#### Agenda Item #6: <u>PUBLIC INPUT</u>:

Refund user fee. Dbilled on Act#0902533

Chairman Bullard opened the floor for Public Comment.

#### Lyndon Merritt, 147 Antioch Church Rd, Whiteville, NC 28472 stated the following:

-I appreciate the opportunity to speak.

-I know that the moratorium is going to be up on the developments that was discussed all of last year.

-It's coming up pretty soon, I think in February.

-I appreciate everything all of you board members have done as far as that goes.

-I think you have done a great job.

-I just want to make sure all the I's are dotted and the T's are crossed because once that moratorium is up, if we've left anything that can be uncovered or finagled by some developers, they will attack it.

-I'm for progress, but it needs to be done responsibly and efficiently and what's best for all the citizens of Columbus County.

-Thank you for your time.

-And, I also want to say good move on purchasing the buildings, I think that was a smart move and it's better than having empty buildings all over town. -Thank you and good job.

#### Agenda Item #7: <u>EMPLOYEE SPOTLIGHT – SANDRA BENTON</u>:

County Manager Eddie Madden will spotlight DSS Income Maintenance Investigator II, Sandra Benton.

#### **Employee of the Year Nomination**:

Dear Nomination Committee,

I would like to nominate Sandra Benton for the Employee of the Year. Sandra has worked with DSS 33 years and plans to retire soon – leaving after 34 years of working with the county, which will be a loss for the county.

She has worked in many areas of DSS, but presently with Program Integrity. She also plays a major role with helping to administer the Energy programs.

Sandra is always a calm and friendly person who tries to find ways to assist as much as she can every person she comes in contact with. She is always willing to help and often offers to assist others in her department, along with energy staff, and the program manager. She can truly be depended on to be a support for her coworkers professionally and personally.

I respectfully submit this nomination for Sandra Benton to be recognized as the DSS Employee of the year.

#### - Melinda H. Lane, Program Manager

# Agenda Item #8: SOUTHEASTERN COMMUNITY ACTION PARTNERSHIP - COMMUNITY SERVICE BLOCK GRANT (CSBG) APPLICATION:

Kathleen Lowe Jacobs, Director of CSBG at Southeastern Community Action Partnership presented the application for the 2022-2023 Fiscal Year.

# Our geal is to help you achieve your goals.

#### FAMILY EMPOWERMENT SELF-SUFFICIENCY (FESS)

Southeastern Community Action Partnership (SCAP) believes that when a family moves above poverty, they are empowered and can give back to the community.

The Family Empowerment Self-Sufficiency (FESS) project provides assistance to support you and your family.

Our team works with individuals and families to determine their strengths, identify their needs, and put together a plan of action.

Participants in our FESS program have completed one or more of the following goals for themselves or their families:

- MOVED FROM POVERTY TO SELF-SUPPORT
- EARNED A JOB WITH MEDICAL AND OTHER BENEFITS
- COMPLETED THEIR EDUCATIONAL GOALS OR JOB TRAINING
- PURCHASED A HOME

The FESS project does not pay utilities, rent, or personal bills but we support our families and link them to other services if needed. Our Case Managers help you apply for other benefits and will make referrals as needed.

### HOW TO APPLY

#### ENROLLMENT IN THE FESS PROGRAM IS EASY AS 1, 2, 3.

- 1. Submit an application to our program. Applications can be found online at scapnc.org/fess
- 2. Complete a 90-day income review and connect with our Case Manager
- 3. Sign your participant agreement and set your program goals.

To qualify for the FESS program at SCAP, the family's yearly income must be below the poverty income guidelines set forth by the NCDHHS.

Individuals who apply must go through a 90day household income review. Additionally, individuals enrolled in our program must be willing and able to work closely with an assigned case manager to determine their goals and create a plan of action.

The FESS program exists to help remove the barriers to achieving your goals. Let us help you and your family!

Staff Involved:

Cynthia M. Wiford, MRC- Syd has more than 30 years' experience in public addiction and mental health systems and policy development, 20 of which were spent building and maintaining a private non-profit continuum of care for adult addiction that admitted an average of 3200 clients annually. Most recently, Syd was the Principle Investigator for the Behavioral Healthcare Resource Program where she and her staff provided expert consultation, technical assistance and training services throughout North Carolina for the NC Division of Mental Health, Development Disabilities and Substance Abuse Services. As a consultant, Syd has conducted Needs Assessments and Gap Analysis for state and local systems and was recognized by the Substance Abuse Mental Health Services Administration for her recent work with community needs assessments. In 2012, Syd was nominated to serve on a Committee sponsored by the Council on Social Work Education and SAMHSA/HRSA Center for Integrated Healthcare Solutions to contribute to standardized curricula for graduate Schools of Social Work on Integrated Behavioral Healthcare Policy. Syd held licenses for Clinical Supervision and Clinical Addiction Counselor in the states of Ohio and North Carolina for over 35 years.

Patricia W. Blackmon, BN, MPH - Trish has over 30 years of experience in healthcare administration. Her leadership roles in acute care hospitals, public health and physician practice development provide an excellent background for her technical assistance and training with integrated care models and quality-based practice. Trish has experience writing, coordinating and receiving federal and state grant funding, in addition to project development and implementation. She has business, financial and quality management experience and excels at working with multidisciplinary groups of people and helping them to work collaboratively towards a common goal.

Johna Hughes Bruton, MSW -Johna holds an MSW and has more than 20 years of experience in mental health, children's mental health, systems of care, and systems/program evaluation and assessment, serving in university systems and hospitals, statewide collaboratives, and federal expert panels. Johna has provided training, technical assistance and consultation, and worked closely with mental health and substance use providers on services, best practices, and system of care issues, and has conducted needs assessments, focus groups, research projects, evaluation of programs and federal grant projects, spending assessments and gap analyses for counties, local programs, providers and local management entities/managed care organizations. She enjoys the diversity of projects and challenges presented by our clients, from showcasing a special program in a marketing/education video, to helping them determine the best way to effectively reach large audiences with digital learning tools, to redesigning a service array based on extensive research and analysis of best practices and their current system and its needs.

Wei Li Fang, Ph.D.- Li holds a Ph.D. in Educational Evaluation from the University of Virginia. Li has held various professor level evaluator positions at the School of Medicine, University of Virginia, School of Medicine, University of North Carolina at Chapel Hill and most recently has held the position of Director of Research and Development at the Governor's Institute on Substance Abuse. Most recently Li's work has centered on the mental health and substance abuse issues of returning veterans and is responsible for coordinating North Carolina's returning Veteran's initiatives. Li has been affiliated with ACT Associates, LLC for the past 5 years and has worked on various projects conducting project evaluations, qualitative and quantitative analysis, interview design and grant and proposal writing.

Attached you will find a listing of grants that our staff have written through the years as a reference for our work.

Columbus County Proposal for the SAMHSA Harm Reduction Grant Program

What we are asking the Columbus County Commissioners for: -To approve an amount of \$2500.00 to support writing the federal grant. This amount funds the County's portion of a local partnership for this grant which includes the towns of Chadbourn, Whiteville, and the Columbus County Regional Healthcare System. The total cost of writing the grant application is \$10,000.00. ACT Associates, LLC will be responsible for writing the grant, collaborating with each of the 4 partners to identify their immediate needs which qualify for the grant funds and submitting the grant to the federal government.

Grant Description: SAMHSA (Substance Abuse Mental Health Services Administration-US Government)

Harm Reduction Grant Program

Application Due Date: Monday, February 7, 2022

The purpose of the program is to support community-based overdose prevention programs, syringe services programs, and other harm reduction services. Funding will be used to enhance overdose and other types of prevention activities to help control the spread of infectious diseases and the consequences of such diseases for individuals with, or at risk of developing substance use disorders (SUD), support distribution of opioid overdose reversal medication to individuals at risk of overdose, build connections for individuals at risk for, or with, a SUD to overdose education, counseling, and health education, refer individuals to treatment for infectious diseases, such as HIV, sexually transmitted infections (STIs), and viral hepatitis, and encourage such individuals to take steps to reduce the negative personal and public health impacts of substance use or misuse. This will include supporting capacity development to strengthen harm reduction programs as part of the continuum of care. Recipients will also establish processes, protocols, and mechanisms for referral to appropriate treatment and recovery support services. Grantees will also provide overdose prevention education to their target populations regarding the consumption of substances including but not limited to opioids and their synthetic analogs. Funds may also be used to help address the stigma often associated with risky behaviors and participation in harm reduction activities.

SAMHSA plans to issue 25 awards of up to \$400,000 per year for up to 3 years.

#### **MOTION**:

Commissioner McDowell made a motion to approve the SAMSHA Grant Harm Reduction NOFO Number SP-22-001, seconded by Commissioner Smith. The motion unanimously passed.

## Agenda Item #10:AIRPORT – APPROVAL OF CONTRACT TO CLEAR THE APPROACH TO<br/>RUNWAY 6 AND DECLARE THE TIMBER IN THAT AREA AS SURPLUS:

Phil Edwards, Director, requested Board Approval.

STATE OF: North Carolina

COUNTY OF: Columbus

#### TIMBER SALE AGREEMENT

THIS TIMBER SALE AGREEMENT (the "Agreement"), made this 23 day of December 20 21, by and

between <u>County of Columbus</u>, of

<u>Columbus</u> County, State of <u>NC</u> (herein referred to as "Seller") and CANAL WOOD, L.L.C., a limited liability company organized and existing under the laws of the State of Delaware (herein referred to as "Buyer").

WITNESSETH:

Seller for and in consideration of the sum as payment made or to be made by the Buyer has and hereby does grant, bargain, sell and convey unto Buyer, its successors and assigns, all of the following merchantable timber and timber products, both standing and fallen <u>Clearcut all Merchantable Timber</u>

#### description of timber products to be harvested

Said timber is located on the tract or parcel of land lying, situate and being in the County of <u>Columbus</u>, State of

NC \_\_\_\_, containing \_\_\_\_\_ acres, more or less, being described in attached Exhibit A.

See attached EXHIBIT A for legal description

(The land being the "Timber Area" and the timber being sold and affected being the "Timber.")

Payment and consideration: The purchase price for the Timber shall be:

(A) The Buyer has this day paid the Seller the sum of \$\_\_\_\_\_, receipt of which is acknowledged, being the entire amount of the consideration to be paid; OR

(B) The Buyer agrees to pay the Seller an advance of \$\_\_\_\_\_, and/or as provided herein on a unit basis for each unit cut and removed, the sum(s) of:

Species	Class of Material	Unit	Price Per Unit
Pine	Pulpwood	TON	\$9.80
Pine	Chip-n-Saw	TON	\$24.00
Hardwood	Pulpwood	TON	\$5.00

Buyer agrees to pay Seller according to schedule in item (B) above, for each unit or other agreed measure of the Timber cut. Payment shall be made in the form of a check drawn to the order of the Seller or the Seller's representative, unless agreed in writing otherwise.

<u>Time for Completion of Cutting</u>: Buyer, its successors and assigns, shall have until and including <u>1/1/23</u> to enter upon the Timber Area, and cut and remove the Timber there from. However, should the harvesting of the Timber be halted or stopped by an Act of God (including weather), injunction or other legal process, or by any act of Seller preventing the logging process by obstruction or other means to access to the Timber Area, the time of stoppage shall not be included in the time period stated above and it shall be extended by the same amount of days. It is provided further that the Buyer, its successors and assigns, shall have the option to extend the time allowed for the harvesting of the Timber for an additional <u>N/A</u> months in the event the harvesting cannot be completed by the date stated above.

#### Notice of Arbitration Provision

Any controversy or claim between Seller and Buyer, whether by virtue of contract, tort, or otherwise, arising out of or in any manner relating to this Agreement, or the breach thereof or the timber sold hereunder (including subsequent timber harvesting issues), shall be determined and settled by mandatory and binding arbitration before a single arbitrator administered by the American Arbitration Association according to its Commercial Arbitration Rules (and its Optional Rules for Emergency Measures of Protection), and any award of the arbitrator may be confirmed by any Court having jurisdiction thereof. The arbitration shall be governed by the Federal Arbitration Act, 9 U.S.C. §1 et seq. and applicable state law.

Each party hereto waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in respect of any action, suit or proceeding arising out of or in connection with this Agreement. Each Party shall bear its own costs (including, without limitation, attorneys' fees and legal expenses) in connection with such proceedings.

Access: Buyer, its successors and assigns, and their agents and employees, shall have full rights of, ingress and egress in, to, on and over the Timber Area, other lands hereinabove described, and any adjoining land of Seller leading to a public road for the purpose of doing any and all work necessary to complete the harvest of the Timber and removing it to market. Buyer agrees to maintain access roads and restore to original condition once logging has been completed. In the event that Buyer is unable to access to the Timber for harvesting or transportation to market purposes for a period greater than sixty (60) days due to reasons beyond its reasonable control, Buyer shall have the right to terminate this Agreement in its sole discretion. Seller shall have no resultant claim for damages against Buyer, and Buyer shall be entitled to recover any deposit or pre-payment for Timber not harvested. In addition, if the lack of access is due to actions of Seller or absence of proper rights of ingress and egress, such lack of access shall be deemed a breach of this Agreement and Buyer shall retain any and all resulting claims for damages against Seller.

<u>Indemnity</u>: Seller will indemnify Buyer and save and hold it harmless from any and all claims for loss or injury including, but not limited to, costs, expenses and fees, including attorney's fees, incurred by Buyer in defense of such claim(s) arising out of any occurrence on the land which is the subject of this Timber Agreement except where such loss is caused solely through the negligence of Buyer. Seller will also indemnify Buyer for any loss or injury occurring prior to the commencement of cutting operations as well as to those occurring after the removal of all cutting equipment.

<u>Warranty</u>: Seller hereby warrants good title and interest to the Timber and Timber Area and that Seller has the right to sell the Timber herein described. Seller also warrants that same property and with all warranties of title is free and clear of any and all liens, claims, competing interests and encumbrances of any timber included in this Agreement (except as noted), for the term of this Agreement. Seller will forever defend said title and the rights granted herein against the claims of all persons.

<u>Regulations</u>: If any governmental rule, ordinance, law or regulation, or if any action or threatened action from a federal, state, or local governmental agency restricts or prevents Buyer from cutting and removing the Timber, Seller shall reimburse Buyer for the Timber growing within the restricted area as determined by Buyer based on the actual volume within the restricted area at the prices used in calculating Buyer's bid. The refund payment shall be due ten days from the date of the refund and demand statement.

<u>Miscellaneous</u>: This Agreement constitutes the entire agreement between the Parties and supersedes all other prior agreements and understandings, both written and oral, between the Parties with respect to the subject matter hereof. No modifications of this Agreement, including post-execution changes to its terms, shall be valid unless executed in writing with the same formality of this Agreement and also by the same parties. This Agreement is binding upon the heirs, successors and assigns of the parties. Buyer has the right to assign, sell or convey its interest in the Timber and this Agreement. This Agreement and its contents shall be construed and governed in accordance with the laws of the state of location of the Timber Area. The terms of this Agreement are contractual in nature, not mere recitals.

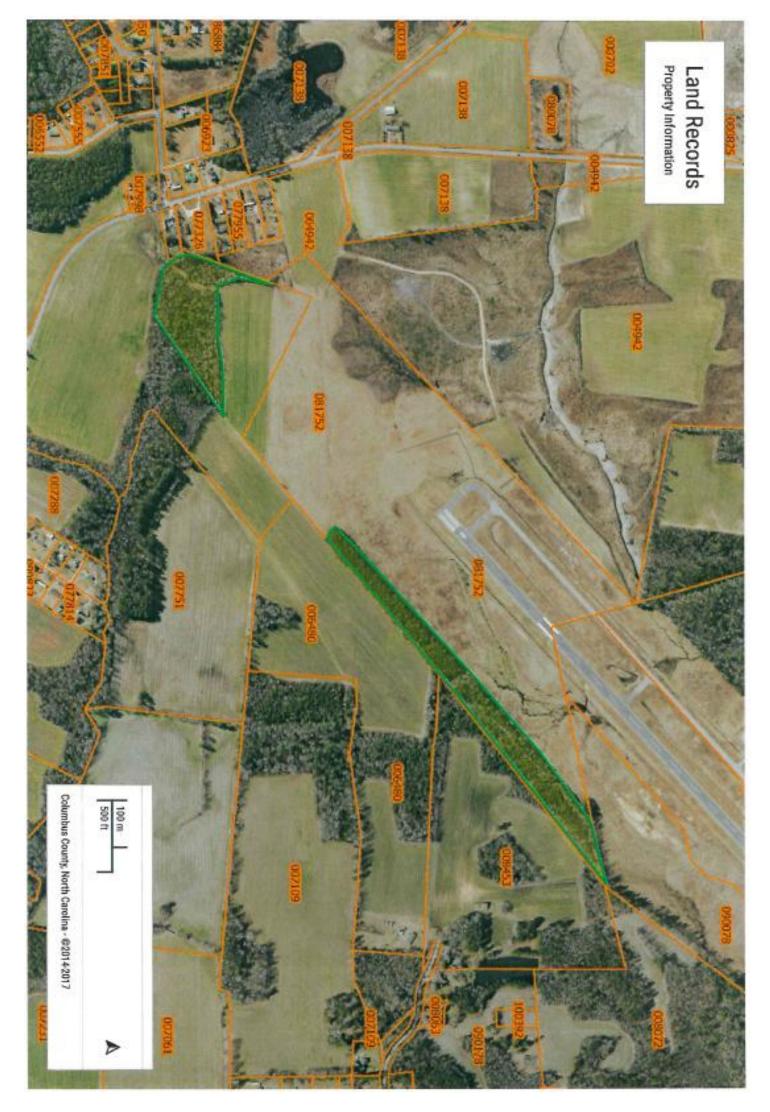

IN WITNESS WHEREOF, the Seller has signed and sealed this Agreement the day and year first above written.

#### Agenda Item #11: <u>AGING – CONSOLIDATED APPROPRIATIONS ACT, 2021 SUPPLEMENTAL</u> <u>NUTRITION FUNDING (SUPPLEMENTAL 5-HDC5) AGREEMENT for the</u> PROVISION of AGING SERVICES:

Kristie Massey, Director, requested Board Approval.

#### July 1, 2021 through September 30, 2022

#### Consolidated Appropriations Act, 2021 Supplemental Nutrition Funding (Supplemental 5-HDC5)

#### Agreement for the Provision of Aging Services

This Agreement, entered into as of this <u>10th</u> day of <u>January</u>, <u>2022</u>, by and between <u>Columbus County</u>, <u>110</u> <u>Courthouse Square</u>, <u>Whiteville</u>, <u>NC 28472</u> (hereinafter referred to as the "Grantee") and the Cape Fear Council of Governments</u>, 1480 Harbour Drive, Wilmington, NC 28401 (hereinafter referred to as the "Council").

Witnesseth That:

WHEREAS, Congress supported the safety and independence of older adults during the COVID-19 pandemic through emergency funding for home-delivered, congregate, and supplemental nutrition services included in the **Consolidated Appropriations Act, 2021, Supplemental Nutrition Funding (Supplemental 5-HDC5)**, and

WHEREAS, funding expended from **Supplemental 5-HDC5** must be used to respond to the coronavirus emergency by providing Older Americans Act services related to the response, and

WHEREAS, funds must be expended on allowable Older Americans Act activities as defined by the Older Americans Act and state and local policy, and

WHEREAS, the Council and the Grantee agree to the terms and conditions for provision of aging services in connection with activities financed in part by Older Americans Act grant funds, provided to the Council from the United States Department of Health and Human Services through the North Carolina Division of Aging and Adult Services (DAAS) and state appropriations made available to the COUNCIL through the North Carolina Division of Aging and Adult Services, as set forth in (a) this document, (b) related administrative letters (https://www.ncdhhs.gov/divisions/aging-and-adult-services/policy-and-procedure/administrative-letters) on the federal disaster grants issued by the Division of Aging and Adult Services to convey the flexibilities, requirements for allowable expenditures and documentation of service delivery, and other applicable flexibilities and waivers permitted under **Supplemental 5-HDC5**, (c) the Division of Aging and Adult Services Home and Community Care Block Grant Procedures Manual for Community Service Grantees, (d) the Division of Aging and Adult Services Service Standards, and, (e) the Division of Aging and Adult Services Community Service Grantees Monitoring Guidelines.

WHEREAS, These services are deemed necessary for prompt and efficient response under the Major Disaster Declaration.

NOW THEREFORE, in consideration of these premises, and mutual covenants and agreements hereinafter contained, the parties hereto agree as follows:

- 1. <u>Availability of Funds</u>. The terms set forth in this Agreement for payment are contingent upon the receipt of **Supplemental 5-HDC5** funding by the AREA AGENCY.
- 2. <u>Grant Administration</u>. The grant administrator for the Council shall be: Holly Pilson, Director, Area Agency on Aging.\_The grant administrator for the Grantee shall be: <u>(Enter Name/delete underline)</u>. \_It is understood and agreed that the grant administrator for the Grantee shall represent the Grantee in the performance of this Agreement. The Grantee shall notify the Council in writing if the administrator changes during the grant period.
- 3. Services authorized under this agreement or those identified as necessary to provide timely and necessary response to the COVID-19 pandemic, provided they are among those services allowable under Title III-C of the Older Americans Act, as specified on Attachment A HDC5 Approved Budget form to commence no later than July 1, 2021 and September 30, 2022 and shall be undertaken and pursued in such sequence as to assure their expeditious completion. All services required hereunder shall be completed on or before the end of the Agreement period stated above.
- 4. <u>Assignability and Contracting</u>. The Grantee shall not assign all or any portion of its interest in this Agreement. Any purchase of services with **Supplemental 5-HDC5** funding shall be carried out in accordance with the procurement and contracting policy of the Grantee or, where applicable, the Council, which does not conflict with procurement and contracting requirements contained in 45 CFR Part 75, Subpart D-Post Federal Award Requirements, Procurement Standards, except for those services purchased in response to, and during the active period of the Major Disaster Declaration for North

Carolina due to the COVID-19 pandemic, as declared by the President of the United States on March 25, 2020, effective January 20, 2020 and continuing. Federal funds shall not be awarded to any subrecipients who have been suspended or debarred by the Federal government. In addition, Federal funds may not be used to purchase goods or services costing over \$100,000 from a vendor that has been suspended or debarred from Federal grant programs.

5. <u>Compensation and Payments to the Grantee</u>. The Grantee shall be compensated for the work and services actually performed under this Agreement by payments to be made monthly by the Council. Total reimbursement to the Grantee under this Agreement may not exceed the grand total of applicable COVID-19 funding, as specified on Attachment A HDC5 Approved Budget form.

#### a. Reimbursement of Service Costs

The Grantee must have a method of projecting service costs based on estimated revenues and expenses, in order to receive adequate reimbursement as well as show reasonable and justifiable costs. Reimbursement of service costs will be based on the submitted and approved DAAS-732-A-COVID Service Cost Computation Worksheet and the DAAS 732-A-1-COVID Labor Distribution Form, and the HDC5 Proposed Budget form (Attachment A).

- b. <u>Payment of Administration on Aging Nutrition Services Incentive Program (NSIP) Subsidy</u> NSIP subsidy for congregate and home delivered meals is not allowable under the **Supplemental5-HDC5** funding.
- 6. <u>Collection of Non-Federal Matching Resources.</u> There is no match requirement for services delivered by the Grantee through **Supplemental 5-HDC5** funding.
- 7. <u>Budget revisions</u>. Unless Grantee has been given the capacity to enter data into the Aging Resources Management System (ARMS), the Council is responsible for entering amended service data into the DAAS Management Information System, as specified in the N.C. Division of Aging and Adult Services Home and Community Care Block Grant Procedures Manual for Community Service Grantees. During the active period of the Major Disaster Declaration due to the COVID-19 pandemic, the Administration for Community Living (ACL) has granted flexibility as to the use of certain funds. This Grantee may use **Supplemental 5-HDC5** funding not only for Title III-C2 home-delivered meals, but also for Title III-C1 congregate nutrition services. If the Major Disaster Declaration ends during the project period, unobligated funding may only be used for home-delivered nutrition. Prior approval is not required for transfers between home-delivered and congregate nutrition budgets while the Major Disaster Declaration is in effect and must be approved by the Council.
- 8. <u>Reallocation of Funds</u>. Any reallocation of **Supplemental 5-HDC5** funding between Grantees shall be effective only for the period of the Agreement. Any adjustment to the **Supplemental 5-HDC5** budget will not affect the allocation of future funding to the Grantee. The Grantee will submit a revised Attachment A (DAAS-732-A-COVID Service Cost Computation Worksheet/DAAS 732-A-1-COVID Labor Distribution Form and/or the HDC5 Proposed Budget form) for approval to the Council Grants Administrator, Holly Pilson. An approved budget adjustment will be returned to Grantee. If during the performance period of the Agreement, the Council determines that a portion of the **Supplemental 5-HDC5** funding will not be expended, the grant administrator for the Grantee shall be notified in writing by the Council and given the opportunity to make funds available for reallocation to other Grantees in the Planning and Service Area or elsewhere in the state.

Because this **Supplemental 5-HDC5** funding is meant to provide additional meals to older adults in response to the COVID-19 pandemic, it is understood that Grantee is responsible for expenditures that support service delivery during the project period. If applicable, Council should discuss any potential underutilization of funds after 50% of the project period has lapsed. When 75% of the project period has lapsed, the Council is authorized to initiate transfer of unobligated funds identified as unlikely to be utilized to other Grantees and counties.

9. <u>Monitoring</u>. This Agreement will be monitored to assure that services are being provided as stated in this agreement and as outlined in administrative letters on the **Supplemental 5-HDC5** grants issued by the Division of Aging and Adult Services to convey the requirements for allowable expenditures and documentation of service delivery to eligible older adults.

The monitoring of services provided under this Agreement shall be carried out by the Council in accordance with its Assessment Plan and as specified in Sec. 308 of the AAA Policies and Procedures Manual. The Grantee will receive a written report of monitoring findings in accordance with procedures established in Section 308.4. Any areas of non-compliance will be addressed in a written corrective action plan with the Grantee.

10. <u>Disputes and Appeals</u>. Any dispute concerning a question of fact arising under this Agreement shall be identified to the designated grants administrator for the Council. In accordance with Lead Regional Organization (LRO) policy, a written decision shall be promptly furnished to the designated grants administrator for the Grantee.

The decision of the LRO is final unless within twenty (20) business days of receipt of such decision the grant administrator for the Grantee furnishes a written request for appeal to the Director of the North Carolina Division of Aging and Adult Services, with a copy sent to the Council. The request for appeal shall state the exact nature of the complaint. The Division of Aging and Adult Services will inform the grant administrator for the GRANTEE of its appeal procedures and will inform the Council that an appeal has been filed. Procedures thereafter will be determined by the appeals process of the Division of Aging and Adult Services. The state agency address is as follows:

Director North Carolina Division of Aging and Adult Services 693 Palmer Drive 2101 Mail Service Center Raleigh, North Carolina 27699-2101

11. <u>Termination for Cause</u>. Should the Grantee fail to fulfill in a timely and proper manner its obligation under this Agreement, or if Grantee shall violate any of the covenants, agreements, or stipulations of the Agreement, the Council shall thereupon have the right to terminate this Agreement by giving written notice to the Grantee of such termination, specifying the effective date thereof, at least 30 (30) days before the effective date of such termination.

Notwithstanding the above, the Grantee shall not be relieved of liability to the Agency by virtue of any breach of the Agreement by the Council, and the Council may withhold any payments to the Grantee for the purpose of affect until such times as the exact amount of damages due the Council is determined.

<u>Termination for Convenience</u>. Either Party may terminate this Agreement at any time by giving written notice to the other Party at least 30 (30) days in advance of the effective date of termination. In the event of termination, all verification of service provided by the Grantee shall be reported to the Council, such sums to be paid cannot exceed sums approved for payment to the Council by the NC DAAS under the Grant Contract.

<u>Termination Due to Lack of Funds.</u> The Agreement may be terminated by either Party by providing the other Party thirty (30) days prior written notice because of lack of funds, either state or non-federal. If funds to finance this Agreement become unavailable, the obligations of each Party hereunder may be terminated upon no less than thirty (30) days written notice to the other Party. Said notice shall be delivered by certified mail or in-person. The NC DAAS shall be the final authority as to the availability of state funds. Waivers of breach of any provisions of the Agreement shall not be construed to be a modification of the Contract terms.

12. <u>Audit</u>. The GRANTEE agrees to have an annual independent audit in accordance with North Carolina General Statutes, North Carolina Local Government Commission requirements, Division of Aging and Adult Services Program Audit Guide for Aging Services, and Federal Office of Budget and Management (OMB) Uniform Guidance 2 CFR Part 200.

Any GRANTEE that is not a unit of local government or otherwise subject to the audit and other reporting requirements of the Local Government Commission is subject to audit and fiscal reporting requirements as stated in NC General Statute 143C-6-22 and 23 and OMB Uniform Guidance CFR 2 Part 200, where applicable. Applicable community service Grantees must send a copy of their year-end financial statements, and any required audit, to the Council. Grantees are not required to submit Activities and Accomplishments Reports. For-profit corporations are not subject to the requirements of OMB Uniform Guidance 2 CFR Part 200, but are subject to NC General Statute 143C-6-22 and 23 and Yellow Book audit requirements, where applicable.

Federal funds may not be used to pay for a Single or Yellow Book audit unless it is a federal requirement. State funds will not be used to pay for a Single or Yellow Book audit if the Grantee receives less than \$500,000 in state funds. The Department of Health and Human Services will provide confirmation of federal and state expenditures at the close of the state fiscal year. Information on audit and fiscal reporting requirements can be found at <a href="https://www.osbm.nc.gov/stewardship-services/grants/grant-recipients">https://www.osbm.nc.gov/stewardship-services/grants/grant-recipients</a>

The following chart provides a summary of reporting requirements under NCGS 143C-6-22 and 23 and OMB Uniform Guidance 2 CFR Part 200 based upon funding received and expended during the service Grantee's fiscal year.

Annual Expenditures	Report Required to AAA	Allowable cost for reporting
Less than \$25,000 in state or federal funds	Certification form and State Grants Compliance Reporting <\$25,000 (Item #11, Activities and Accomplishments) does not have to be completed) OR Audited Financial Statements in compliance with GAO/GAS (i.e., Yellow Book).	N.A.

- 13. <u>Audit/Assessment Resolutions and Disallowed Cost</u>. It is further understood that the community service Grantees are responsible to the Council for clarifying any audit exceptions that may arise from any Council assessment, or Grantee single or financial audit, or audits conducted by the State or Federal Governments. In the event that the Councilor the Department of Health and Human Services disallows any expenditure made by the community service Grantee for any reason, the Grantee shall promptly repay such funds to the Council once any final appeal is exhausted in accordance with paragraph eleven (11). The Council can recoup any required payback from the Grantee in the event that payback is due to Grantee's failure to meet OMB Uniform Guidance CFR 2 Part 200, 45 CFR Part 1321, or state eligibility requirements as specified in policy.
- 14. <u>Indemnity</u>. The Grantee agrees to indemnify and save harmless the Council, its agents, and employees from and against any and all loss, cost, damages, expenses, and liability arising out of performance under this Agreement to the extent of errors or omissions of the Grantee.
- 15. <u>Equal Employment Opportunity and Americans with Disabilities Act Compliance</u>. The Grantee shall comply with all federal and state laws relating to equal employment opportunity and accommodation for disability.
- 16. <u>Data to be Furnished to the Grantee</u>. All information which is existing, readily available to the Council without cost and reasonably necessary, as determined by the Council's staff, for the performance of this Agreement by the Grantee shall be furnished to the Grantee without charge by the Council. The Council, its agents and employees, shall fully cooperate with the Grantee in the performance of the Grantee's duties under this Agreement.
- 17. <u>Rights in Documents, Materials and Data Produced</u>. The Grantee agrees that at the discretion of the Council, all reports and other data prepared by or for it under the terms of this Agreement shall be delivered to, become and remain, the property of the Council upon termination or completion of the work. Both the Council and the Grantee shall have the right to use same without restriction or limitation and without compensation to the other. For the purposes of this Agreement, "data" includes writings, sound recordings, or other graphic representations, and works of similar nature. No reports or other documents produced in whole or in part under this Agreement shall be the subject of an application for copyright by or on behalf of the Grantee.
- 18. <u>Conflict Of Interest</u>

A. <u>Interest of Grantee</u>: The Grantee covenants that neither the Grantee nor its agents or employees presently has an interest, nor shall acquire an interest, direct or indirect, which conflicts in any manner or degree with the performance of its service hereunder, or which would prevent, or tend to prevent, the satisfactory performance of the Grantee's service hereunder in an impartial and unbiased manner. The Grantee further covenants that in the performance of this contract no person having any such interest shall be employed by the Grantee as an agent, subcontractor or otherwise.

B. <u>Interest of Members of the Council and Others</u>: No officer, member or employee of the Council, and no public official of any local government which is affected in any way by the Project, who exercises any function or responsibilities in the review or approval of the Project or any component part thereof, shall participate in any decisions relating to this agreement which may affect his personal interest or the interest

of any corporation, partnership or association in which he is, directly or indirectly, interested; nor shall any such person have any interest, direct or indirect, in this contract or the proceeds arising therefrom.

C. <u>Officials Not to Benefit</u>: No member of or delegate to the Congress of the United States of America or the General Assembly of the State of North Carolina, resident Commissioner or employee of the United States Government or the North Carolina State Government, shall be entitled to any share or part of this agreement or any benefits to arise herefrom.

- 19. <u>Confidentiality and Security</u>. Any client information received in connection with the performance of any function of a community service Grantee or its subcontractors under this Agreement shall be kept confidential. The Grantee acknowledges that in receiving, storing, processing, or otherwise handling any confidential information, the agency and any subcontractors will safeguard and not further disclose the information except as provided in this Agreement and accompanying documents.
- 20. <u>Prohibition Against Use Of Funds To Influence Legislation</u> No part of any funds under this Agreement shall be used to pay the salary or expenses of any employee or agent acting on behalf of the Grantee to engage in any activity designed to influence legislation or appropriations pending before Congress.
- Record Retention and Disposition. All state and local government agencies, nongovernmental entities, 21. and their subrecipients, including applicable vendors, that administer programs funded by federal sources passed through the NC DHHS and its divisions and offices are expected to maintain compliance with the NC DHHS record retention and disposition schedule (https://www.ncdhhs.gov/about/administrativeoffices/office-controller/records-retention). In addition, the NC Department of Natural and Cultural Resources has developed a General Records Schedule for Local Government Agencies as well as individual retention and disposition schedules for local government agencies like county social service agencies and local health departments. Those schedules are posted at https://archives.ncdcr.gov/government/local.

Retention requirements apply to the community service Grantees funded under this Agreement to provide Home and Community Care Block Grant services. By funding source and state fiscal year, the NC DHHS record retention schedule lists the earliest date that grant records in any format may be destroyed. The State Archives provides information about destroying confidential data and authorized methods of record destruction (paper and electronic) at <a href="https://archives.ncdcr.gov/government/records-management-tools/faq#how-can-i-destroy-records">https://archives.ncdcr.gov/government/records-management-tools/faq#how-can-i-destroy-records</a>.

The NC DHHS record retention schedule is based on federal and state regulations and pertains to the retention of all financial and programmatic records, supporting documents, statistical records, and all other records supporting the expenditure of a federal grant award. Records legally required for ongoing official proceedings, such as outstanding litigation, claims, audits, or other official actions, must be maintained for the duration of that action, notwithstanding the instructions of the NC DHHS record retention and disposition schedule.

In addition to record retention requirements for records in any format, the long-term and/or permanent preservation of electronic records require additional commitment and active management by agencies. The community service Grantee will comply with all policies, standards, and best practices published by the Division of Aging and Adult Services regarding the creation and management of electronic records.

a. <u>Applicable Law</u>. This Agreement is executed and is to be performed in the State of North Carolina, and all questions of interpretation and construction shall be construed by the laws of such State.

#### MOTION:

#### Agenda Item #12: <u>DSS – MONTHLY ADMINISTRATIVE UPDATE</u>:

Algernon McKenzie, Director, provided the monthly update.

#### Monthly Administrative Update For December 2021 January 18, 2022 Meeting

During the month of December many of our staff participated and enjoyed the appreciation luncheon sponsored by our county leadership, board of county commissioners and many others. Many thanks to all who made this event possible during this difficult time in our community and nation.

On December 8, 2021 we had our first review of our adult payee cases. Payment and bank records for Social Security Benefits received by DSS on behalf of the individuals we are responsible for were reviewed. This was completed by a representative from Disability Rights North Carolina, which is contracted by Social Security Administration. We have not received any further information or results at this time. This review is voluntary for representative payees. However, we did participate in the review. Presently, DSS serves as representative payee for 22 individuals.

On December 9, 2021, I participated in our monthly North Carolina Director's Association zoom meeting. During this meeting we were informed that the tailored plans for Medicaid are still being developed. The state is also working on the development of no touch applications for Medicaid, which will help county staff save time.

We also learned that Pandemic Food and Nutrition Benefits have been approved 2021-2022 for school age children. Students approved for free and reduced lunch who are absent from school due to a Covid related incident

would be eligible for these benefits. Payment will be made strictly on their attendance record with the school entering a code. Lastly updates were given on the budget and energy programs.

During the month of December, DSS began taking applications for the Low Income Energy Assistance Program (LIEAP) for individuals 60 and up. All other individuals may apply January 3, 2022 This is a onetime payment to assist with heating cost. We also started the new Low Income Household Water Assistance Program (LIHWAP) which will assist individuals with services that have been disconnected or are in danger of being disconnected because the bill

is past due. Households whose water has not been disconnected who need assistance can apply beginning January 3, 2022 if they meet the eligibility requirements. This program will run through September 30, 2023 or until funds are exhausted. Information about our energy programs have been posted on the DSS and county websites.

Our agency continues to be open to the public with some restrictions and safety protocols in place to keep staff and the public safe. We continue to offer in person, online, and drop off options for applying for services.

Lastly, our building is sanitized daily and cleaned throughout the day.

**Reporting Month: December 2021** 

#### **News/Updates/Vacancies**

#### **Food and Nutrition:**

The State has revised many waivers that have been put into place with the COVID-19 pandemic. Two permanent waivers that have been put into place are: telephonic hearings for clients and Online purchasing. The waiver that increased benefits up to the maximum household allotment will terminate January 31, 2022. This means households will get the amount of benefits that policy allows according to their income and household size with no additional benefits. Other waivers are being reviewed to terminate as of March 31, 2022 however; these policies are subject to change. Applications continue to be taken face to face, drop offs in the drop box and electronically while trying to maintain compliance timeframes. We continue to have quarterly meetings with our State Representative via conference calls. This team has one vacancy.

#### Adult and Family & Children's Medicaid:

Medicaid has completed 8 of their 10-month Audit with the State with all 20 cases reviewed for last month being correct. We have been provided great feedback and have had some learning experiences. Ending the year was very hectic with the Audit being completed; cases having to be worked due to COLA increases; open Enrollment for the Federal Market Place, the Medicare Part D open enrollment, Medicare for Qualified Beneficiaries for a certain category that had to be reviewed once a year. The State phased in requirements for testing for workers to take required certifications and complete with a satisfactory scoring in order to work within NCFAST. Some workers have also completed these test with a satisfactory scoring. On top of all year-end requirements, both Medicaid Teams are short staffed and are getting burned out on carrying extra caseloads. Waivers in the Medicaid programs are also being reviewed to decide which ones will have a termination date. Our last quarter meeting with our Medicaid Representative was cancelled due to so much activity at the end of the year. We have 3 vacancies on the Adult Team and 3 vacancies on the Family and Children's Team and 4 employees between the teams still in the early stages of training.

#### Medicaid for Long Term Care, Medicaid Transportation and Housekeeping:

- We continue to have one vacancy on this team and they continue to meet all timeframes.
- Transportation continues to remain busy and we continue to have one vacancy on this team.
- Housekeeping continues to keep our building clean as we transition from the carpet to the flooring that is being put in.

#### **Child Support and Paralegal:**

We continue to have struggles in Child Support also. We are not meeting some timeframes however some of this is due to staff shortages. We struggle to have qualified applicants applying for these positions. Our State Representative continues to meet with us monthly and reviews cases in the ACTS Child Support System for errors and feedback. These meetings have been by conference call however beginning January 2022 the State has released their Representatives to travel to counties. This Team had 3 court days and prepared 239 cases for court while 254 orders were prepared. This Team continues to have 5 vacancies.

#### HUMAN SERVICES BOARD REPORT Melinda H. Lane, Program Manager Vacancies/Updates/News for December 2021

#### Intake/Investigation/Assessment:

The Intake/Investigation/Assessment Unit is now fully staffed due to a lateral transfer from another Unit. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. This Unit continues to be very busy with referrals involving substance abuse, domestic violence, and mental health issues, among other things. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework. The Continuous Quality Improvement (CQI) Plan continues to progress well. She will be reviewing it again in January. This Unit continues to work on the areas that need improvement through trainings, technical assistance from the RCWC, and increased supervision.

The In-Home Services Unit is now short staffed due to a lateral transfer to another Unit. That position has been advertised. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. Total contacts continue to increase indicating more intensive involvement with current caseloads. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework. The Continuous Quality Improvement (CQI) Plan continues to progress well. She will be reviewing it again in January. This Unit continues to work on the areas that need improvement through trainings, technical assistance from the RCWC, and increased supervision.

#### **Foster Care/Permanency Planning:**

The Foster Care Unit continues to be fully staffed, although one worker is currently on medical leave. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. This Unit continues to break county records for the largest amount of children in custody in Columbus County with an increase again this month. Drug abuse, sexual abuse, and severe neglect appear to be the biggest contributing factors, along with a lack of family support. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework. The Continuous Quality Improvement (CQI) Plan is progressing well. She will be reviewing it again in January. This Unit continues to work on the areas that need improvement through trainings, technical assistance from the RCWC, and increased supervision.

#### **Transitional Unit:**

The Transitional unit continues to be fully staffed, although the Supervisor has been on medical leave. Staff are working caseloads while assisting the other Child Welfare Units as needed, particularly in the areas of courtesy requests from other counties and assisting with supervising visits and transporting children in custody. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. Foster Home Licensing continues to work on completing more licensures to help increase the number of foster home available for the increasing amount of foster children. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework.

#### **Adult Services:**

The Adult Services Unit continues to have one Social Worker vacancy which has been re-advertised yet again due to a lack of applicants. A recent applicant that came for an interview declined after the salary was discussed. The reclassified position continues to be advertised to assist with the increasing caseloads of current staff, although no applicants have applied. At the end of January another worker will be leaving due to retirement making this Unit short staffed by two. The new Supervisor is currently working through required trainings that will assist her with her new position. She is now having to assist with making contacts with clients to assist her limited staff. This Unit continues to make mandated contacts to provide needed services to the elderly and disabled while utilizing precautions due to COVID-19. This Unit continues to be busy in its day-to-day activities of contacts with the elderly and disabled and resource agencies. This can be a difficult population to work with at times because of their various needs, the lack of resources, and the adult's right to self-determination.

#### Work First Employment:

This Unit continues to be fully staffed. The agency is now open for in-person applications. However, telephone interviews for Work First applications, recertification's, short-term services and benefits continue to be allowed. Certain necessary application documentation can be mailed to individuals that wish to apply and when received back the worker can conduct telephone interviews to complete that application. Some application information is also being provided for pick-up in the foyer area of the agency. Workers are encouraged to make telephone contacts with clients at least every two weeks to offer support and resources to clients. This Unit is assisting with the Low Income Household Water Application Program by completing interviews and applications as needed.

#### **Child Day Care:**

The Child Day Care Unit continues to have one vacancy due to the promotion of a worker to a supervisor's position in another area. This position has recently been advertised. The Supervisor and staff continue to work the over and under payment report to ensure proper payment is being made to county daycare providers. The agency is now open for in-office visits by clients. Day Care services are continuing to be provided and the state is working with county agencies and day cares to help them stay open as much as possible while providing a safe environment for children. DSS staff continue to work with families to ensure their services stay in place while limiting contact to the telephone as much as possible. This Unit is continuing to work on its waiting list to determine the continued need for services. Hopefully this will give the Unit a better idea of where the need is and decrease the waiting list.

#### **Program Integrity:**

Program Integrity continues to be fully staffed. Office visits are limited and telephone contact is encouraged, but office visits are possible. Repayment agreements are being relaxed to help clients during this time. Staff are working to clean up a backlog, establishing cases and repayment agreements, all while assisting with the Energy Programs.

#### **Energy Assistance**

The Crisis Intervention Program (CIP) continues to be busy. Applications are available on EPASS where applicants can complete and submit applications on-line, but continue to be available in our lobby for pick up and completion. One in-house staff person is currently processing applications along with 3 temporary staff. Finding temporary staff and keeping them has been a huge problem as staffing agencies continue to find willing and able staff to assist. This is the first time this has ever happened. Applications are increasing as we assist with heating. Duke Energy Progress extended its moratorium,

which is in place to help prevent some customers from being disconnected no matter what their bill grows to. This also affects the amount of approvals for electricity since having a final notice is a requirement of the Crisis Intervention Program. Low Income Energy Assistance will automatically approve some households this January that received from the LIEAP program in January 2021 that have at least one child 10 years of age or younger. This is the first time the state has ever done this. Letters were mailed out to those parents notifying them of their automatic approval and encouraging them to contact the local DSS if any changes to their situation has occurred. All other households began applying for LIEAP beginning January 3.

#### Low Income Household Water Assistance Program (LIHWAP)

LIHWAP continues for all counties. This program is a federally funded program that will provide emergency assistance to low-income households to prevent disconnection or provide assistance with the reconnection of drinking and wastewater services. It will be based on a priority list: Group 1 will consist of households that have had water services disconnected. Group 2 will consist of households that are in jeopardy of water services being disconnected unless action is taken to prevent the disconnect. Group 3 will consist of households that have current water service bills and need assistance to maintain service. We have been working this program diligently spending \$74,569.78 of the \$144,101.00 allocation and completing 115 applications thus far.

Harold Nobles, Director, requested Board Approval.

Commissioner Coleman made a motion to approve the Rural Development Application, seconded by Commissioner Byrd. The motion unanimously passed.

### ADJOURN <u>COMBINATION MEETING</u> of COLUMBUS COUNTY WATER and SEWER DISTRICTS I, II, III, IV and V BOARD MEETING:

At 7:03 P.M., Commissioner McDowell made a motion to adjourn the combination meeting of Columbus County Water and Sewer Districts I, II, III, IV and V Board Meeting, seconded by Commissioner Coleman. The motion unanimously passed.

#### Agenda Item #19: <u>COMMENTS</u>:

Chairman Bullard opened the floor for comments. The following spoke:

#### A. Board of Commissioners:

- 1. **Commissioner Coleman** stated the following:
  - -I really don't have a lot to say.

-We had an ice storm this past week and we have one coming up this weekend also.

-I would just encourage citizens to be careful, take care of yourselves and take care of your families because it's going to be icy and cold out there.

-I want to thank everybody for all you've done and all you're going to do.

-I urge everyone to look on the good side of things and count your blessings because we have a lot of blessings to be thankful for.

#### 2. Commissioner McDowell stated the following:

-If you live in a rural area, and you do not have access to county water, this is a reason to get county water because if the power goes out, you will have water.

-I was speaking to a gentleman the other day and he was asking me what I'd done to prepare for the storm.

-I told him I didn't think we would get a lot here but whenever we have a hurricane I usually fill up my washing machine.

-He said, "Your washing machine?"

-And I said yes, that's the water I use to flush my toilets with.

-I also fill up my bath tubs and that way you can dip the water out to flush your toilets.

-We also put up drinking water.

-So, I'm just saying if you live in a rural area and we do get ice, you can prepare by having water to at least flush your toilets and cook with and all those kinds of things.

-And please be careful because they talk like it's going to happen one way or the other, it's just a matter of what we get.

-Secondly, I want to congratulate Mr. Jason Beck out at the hospital for being named the new CEO out there.

-I think all of us have met him.

-I think he'll do a wonderful job, he's a really good communicator and communication, communication is how you get things accomplished.

-Also, I'd like to mention, I watched the news and I saw where the federal government is going to give 4 home testing kits to each household, but you have to apply for it.

-Mr. Alan James and I were talking tonight and you can actually do it on the United State Postal Service website.

-So, if you're interested but say, "well I'm not sick right now", well they aren't going to ship until the end of January.

-That's like waiting until it's 10 degrees outside to go buy a coat.

-Go ahead and get the kits, if you need them, you'll have them, if you don't well then you might know someone who needs them.

-To me, that just makes sense, and they will mail the kits to your house.

#### 3. Commissioner Smith stated the following:

-I want to thank Mr. Nobles and Mrs. Edwards for working hard on Brick City Rd.

-That's my district and that's as nice a group of people that I have ever met.

-And like Mr. Byrd said, if anybody in this county wants water, they should be allowed to get it if they sign up for it and paid their dues, they should be allowed to get it, whatever it costs.

4. Vice Chairman McMillian stated the following:

- I would also like to congratulate Mr. Beck at the hospital.

-Also, I would like to thank our staff here, Mr. Harold Nobles, Mrs. Gail Edwards and our County Manager for working with us to get these water extensions.

-Just like Commissioner McDowell said, it means a lot, when we have these storms, to be able to have drinking water and be able to use the bathroom and take a bath.

-So, I would like to thank you all for the hard work that you've done to make this possible.

-I know the people on Otto Nance Rd are excited that they will be able to hook up now.

-Hopefully, in the near future, Silver Spoon Rd will have the same thing.

-Of course there are other areas that we are working on, so I would just like to thank the staff for their hard work to make this possible.

#### 5. Commissioner Byrd stated the following:

-Mr. Madden, I would like for you to talk to Mr. Clark at DOT.

-Down on the East End of the County, they've just done two turning lanes, I'm not sure what the proper name for them is, but they are at Lake Waccamaw and Chauncey Town.

-They did it, and then they paved the little outside strip of the road up to the intersection.

-In that particular area, there are 3 lanes so you're not weaving in and out.

-Now, when you go to Blacksmith in Bolton, with the 1<sup>st</sup> one they built several years ago, and as far as I know there hasn't been a casualty, but in those you come right back into the line of traffic. -And I just think, for a few dollars, they can put that 3<sup>rd</sup> lane there and head off any kind of collisions in the future, because it's going to happen.

County Manager Eddie Madden: What was the location?

**Commissioner Byrd** stated the following:

-It's at Blacksmith and 74/76, a little east of Bolton.

#### 6. **Commissioner Watts** stated the following:

-I don't have much to say.

-I know you all are aware we started a committee on the County's Parks & Rec and we hired a company to do our survey.

-We've had the school meetings and we've had very little participation.

-Out of the entire county we've only had 55 people to complete the survey.

-That's not a lot.

-I've shared it, the county has shared it, we've asked everyone to share it, Southeastern has shared it.

-So, just tell people to fill the survey out, it only takes like 5 minutes, because they have to get the information to make it work.

-So I just ask people, if you're sitting home this weekend, snowed in, fill the survey out.

Chairman Bullard: Is it on the County's website?

**Commissioner Watts** stated the following:

-It's on the county website, parks and rec website, Southeastern has put it on their website, I've shared it on Facebook.

-A lot of people have shared it but, just take the time.

Chairman Bullard: Do the schools have it on their website?

Commissioner Watts stated the following:

-We were going to ask the schools about that and I think we have reached out to them now.

-I spoke to some friends the other night and I told them, you wanted this, well you have to put forth some effort.

**Commissioner Coleman:** I would like to piggy-back off of what he said. People have said they wanted this complex and they want to help this county grow but yet they are not participating. So please, help us, help you. That's the bottom line.

**Commissioner Watts** stated the following:

-That's right.

-I shared it the other night and people said that's great, that's great.

-Just fill out the survey.

-Some of my friends have said, you're serious about this and I say, you all have fussed at me to do something and I'm trying to do something.

-Now do your part.

-Another week and the survey is over.

-We all voted to pay the company to do all this, now it's up to the citizens to put forth the effort and do the survey.

**County Manager Eddie Madden:** The only thing I would add to that is that obviously we are moving toward and an application for a grant, and without a good response and a significant number of surveys turned in, we will not receive credit for that to be considered a bona fide part

of our process. So, it's imperative that we have several hundred and not just a handful of these surveys filled out in order for us to receive full credit for them.

Commissioner Watts stated the following:

-And, you don't have to have a kid that plays ball.

-I mean this is for elderly people who might want a walking path, this is for everybody.

-I mean 55 people out of 50,000.

**Commissioner McDowell:** Mr. Chairman if I may, we may want to put up flyers at our libraries because a lot of people go to the library to use the internet and maybe while they're there they can fill it out.

**Commissioner Byrd:** How many individuals have any of you seen out on the walking trail out by the Social Services' building or out by the cemetery?

**Commissioner Smith:** Just a few.

Commissioner Byrd: Very, very few, I doubt I've seen 25 since it's been there.

**Commissioner Watts** stated the following:

-I would say every time I go to FSA there's somebody walking.

**Commissioner Byrd:** People were saying they wouldn't use them because we didn't have bathroom facilities, then we put bathroom facilities but it still hasn't increased.

**Chairman Bullard:** Well, I appreciate what you're doing pushing that program Commissioner Watts, just keep pushing it.

**Commissioner Watts** stated the following:

-Well I mean it's Julie Strickland and you've got a board for the whole county working on this.

7. Chairman Bullard stated the following:

-I would like to say I appreciate the staff for what you're doing with the water and different things going on in the county.

-You're doing a good job, a lot of the time things can go unnoticed, but we thank you for what you do.

-It's good to have Dr. English with us tonight and Ms. Cox, I know you have a lot of good things going on at Southeastern, do you have anything that you would like to say?

**Dr. Chris English:** I just want to say we appreciate the support and I'm glad to serve and we've got a lot of good things coming up in the future.

**Chairman Bullard** stated the following:

-Yes, sir and thank you all for joining us tonight.

#### B. County Manager Eddie Madden stated the following:

-I have a few things to go over with you and I will recognize Dr. English in just a second.

-Obviously the Board knows this but we were successful in getting approval from the Local Government Commission for the Tabor City School Project.

-That loan has since closed and the notice to proceed has been issued by the Board of Education and the contractor can begin work any time now.

-This was a great team effort between the Administration, Finance, the Board of Education, Dr. Meadows and her staff, along with USDA and the Local Government Commission staff.

-They were terrific to work with, and our great attorneys here as well who facilitated a lot of this process.

-So, we want to highlight that.

-I know that I have mentioned this in the past but construction and demolition on the Historic Courthouse should begin very soon.

-In fact, we should start to see some work on or about February 1<sup>st</sup>, so just a couple of weeks away from now.

-We are looking forward to that project beginning as well.

-It was mentioned this evening about the acquisition of the properties downtown for our new offices. -Administration will begin tomorrow with relocation.

-I was pleasantly informed today that our internet service is now up and running.

-There are some things to work out with it to make sure that we are fully operational.

-A lot of it has to do with the staff at MIS, Mr. Alan James and the town of Whiteville.

-The town of Whiteville has come through for us because we were delayed in connecting to CenturyLink.

-They were roughly 90 days out to receive the materials needed to complete the connection, but thanks to Mr. James, he contacted the town of Whiteville and we are actually able to connect to their network temporarily, and we now have a system that's up and running.

-So, we can thank Mr. James and the Town of Whiteville for making that happen.

-We're still in flux about where our next meeting is going to be.

-A lot of this will have to do with the internet service and relocating the audio visual equipment that's in this room over to our new meeting space.

-There's some debate about whether we will be able to meet in that new building for your first meeting on February 7<sup>th</sup> and particularly for your Budget Meeting on February 15<sup>th</sup>.

-We'll be keeping an eye out for more information about that, we will know more probably by tomorrow, about when some of this connection can take place.

-We understand that our contractor can start construction of the video equipment on the 14<sup>th</sup> but we need the space on the 15<sup>th</sup> for the retreat, so again, we will keep you informed on whether that meeting will be held there or not.

-Dr. English and Ms. Sylvia Cox are here for a reason.

-They have approached me about the need to adjust a capital project at the college.

-I didn't put it on the agenda tonight because it's really just for information only.

-In their request, which was approved this budget year, was a \$66,000 expenditure for an EMS training facility.

-There's been some delays in the implementation of that facility and they have asked, and we have approved, and again this is just for information only, to use those funds on a new flex space, is that right Dr. English?

-Would you like to finish?

**Southeastern Community College (SCC) President Dr. Chris English:** The flex space would accommodate our automotive systems program that we're getting ready to install and move forward with that instruction. As you know, we received funding from the state for a new facility plus renovation funding that we're going to use to look and incorporate that training. But, we have to have a facility in front of the metal building to be able to accommodate the automotive program. So we want to create a flex space and you build it in such a way that when the architect and engineers complete the design of the new facility, automotive systems will move out of this 2-3 main facility and the construction trade will take it over. And, it will accommodate it to be able to do the training in construction. Right now our construction academy has students in it building a tiny home and we want to elevate that to the next level, but we need space to do that. And this will provide that immediate need for immediate space.

County Manager Eddie Madden stated the following:

-Okay, any questions on that?

-I know you all have mentioned in the past that you like to be informed of changes and we're making you aware of that this evening.

-And, thank you Dr. English and Ms. Cox for being here for that purpose.

-There's been some mention of weather.

-We've been through a near miss of severe weather this past weekend.

-This coming storm is a little bit different and so we've asked Mr. Nick West to give you an update on what we know to be a forecast for late Thursday night, certainly beginning Friday morning and into Saturday.

-So, Mr. West if you don't mind.

Assistant County Manager Nick West: Good Evening. Obviously, there is a significant chance for significant weather over the weekend, coming in late Thursday and early into Friday morning. We held a conference call with the National Weather Service (NWS) today and a lot of the stakeholders and officials throughout the county and determined that there is a potential for significant freezing rain early Friday Morning. We could be looking at, and this is subject to change, possibly a 1/4 inch to 1/2 inch of ice and then changing over into sleet. It's my understanding from the NWS, that the weather on Friday is going to be basically freezing, so bridges and roadways are going to be iced over. There will be a significant chance for icing on Friday. We will continue to have our meetings with the state, we have another one at 4:00 P.M. If you're interested in joining in on the conference call, we can get you the number so you can listen in on the information from the NWS. We will be holding a meeting with our Emergency Services staff prior to this event to determine whether or not we need to implement a shelter and looking at those types of situations so that we'll know what to do as we get closer to that point. We just want to keep you aware of what's going on. There is a significant chance for severe weather on Friday, especially in the form of ice, but we are planning for it and will be on top of it. We are looking at opening the EOC, depending on the nature of the storm, so that we can be on scene to take care of the situation. If you have any questions, I will try to answer them.

County Manager Eddie Madden stated the following:

-So, <sup>1</sup>/<sub>4</sub> to <sup>1</sup>/<sub>2</sub> inch of snow is forecasted, so that's dangerous road conditions.

Assistant County Manager Nick West: Yes, up to <sup>1</sup>/<sub>2</sub> inch.

**Commissioner Watts:** So, that's power outages?

Assistant County Manager Nick West: Yes, and one of the other significant things that caught my attention in the other meeting was the potential for 10-15 mph winds. So, with significant ice on the power lines and trees, the 10-15 mph winds might not sound like a lot but it is significant enough to break tree limbs and possibly pull some power lines down. We will have more information after the call tomorrow and we will get that information to you if you would like to join in and listen.

**Commissioner Coleman:** The state had already salted the roads down before the last storm we had, they should have a plan to put it out now with this storm coming.

Assistant County Manager Nick West: Yes, with the amount of rain that we received we were fortunate to miss significant icing and I can't speak for DOT, but I would assume that they would result it, especially with the amount of ice that's anticipated.

County Manager Eddie Madden stated the following:

-Just one other thing, I know you all were provided information about the Chamber of Commerce board meeting scheduled for January 27<sup>th</sup>, that has been canceled.

-That's all I have Chairman.

**Chairman Bullard:** I'd like to ask Dr. English a question, you stated you were building a tiny house, how large is the house you're building at Southeastern?

**SCC President Dr. Chris English:** It's roughly about 360 square ft. It's very interesting, you should come out and see it at some point. They've got the plumbing in it right now, it's been painted, the roof is complete, the shower is set, and the second story is coming together. It's really cool. We're going to have two. This is the first one. The next one will be built probably late spring and our goal is to move to a full house to be able to run through the foundation and be able to auction it off. **Commissioner Watts:** So what will you do with the tiny house?

**SCC President Dr. Chris English:** We're going to auction that off as well, both of them.

**Chairman Bullard:** When I was on the school board, you know I'm a builder, I build houses, so when I was on the school board we started building houses at South and West Columbus. They stopped it right now but I think that's a very important program. So many different trades in that one house.

**SCC President Dr. Chris English:** Every skill, even welding because even on this with the frame, we had to modify the frame and we had to get the DMV to come in and inspect it so that we could start construction on the house. So, it takes every skill to build it.

**Chairman Bullard:** I think that mechanics program and that house building are good hands on trades. Thank you for what you do.

**Commissioner Byrd:** It didn't ever lose any money, they always made up the costs of what they put in it.

#### **<u>RECESS REGULAR SESSION and enter into CLOSED SESSION in ACCORDANCE with N.C.G.S. §</u> 143-318.11(A) (3) ATTORNEY-CLIENT PRIVILEGE:**
