According to adjournment, the Board of Commissioners met at the Stewart place on Thursday, January 16, 1930, at 1:30 p. m. all members being present, for the purpose of deciding which route should be followed in the construction of the proposed project leading from State Highway 23 via Dock Hinson's place and Hughes' Mill to the Chadbourn and Tabor Highway.

H. C. Edwards had made three surveys for right-of-way, these being submitted to the Board of Commissioners. One of the surveys called for a course beginning at the Stewart place on Highway 23 and ending at the Peacock road about 75 yards west of Dave Hughes' place. The second survey began approximately

300 yards north of the Stewart place on Highway 23 and ended at the aforesaid point near Dave Hughes' place. The third proposed route began on Highway 23 at G. C. Hinson's place and followed the old road-bed for the most part to a point about 75 yards west of the Dave Hughes' place on the Peacock road. On account of the fact that it would be less expensive for the Chain Gang to construct a road along the old road-bed, this being the route which would necessitate the least clearing of a right-of-way and being also the shortest route for the Chain Gang to complete, it was ordered that the third proposed route shall be the site of the proposed road.

Ordered: That John Hawes of Nakina, N. C., be allowed \$3.00 as present relief, and that his name be added to the Outdoor Poor list to receive \$3.00 per month from the Outdoor Poor fund.

There being no further business to come before the Board at this time, the meeting was adjourned until Tuesday, January 21, 1930, at 1:30 p. m.
