERVICES BOARD REPORT**Dwella M. Hall, Program Manager****Vacancies/Updates/News for May, 2023**

Intake/Investigation/Assessment: The Intake/Investigation/Assessment Unit is fully staffed. This Unit continues to receive referrals involving substance abuse, domestic violence, and mental health issues, among other things. The after-hours positions continue to increase the morale among the CPS staff as they also assist with after hour visitations with exiting cases to assist the SW's. CPS continues to assist the FC unit with incoming cases due to the high volume of children entering custody. The Regional Child Welfare Consultant (RCWC) conducted a virtual consultation this month and will continue to make monthly contacts to review agency data, policy updates, and casework.

In-Home Services: The In-Home Services Unit is now fully staffed. The total caseloads with contacts of children served continue to increase indicating more intensive involvement with SW's and their current caseloads. In home services continues to assist the FC unit until they are fully staffed. The Regional Child Welfare Consultant (RCWC) conducted a

virtual consultation this month and will continue to make monthly contacts to review agency data, policy updates, and casework.

Foster Care/Permanency Planning: The Foster Care Unit continues to have 1-vacancy. There are currently 116 children in care. The numbers have decrease significantly; it was largely due to reunifying children back with parent's/family members or caretakers; however, we are suspecting the numbers to slowly increase with the likelihood of more children entering custody. The CPS and In-home Services unit continue to assist Foster Care with case management duties, until staff can be hired and properly trained. The Regional Child Welfare Consultant (RCWC) conducted a virtual consultation this month and will continue to make monthly contacts to review agency data, policy updates, and casework.

Transitional Unit: The Transitional unit is fully staff; one employee continues to be out on Maternity leave. This unit continues to work caseloads while assisting the other Child Welfare Units as needed, particularly in the areas of courtesy requests from other counties, assisting with supervising visits and transporting children in custody. In addition, the Transitional Unit continues to have an influx in home studies and home assessments from other counties and within CCDSS Child Welfare. This Unit continues to assist particularly in the area of making monthly contacts with the children in foster care. Foster Home Licensing continues to work on completing more licensures to help increase the number of foster home in the county. The Regional Child Welfare Consultant (RCWC) conducted a virtual consultation this month and will continue to make monthly contacts to review agency data, policy updates, and casework.

Adult Services: The Adult Services Unit has 1 vacancy. The position has been reposted. This unit continues to serve ages 18 and above, with protective services, persons under guardianship, and special assistance in-home case management. There have been major changes to this program due to new State Laws which have been enacted making it an entitlement program. We do expect a major influx of applications based on those changes.

The guardianship cases continue to demand extensive time due to severe and persistent mental illness and the lack of resources for this population.

Work First Employment: This Unit continues to be fully staffed; however, one employee is out on unexpected Medical leave. The unit is open for in-person applications, telephone interviews continue for Work First applications, recertification's, short-term services and benefits. Certain necessary application documentation can be mailed to individuals that wish to apply and when received back the worker can conduct telephone interviews to complete that application. Some application information is also being provided for pick-up in the foyer area of the agency. Workers are encouraged to make telephone contacts with clients at least every two weeks to offer support and resources to clients and to encourage program participation. Transitioning back to regular application and case processing is now beginning after COVID-19 waivers ended. The agency continues to have monthly meetings with the state reps by conference calls. The Regional Economic Consultant conducted a telephone consultation this month.

Child Day Care: The Child Day Care Unit continues to be fully staffed. The Supervisor and staff continue to work the over and under payment report to ensure proper payment is being made to county daycare providers. Day Care services are continuing to be provided and the state is working with county agencies and day cares to help them stay open as much as possible while providing a safe environment for children. Day Care slots within local Day Cares are limited at this time and many Day Cares are now on a waiting list. DSS staff continue to work with families to ensure their services stay in place while limiting contact to the telephone as much as possible. The agency has eliminated the waiting list and able to serve the public. Supervisor continue to ensure case transfers are received properly and sent in a timely manner.

Program Integrity: Repayment agreements continue to be relaxed to help clients during this time. Staff are working to clean up a backlog, establishing cases and repayment agreements, all while assisting with the Energy Programs.

Energy Assistance: CIP continues with the heating season which means helping with clients with their main source of heat. Applications for CIP continue to be available on EPASS where applicants can complete and submit applications on-line, but continue to be available in our lobby for pick up and completion. One in-house staff person is currently processing applications. Program Integrity staff are assisting as needed due to influx of applications.

Low Income Household Water Assistance Program (LIHWAP) LIHWAP was sent to end as of May 31, 2023. This program is a federally funded program that will provide emergency assistance to low-income households to prevent disconnection or provide assistance with the reconnection of drinking and wastewater services. It will be based on a priority list: Group 1 will consist of households that have had water services disconnected. Group 2 will consist of households that are in jeopardy of water services being disconnected unless action is taken to prevent the disconnect. Group 3 will consist of households that have current water service bills and need assistance to maintain service. We continue to work this program, assisting almost all applicants that submit applications for assistance. There are funds available however the majority of this allotment has been utilized to assist clients who meet the criteria.

Agenda Item #15: APPRENTICESHIP PRGRAM – APPROVAL of FUNDS for the APPRENTICESHIP PROGRAM:

Agenda Item #18: SHERIFF’S OFFICE – APPROVAL of an ADDITIONAL \$650,000 to the SALARY BUDGET:

Sheriff Bill Rogers requested an additional \$650,000 for the Sheriff’s Office salary budget.

**Sheriff Bill Rogers was not present and requested for this item to be tabled. The Commissioners decided not to table the item and to discuss and decide on it.*

Eddie Madden Commented on the following facts:

Sheriff’s department request for additional funding

- *I appreciate the good work of the sheriff. 1) The morale of the department has improved, 2) he has done a great job of filling positions, 3) he has reduced the turnover in his department, 4) his organizational plan includes a reduction in command staff in order to put more deputies on the road*

which is also a good plan and 5) the sheriff is operating in an open and transparent way with the county and is communicating well with our staff and board.

However, I cannot recommend the request for additional funding for the following reasons:

- *Since 2019 the sheriff's department budget has increased from \$10.6 million to \$15.5 million. (42.57%)*
- *Salaries for sheriff employees have greatly increased during the same time period (54%). The FY 2024 budget includes a \$1.178 million increase in total salaries for the sheriff's department. The sheriff originally requested an additional \$650,000 which would include a 12% increase in pay for command staff and a 7% increase in pay for deputies based on a written proposal submitted to our office.*
- *The county was not competitive with pay compared to our adjoining counties in 2019 but today we are in line. If a deputy leaves to take employment in Bladen, Robeson, Scotland, or Pender county, their pay would be essentially the same. The exception is with Brunswick and New Hanover and we will never be able to keep pace with them. We are also not competitive with state agencies such as the highway patrol or the SBI.*
- *The county's general fund budget has only increased 20% in four years but we have increased the sheriff's budget by 42% meaning that other departments have had to be reduced to make accommodation for the sheriff's budget.*
- *Year to date (FY 2023) the sheriff's department is \$1.6 million over budget which is broken down as \$1,000,000 in overestimated federal inmate revenues and grants, and \$600,000 in over spending.*
- *The board set its priorities in March and it was understood that other departments such as Fire and EMS had to take priority in the FY 2024 budget year especially since the Sheriff's budget has been increased to over \$15 million dollars.*
- *G.S. 153A-92 requires the Board of Commissioners to set the rate of pay for all employees including the sheriff's employees. Furthermore, if in the future we cannot afford this pay plan, the board cannot reduce the pay of the sheriff's department without applying the same decrease to all other employees.*
- *In summary, we did not include the sheriff's budget request in the recommended budget for a number of reasons:*
 1. *It is outside the authority of the manager or finance director to adopt new pay plans;*
 2. *We do not have the capacity to fund the request without raising taxes or pulling out of fund balance; and*
 3. *The eight-year plan presented by the sheriff's department is not sustainable without a tax increase.*
 4. *While we want to support the sheriff and his department, we must maintain a balanced budget and protect the fund balance as required by the local government commission.*

Vice Chairman Coleman made a motion to deny, seconded by Commissioner Featherson. The motion unanimously passed.

ADJOURN COMBINATION MEETING OF Columbus County Water and Sewer Districts I, II, III, IV AND V BOARD MEETING.

MOTION:

Commissioner Watts made a motion to adjourn, seconded by Commissioner Smith. The motion unanimously passed

Agenda Item #28: COMMENTS:

A. Board of Commissioners

Commissioner Byrd commented:

There is someone in Waccamaw Shores who is experiencing an issue with algae in the canal. Is there any way we can contact someone to help.

Vice Chairman Coleman commented:

Thanks to the County Employees for all their help and with the ball fields by parks and recreation staff.

Commissioner Featherson commented:

As you all know today is June 19th, which is Juneteenth when slavery was abolished. Since Friday, there have been several activities celebrating this holiday. There was a pageant in Chadbourn, a parade in Whiteville, a kickball tournament over in Chadbourn, the celebration ended today at the fairgrounds. I was disappointed that it looked like a celebration of segregation. Let us all get more involved next year. Thanks to the Sheriff for the help they gave this weekend and on June 10th. Be mindful of the traffic during the holidays. Congratulations to all of the Graduates all around the county.

Commissioner Smith commented:

I want to praise all of our first responders, without them we would not be safe. It breaks my heart that we can not honor all of their requests, but we can not give what we do not have.

Chairman Bullard commented:

I thank the Lord for the rain we have had recently and I am also thankful for all you do.

B. County Manager

County Manager Eddie Madden commented:

Did have the opportunity to go down to the fairgrounds today, Miss Prince, Mr. West, and I saw the chamber Director there and probably 40 to 50 vendors. I am glad we got to drop by for a minute. I want to remind you of a couple things one is a Judge Sasser's appreciation event June 29 at 6 o'clock. I will send out reminders as we get closer to that and please plan to attend if you can. I have stated for the last couple of meetings, but I will state it again the collections department will officially move and open at 308 Madison St. building we call it the "A" building here on this campus. It'll open officially on the 28th of this month. Some of our staff will stay at Pinckney Street location for a period of time to accommodate any walk in traffic. Dr. Whichard's term with local city schools ends at the end of the month. His schedule did not align with the board schedule, but we have agreed to pick a future date for him to come and be properly recognized. Thanks, thanks for his service to Whiteville City Schools in to Columbus county. We will be meeting next Monday, June 26th, so please remember that instead of the July 3 regular meeting. We have a number of items already scheduled for that and it does start a bit earlier, at 5:00 P.M. so it's not at the regular time of 6:30 P.M.. It will begin at 5:00 P.M. I have the inclusive park site to open July 6 right at 2 o'clock and please please plan to attend that and participate in the ribbon-cutting for the new inclusive park. Should I say inclusive playground at the fitness park. Then, finally a reminder of the annual fireworks celebration in South Columbus high school Friday, June 30.
