Emogene W. Suggs, Clerk

Others present at the meeting were:

Jo Anne Vereen, Director, Social Services

The meeting was called to order by the Chairman and he asked that anyone who wished may be heard on the transportation program and the difficulties of the program because of the cash flow.

A copy of expenditures made by SENClard in the operation of the Title XX Transportation Program was presented to the Board by Mrs. Vereen showing the amounts paid and the amounts disallowed because of ineligible recipients using the transportation facilities. It was determined that a part of these ineligible recipients were eligible under other programs. All agencies that participated in the program were current on reimbursements except for Social Services for the month of September.

Mr. Clark gave different amounts of money that was needed to continue to operate the transportation program, ranging from \$3,000.00 to \$12,000.

The Attorney restated his opinion that the County could neither give or loan SENClard money under the conditions discussed.

A motion was made by Commissioner Williamson, seconded by Commissioner McPherson and passed to table the discussion and decision to allow the Attorney to do further research and to inquire into the obligations of the County if the Section XVIII Grant is approved and accepted by the County to operate a public transportation program.

Bobbie DeWitt notified the Board that the County had been allotted 11 additional CETA slots (by phone). Upon motion by Commissioner Williamson, seconded by Commissioner Hinson, the following slots were assigned to various agencies:

Two at County Landfill	One at Dog Pound
<u>One each at the following schools:</u>
