Chairman Bullard opened the floor for Public Comment.

Kris Hanks, 344 Hewett Drive, Whiteville NC 28472, stated the following:

-I'm a proud citizen of Columbus County and I just want to thank you all on the Board and our Attorneys as well as the County Manager for taking things very seriously.

-In regards to our Antioch subdivision issues that we've been having and ongoing we appreciate you hearing us and working towards a solution.

-We appreciate you taking into consideration that it's not just Antioch, it's all of Columbus County.

-It's in our area right now but it could be yours tomorrow.

-So, when we're thinking about these things, I just want to refresh everybody's memory that it's a lot of wells, a lot of septic tanks, all on one road, concentrated in one area.

-It looks like, as we talked before, a better solution would be a subdivision in an area where there's public sewer and water, and a place where the roads are more designed to handle the traffic that would bring to our neighborhood.

-So, again, I thank each one of you and as a farm owner in that area, it will affect me, my crops and my fields, but more importantly it's going to affect the future of my son and his life and his family.

-So, I thank you for hearing me and thank you guys for all that you're doing, and I mean that sincerely.

-I hope all of you remain in good health and that we can come to a conclusion that is amicable for everybody.

-Thank you.

Lyndon Merritt, 147 Antioch Church Rd, Whiteville NC 28472, stated the following:

-First, I would like to say that I appreciate the backbone that I've seen from you fellows right now, in the face of a lot of opposition.

-Whether it's the threat of lawsuits or whatever.

-From what I understand you all are willing to fight for the citizens of this county and that's what you were elected to do.

-And by God's grace, mercy and strength, you're doing that.

-We, as a community of Antioch, appreciate it very much, so keep fighting.

-Because, it's not just Antioch, as Mr. Kris said earlier, this is for every citizen of Columbus County that you've been voted into office to represent.

-Developers, we want it, but we want it done right, we want it done correctly, we want it done in harmony with the existing communities that we have.

-This is our home, this is your home, and we just really appreciate the fact that you're willing to take that step to say, "you know you're not going to threaten us, you're not going to walk over us, and we're going to represent our people".

-We appreciate that very much.

-Remember, duplexes, triplexes, quadriplexes, are not in harmony in farming rural communities.

-The roads are not equipped for that, when you have farm equipment and tractors on these small roads, when you're going to put an influx of two to three hundred to possibly five to six hundred people on this road overnight.

-In the country where we live, and you guys are working on it, but unfortunately county water and county sewer aren't there.

-With triplexes and quadriplexes and that many people on a small piece of property, with that much sewer run-off would be detrimental to the surrounding farmlands.

-You have to keep federal wetlands in perspective too.

-I don't know if anybody has checked on that, but you don't normally touch federal wetlands.

-A lot of property in Columbus County is in low lying areas and a lot of those properties are federally protected wetlands.

-A lot has to be done to change that and these developers need to know that and they need to abide by the law.

-If other counties can do it, we can too.

Joey Brown, 866 Old Tram Rd, Whiteville, NC 28472, stated the following:

-I appreciate you folks looking out for us.

-When Abraham Lincoln gave the Gettysburg Address, it let us know that you all have been elected by the people, of the people, and the government is supposed to be for the people.

-And, that's how we expect you all do deal with this, is to go for the people.

-Not just for this person here, or this person here but to go for the people.

-In the Antioch community, have you all looked at that piece of property?

-That piece of property will not hold all those houses they're supposed to build.

-It's not equipped for it.

-The wells that are in that community, I already had to put down another well, and the older people that are in that community, they are on fixed income, and they won't be able to afford to put down another well.

-So what will happen to them?

-We don't have county water or county sewer so will they just have to go without water?

-So we need to think about not just one person, one individual, but we need to think about everyone that's in our communities.

-Somebody may be getting a lot of money to develop this property, but what about the poor people?

-What about the ones who can't afford it?

-What's going to happen to them?

-Thank you.

Public Comment Regarding FOCUS Broadband in Columbus County

Commissioners,

I would like to know why FOCUS Broadband is excluding apartment complexes in Columbus County by NOT providing High-Speed Internet?

If this Resolution/Agreement pertains only to businesses, I would still appreciate knowing why apartment complexes are being left out.

Thank you,

In Re: **Letter of Recommendation**

TO WHOM IT MAY CONCERN:

I support FOCUS Broadband in their efforts to obtain the grant funds necessary to build a fiber optic network capable of bringing faster internet services to the citizens of Columbus County, North Carolina.

As an elected representative of Columbus County, I know firsthand the impact that not having adequate high-speed internet has had on our citizens. Columbus County is a tier one rural county. As such, we are missing out on critical educational and economic opportunities that are afforded to those areas with high speed internet. High-speed internet opens the door of possibility for communication, education, commerce and more. We have been put at a great disadvantage for far too long.

As a proponent of local business growth, I know that access to fiber optics is essential in attracting new businesses to our area and retaining current business. By bringing fiber optic service to more areas of Columbus County, businesses would have greater opportunity to blossom in our community.

FOCUS Broadband is a strong cooperative that has served Brunswick County for more than sixty (60) years. The reputation in the community speaks volumes to their commitment to quality and services. Through other grants, FOCUS Broadband was able to bring fiber to small areas in Columbus County over the last years. These areas have thrived with their access to Atlantic Telephone Membership's fiber network, and I am certain other communities in our county would do the same, if given the same opportunity.

Thank you for your consideration of this **Letter of Recommendation**.

Sincerely,

COLUMBUS COUNTY BOARD OF COMMISSIONERS

Agenda Item #14: DSS MONTHLY ADMINISTRATIVE UPDATE:

Algernon McKenzie, Director, provided the monthly update.

**Monthly Administrative Update
For January 2022
February 21, 2022 Meeting**

On January 13, 2022, I participated on our monthly North Carolina Director's Association zoom meeting. During this meeting the new Secretary of Health and Human Services, Kody Kingsley was introduced. Secretary Kingsley talked about the challenges facing the state and local DSS agencies. There are staff shortages at the state and local levels. He realizes that there are systemic issues of mental health across the state and limited resources that need attention. He and his team plan to work with the Director's Association on the issues around Child Welfare, Adult Services, and Mental Health.

During the meeting we were told that there is a possibility that Food & Nutrition and WIC Programs could be combined at some point under the Division of Child and Family Well-Being. This is a continued effort to address food insecurities in our state, as NC is the 9th highest in the United States. Funds from USDA and the Americans Recovery Appropriation Act may be used to combat this issue.

We were informed that the legislature has removed the cap for In-Home Services, which provides assistance to adults to help them remain in their homes. This could increase the number of individuals on the program and the cost to counties. This was a little concerning to directors due to increased case load on existing staff.

The Division of Health and Human Services will be sending N95 & KN95 mask to local DSS agencies and the Health Departments across the state, due to the increased Covid-19 cases. These mask can be shared with staff, clients, and others who are going into homes to conduct visits. Mask were delivered to DSS on January 14, 2022.

On January 14, 2022, we had an issue with one of our adult wards being dropped off at the agency. Therefore, staff began working on finding placement which was difficult especially on Friday afternoon. As a result, our Adult Services and CPS staff had to sit with this individual Friday night because placement could not be found. Due to the mental status of this individual Mobile Crisis was called in to help. We are continuing to work on permanent placement.

On January 19, 2022, DHHS held a 100 county call to give counties a few updates. We were informed that the new rates for Foster Care boarding would be paid in February. This is the first foster care boarding rate increase since 2009. The amount each county will see will be based on the number of children placed in licensed homes and facilities and their diagnosis.

We were also told that the state is working to get budget estimates out to counties sometime in February. These estimates will include funding to be received from the Federal Government and the state in the various program areas administered by the local DSS.

During the month of January one of our Child support Workers, Kelly Batten received recognition for having the 5th and 10th highest collection for January. State Child Support recognizes the top twenty highest amounts collected for custodial parents and their children each month. Our child support staff, attorney, and para-legal work very hard to get much needed assistance to families which will improve their lives.

Lastly, our agency has been hit hard during this past month with Covid-19 cases. However, we remained open and continued to provide services to the community in a safe manner, as our building is treated daily and mask are worn by all staff while in the building.

HUMAN SERVICES BOARD REPORT
Melinda H. Lane, Program Manager
Vacancies/Updates/News for January 2022

Intake/Investigation/Assessment:

The Intake/Investigation/Assessment Unit continues to be fully staffed. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. This Unit continues to be very busy with referrals involving substance abuse, domestic violence, and mental health issues, among other things. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework. The Continuous Quality Improvement (CQI) Plan continues to progress well. A review this month indicated great progress to the point this Unit's CQI Plan will be closed due to all objectives being met. We're very proud of how far this Unit has come and what it has accomplished!

In-Home Services:

The In-Home Services Unit continues to be short staffed due to a lateral transfer to another Unit. That position was advertised with no qualified applications. It will be reposted. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. Total contacts continue to increase indicating more intensive involvement with current caseloads. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework.

Foster Care/Permanency Planning:

The Foster Care Unit continues to be fully staffed. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. This

Unit continues to break county records for the largest amount of children in custody in Columbus County with an increase again this month. Drug abuse, sexual abuse, and severe neglect appear to be the biggest contributing factors, along with a lack of family support. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework

Transitional Unit:

The Transitional unit continues to be fully staffed. Staff are working caseloads while assisting the other Child Welfare Units as needed, particularly in the areas of courtesy requests from other counties and assisting with supervising visits and transporting children in custody. This Unit continues to make mandated contacts to provide needed services to families and children while continuing to utilize precautions due to COVID-19. Foster Home Licensing continues to work on completing more licensures to help increase the number of foster home available for the increasing amount of foster children. The Regional Child Welfare Consultant (RCWC) continues to make monthly contacts to review agency data, policy updates, and casework.

Adult Services:

The Adult Services Unit currently has two vacancies due to an employee recently retiring. A position that was recently reclassified and moved to this Unit to assist with caseloads was advertised and a worker from within the agency will be moving to this position in February. The Supervisor continues to assist with making contacts with clients to assist her limited staff. This Unit continues to make mandated contacts to provide needed services to the elderly and disabled while utilizing precautions due to COVID-19. This Unit continues to be busy in its day-to-day activities of contacts with the elderly and disabled and resource agencies. This can be a difficult population to work with at times because of their various needs, the lack of resources, and the adult's right to self-determination.

Work First Employment:

This Unit continues to be fully staffed. The agency is now open for in-person applications. However, telephone interviews for Work First applications, recertification's, short-term services and benefits continue to be allowed. Certain necessary application documentation can be mailed to individuals that wish to apply and when received back the worker can conduct telephone interviews to complete that application. Some application information is also being provided for pick-up in the foyer area of the agency. Workers are encouraged to make telephone contacts with clients at least every two weeks to offer support and resources to clients. This Unit is assisting with the Low Income Household Water Application Program by completing interviews and applications as needed.

Child Day Care:

The Child Day Care Unit continues to have one vacancy, however, an applicant has been recommended for the position. The Supervisor is currently on medical leave. The Supervisor and staff continue to work the over and under payment report to ensure proper payment is being made to county daycare providers. The agency is now open for in-office visits by clients. Day Care services are continuing to be provided and the state is working with county agencies and day cares to help them stay open as much as possible while providing a safe environment for children. Day Care slots within local Day Cares are limited at this time. DSS staff continue to work with families to ensure their services stay in place while limiting contact to the telephone as much as possible. This Unit is continuing to work on its waiting list to determine the continued need for services. Hopefully this will give the Unit a better idea of where the need is and decrease the waiting list.

Program Integrity:

Program Integrity continues to be fully staffed. Office visits are limited and telephone contact is encouraged, but office visits are possible. Repayment agreements are being relaxed to help clients during this time. Staff are working to clean up a backlog, establishing cases and repayment agreements, all while assisting with the Energy Programs.

Energy Assistance

The Crisis Intervention Program (CIP) continues to be busy. Applications are available on EPASS where applicants can complete and submit applications on-line, but continue to be available in our lobby for pick up and completion. One in-house staff person is currently processing applications along with 3 temporary staff. Finding temporary staff and keeping them has been a huge problem as staffing agencies continue to find willing and able staff to assist. This is the first time this has ever happened. Applications continue to be high due to unusually cold weather. Duke Energy Progress continues its moratorium, which is in place to help prevent some customers from being disconnected no matter what their bill grows to. This also affects the amount of approvals for electricity since having a final notice is a requirement of the Crisis Intervention Program. Low Income Energy Assistance automatically approved some households in January that received from the LIEAP program in January 2021 that have at least one child 10 years of age or younger. This was the first time the state has ever done this. There is some discussion by the state about the possibility of more supplemental payments and/or automatic approvals.

Low Income Household Water Assistance Program (LIHWAP)

LIHWAP continues for all counties. This program is a federally funded program that will provide emergency assistance to low-income households to prevent disconnection or provide assistance with the reconnection of drinking and wastewater services. It will be based on a priority list: Group 1 will consist of households that have had water services disconnected. Group 2 will consist of households that are in jeopardy of water services being disconnected unless action is taken to prevent the disconnect. Group 3 will consist of households that have current water service bills and need assistance to maintain service. We continue to work this program, assisting almost all applicants that submit applications for assistance.

Economic Services Program Narrative

**Family and Children's Medicaid; Adult Medicaid; Medicaid in Nursing Homes, Special Assistance (Rest Homes), Community Alternative Program (CAP); Medicaid Transportation; Food & Nutrition, Child Support and Housekeeping
Submitted by Cyndi Hammonds, Income Maintenance Administrator
Reporting Month: January 2022**

News/Updates/Vacancies**Food and Nutrition:**

The waiver for households to receive the maximum allotment of benefits for all households has been extended thru February 2022. Households that were already at the maximum allotment prior to waivers will receive a supplement of \$95.00. Ex: A household of 3 received an allotment of \$200.00 for January 2022. The maximum allotment for a household of 3 is \$509. The house hold will be issued the difference in the maximum allotment and what they received which in this case will be an extra \$309.00 in benefits. A household of 3 that already received the maximum of \$509.00 will only get the \$95.00 supplement. P-EBT benefits for students who were out of school for 5 or more consecutive days due to COVID between September 2021 and November 2021 were issued in January. Each school facility is responsible for coding the absence of a student in order for the calculation of benefits to be correct. The State is developing a virtual agent chatbot to be used on the P-EBT website to help answer questions related to P-EBT which will alleviate the large volume of calls to the EBT Call Center and to the local DSS offices. This Team is fully staffed with one new hire in January.

Adult and Family & Children's Medicaid:

The Medicaid Teams completed their last month of REDA Audit with all 20 cases being 100% correct. We are awaiting a date for our consultation meeting for recommendations or corrective action of our overall 10-month Audit. The Public Health Emergency for Medicaid has been extended to April 16, 2022 which means agencies will continue to follow the COVID guidance on policies regarding eligibility procedures. Workers continue to struggle to meet timeframes on the Adult Team due to staff shortage. Our quarterly conference call meeting with our State Representative was held in January. She discussed all policy changes that were implemented since her last quarterly meeting with us. A big change in policy was implemented in January for those applying for Medicaid. In order for someone to apply for another individual, they must have written power of attorney or written authorization from the person they are applying for prior to making an application in order for it to be a valid application. This does not apply to husband and wife in the same household. If individuals are coming in and seeing workers and do not have written authorization they can only discuss policy and procedures with that individual. This is a big change because old policy allowed anyone to come in and apply for the client. This will affect the Adult Team more due to individuals coming in and applying for the elderly and disabled. The Adult Team has 2 vacancies with 1 new hire beginning in January. The Family & Children's Medicaid Team still has 1 vacancy and 2 in the early stages of training.

Medicaid for Long Term Care, Medicaid Transportation and Housekeeping:

- The State will be allocating Temporary Financial Assistance for Facilities Licensed to Accept State-County Special Assistance. This is nonrecurring funds from the State Fiscal Recovery Fund. Each facility will receive \$125.00 for every Special Assistant resident (Rest Home resident not any Nursing Home resident) for the period of July 2021 thru June 2023 or until funds are exhausted, whichever occurs first. This money is to help facilities to offset the increased costs of serving residents during the Public Health Emergency. There is also no county match for these funds. The initial issuance date is scheduled for March 2022 which will include the retroactive payments for all eligible months beginning

with July 2021 and then will be issued monthly for each eligible Special Assistance resident. We have 1 vacancy on this Team.

- Transportation continues to remain very busy. We filled the vacancy in this unit and she is in training.
- Housekeeping continues to keep our building clean. We have one vacancy due to one housekeeper filling the vacancy of the Front Desk Receptionist.

Child Support and Paralegal:

In person meetings with our State Representative that were given the “go” to come to counties have been reversed. When COVID cases began to climb again in early January, Reps were asked to continue completing zoom or conference calls. They continue to go into the ACTS system and 2nd party cases each month before each conference call. The State Child Support continues to work on “modernizing” the Child Support computer system (ACTS). We welcome our new attorney for Child Support as we said goodbye to David in January. We had 3 court sessions and prepared 266 cases for court actions, while 139 Orders were completed. January begins the month of tax intercept as Child Support workers must intercept the absent parent’s income tax refund to pay for their overdue child support. This does cause a lot of upset parents when they are expecting that refund but find out they will not get it due to them having an overdue payment to their child which in turn generates lots of phone calls. We continue to have 5 vacancies on this Team.

POST-WARRANTY MAINTENANCE

Network Updates

With our proposed **Network Updates Service**, Motorola commits to sustain Columbus County's ASTRO 25 system through a program of software and hardware updates aligned with the ASTRO 25 platform lifecycle. This comprehensive approach to technology sustainment will ensure that Columbus County has access to the latest available standard features, as well as the opportunity to incorporate optional features through the purchase of hardware and/or software licenses. Updates and expansion of system components will optimize the availability of repair services, and will enable Columbus County to add RF sites, dispatch positions, data subsystems, network management positions, and other elements to increase capacity and processing capability. Motorola will minimize any interruption to system operation during each network update, with minimal reliance on Columbus County's personnel.

LAND MOBILE RADIO LIFECYCLE SUSTAINMENT

1.1 OVERVIEW

Lifecycle management of your Land Mobile Radio network (LMR network), also referred to as ASTRO 25 system, is critical to keeping it secure, operational, expandable, and up-to-date. Throughout the lifecycle of your LMR network, maintenance and sustainment activities will be required. (Refer to the diagram below.)

Some activities will occur daily (for example, network health monitoring), as needed (for example, lightning strike damages equipment), while others will occur in accordance with the cadence of your lifecycle plan (for example, periodic updates of computers and software). Through a lifecycle sustainment plan and with custom-tailored lifecycle products and services your LMR network will be able to support your communications requirements well into the future.

Your ASTRO 25 LMR network is an integrated end-to-end solution that delivers mission-critical LMR services. The foundation of the ASTRO 25 network is an information technology (IT) based call processing core that incorporates both Motorola and third-party Original Equipment Manufacturer (OEM) software and hardware components. These components follow typical IT industry lifecycles and eventually require replacement due to obsolescence. As with IT computing platforms and other enterprise business systems, the pace of technology obsolescence is primarily driven by commercial OEM products that frequently change and transition into declining levels of support and availability. Consequently, systems without a plan for regular updates can become increasingly difficult and expensive to repair and may also become more vulnerable to security attacks. Additionally, un-updated systems may not be able to take advantage of advancements in

technology that provide enhanced features and performance and may be limited in their ability to expand. Development of a lifecycle sustainment plan provides a roadmap for anticipating and implementing actions to address obsolescence and support limitations. A well developed lifecycle sustainment plan provides these benefits:

1. **Operations sustainment:** Ability to maintain highest level of performance and functionality of system operations.
2. **Network security and information assurance:** Protection against system vulnerabilities that may compromise network security and confidential information. Compliance to these security requirements (NIST 800-53, NENA NG911, DHS 4300, DOD 8500.2, etc).
3. **Support for growth and expansion:** Ability to add users, channels and features; expand system coverage and capabilities and/or add-on new agencies.
4. **Fiscal stability:** Planned fiscal approach for system maintenance mitigating risk of unplanned expenses. Inability to fund required maintenance services can result in degradation of operation.
5. **CapEx Return on Investment (ROI):** Protection against premature deterioration and obsolescence and extension of the system lifespan, thereby reducing the total cost of ownership.

1.2 SYSTEM UPGRADE AGREEMENT III

In order to keep your LMR system current we offer the System Upgrade Agreement III (SUA III). This is a complete package of hardware, software, and professional services required to update the ASTRO 25 system, up to once in a three-year period, to a level consistent with the currently supported release under the Motorola Software Support Program.

Updates to software (and occasionally) hardware components ensure ongoing availability of repair services support, system expansion (e.g. addition of RF sites, dispatch positions, data sub-systems, or network management positions), and the latest cyber security protection. The SUA III provides a consistent, budgeted solution that delivers complete update coverage while transferring risk associated with integrating future (unknown today) technology to Motorola.

Included features

Features Descriptions	SUA III

² Hardware updates include version updates and/or replacements for Motorola field replaceable units (FRU) and third-party networking and computing hardware when required by the software release. Platform migration like replacement of Gold Elite consoles and QUANTAR base radios are not included in this update.

13.3. **ASSIGNMENTS AND SUBCONTRACTING.** Motorola may assign its rights or subcontract its obligations under this Agreement, or encumber or sell its rights in any Software, without prior notice to or consent of Licensee.

13.4. **GOVERNING LAW.** This Agreement is governed by the laws of the United States to the extent that they apply and otherwise by the internal substantive laws of the State of North Carolina. The terms of the U.N. Convention on Contracts for the International Sale of Goods do not apply. In the event that the Uniform Computer Information Transaction Act, any version of this Act, or a substantially similar law (collectively "UCITA") becomes applicable to a party's performance under this Agreement, UCITA does not govern any aspect of this Agreement or any license granted under this Agreement, or any of the parties' rights or obligations under this Agreement. The governing law will be that in effect prior to the applicability of UCITA.

13.5. **THIRD PARTY BENEFICIARIES.** This Agreement is entered into solely for the benefit of Motorola and Licensee. No third party has the right to make any claim or assert any right under this Agreement, and no third party is deemed a beneficiary of this Agreement. Notwithstanding the foregoing, any licensor or supplier of third party software included in the Software will be a direct and intended third party beneficiary of this Agreement.

13.6. **SURVIVAL.** Sections 4, 5, 6.3, 7, 8, 9, 10, 11 and 13 survive the termination of this Agreement.

13.7. **ORDER OF PRECEDENCE.** In the event of inconsistencies between this Exhibit and the Primary Agreement, the parties agree that this Exhibit prevails, only with respect to the specific subject matter of this Exhibit, and not the Primary Agreement or any other exhibit as it applies to any other subject matter.

13.8. **SECURITY.** Motorola uses reasonable means in the design and writing of its own Software and the acquisition of third party Software to limit Security Vulnerabilities. While no software can be guaranteed to be free from Security Vulnerabilities, if a Security Vulnerability is discovered, Motorola will take the steps set forth in Section 6 of this Agreement.

8.2 Within thirty (30) days after termination of this Agreement, Licensee must certify in writing to Motorola that all copies of the Software have been removed or deleted from the Designated Products and that all copies of the Software and Documentation have been returned to Motorola or destroyed by Licensee and are no longer in use by Licensee.

8.3 Licensee acknowledges that Motorola made a considerable investment of resources in the development, marketing, and distribution of the Software and Documentation and that Licensee's breach of this Agreement will result in irreparable harm to Motorola for which monetary damages would be inadequate. If Licensee breaches this Agreement, Motorola may terminate this Agreement and be entitled to all available remedies at law or in equity (including immediate injunctive relief and repossession of all non-embedded Software and associated Documentation unless Licensee is a Federal agency of the United States Government).

Section 9 UNITED STATES GOVERNMENT LICENSING PROVISIONS

This Section applies if Licensee is the United States Government or a United States Government agency. Licensee's use, duplication or disclosure of the Software and Documentation under Motorola's copyrights or trade secret rights is subject to the restrictions set forth in subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights clause at FAR 52.227-19 (JUNE 1987), if applicable, unless they are being provided to the Department of Defense. If the Software and Documentation are being provided to the Department of Defense, Licensee's use, duplication, or disclosure of the Software and Documentation is subject to the restricted rights set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (OCT 1988), if applicable. The Software and Documentation may or may not include a Restricted Rights notice, or other notice referring to this Agreement. The provisions of this Agreement will continue to apply, but only to the extent that they are consistent with the rights provided to the Licensee under the provisions of the FAR or DFARS mentioned above, as applicable to the particular procuring agency and procurement transaction.

Section 10 CONFIDENTIALITY

Licensee acknowledges that the Software and Documentation contain Motorola's valuable proprietary and Confidential Information and are Motorola's trade secrets, and that the provisions in the Primary Agreement concerning Confidential Information apply.

Section 11 LIMITATION OF LIABILITY

The Limitation of Liability provision is described in the Primary Agreement.

Section 12 NOTICES

Notices are described in the Primary Agreement.

Section 13 GENERAL

13.1. **COPYRIGHT NOTICES.** The existence of a copyright notice on the Software will not be construed as an admission or presumption of publication of the Software or public disclosure of any trade secrets associated with the Software.

13.2. **COMPLIANCE WITH LAWS.** Licensee acknowledges that the Software is subject to the laws and regulations of the United States and Licensee will comply with all applicable laws and regulations, including export laws and regulations of the United States. Licensee will not, without the prior authorization of Motorola and the appropriate governmental authority of the United States, in any form export or re-export, sell or resell, ship or reship, or divert, through direct or indirect means, any item or technical data or direct or indirect products sold or otherwise furnished to any person within any territory for which the United States Government or any of its agencies at the time of the action, requires an export license or other governmental approval. Violation of this provision is a material breach of this Agreement.

processes or, provision of information services). No rights are granted to Licensee under this Agreement by implication, estoppel or otherwise, except for those rights which are expressly granted to Licensee in this Agreement. All intellectual property developed, originated, or prepared by Motorola in connection with providing the Software, Designated Products, Documentation or related services, remains vested exclusively in Motorola, and Licensee will not have any shared development or other intellectual property rights.

Section 6 LIMITED WARRANTY; DISCLAIMER OF WARRANTY

6.1. The commencement date and the term of the Software warranty will be a period of ninety (90) days from Motorola's shipment of the Software (the "Warranty Period"). If Licensee is not in breach of any of its obligations under this Agreement, Motorola warrants that the unmodified Software, when used properly and in accordance with the Documentation and this Agreement, will be free from a reproducible defect that eliminates the functionality or successful operation of a feature critical to the primary functionality or successful operation of the Software. Whether a defect occurs will be determined by Motorola solely with reference to the Documentation. Motorola does not warrant that Licensee's use of the Software or the Designated Products will be uninterrupted, error-free, completely free of Security Vulnerabilities, or that the Software or the Designated Products will meet Licensee's particular requirements. Motorola makes no representations or warranties with respect to any third party software included in the Software.

6.2. Motorola's sole obligation to Licensee and Licensee's exclusive remedy under this warranty is to use reasonable efforts to remedy any material Software defect covered by this warranty. These efforts will involve either replacing the media or attempting to correct significant, demonstrable program or documentation errors or Security Vulnerabilities. If Motorola cannot correct the defect within a reasonable time, then at Motorola's option, Motorola will replace the defective Software with functionally-equivalent Software, license to Licensee substitute Software which will accomplish the same objective, or terminate the license and refund the Licensee's paid license fee.

6.3. Warranty claims are described in the Primary Agreement.

6.4. The express warranties set forth in this Section 6 are in lieu of, and Motorola disclaims, any and all other warranties (express or implied, oral or written) with respect to the Software or Documentation, including, without limitation, any and all implied warranties of condition, title, non-infringement, merchantability, or fitness for a particular purpose or use by Licensee (whether or not Motorola knows, has reason to know, has been advised, or is otherwise aware of any such purpose or use), whether arising by law, by reason of custom or usage of trade, or by course of dealing. In addition, Motorola disclaims any warranty to any person other than Licensee with respect to the Software or Documentation.

Section 7 TRANSFERS

Licensee will not transfer the Software or Documentation to any third party without Motorola's prior written consent. Motorola's consent may be withheld at its discretion and may be conditioned upon transferee paying all applicable license fees and agreeing to be bound by this Agreement. If the Designated Products are Motorola's radio products and Licensee transfers ownership of the Motorola radio products to a third party, Licensee may assign its right to use the Software (other than RSS and Motorola's FLASHport® software) which is embedded in or furnished for use with the radio products and the related Documentation; *provided* that Licensee transfers all copies of the Software and Documentation to the transferee, and Licensee and the transferee sign a transfer form to be provided by Motorola upon request, obligating the transferee to be bound by this Agreement.

Section 8 TERM AND TERMINATION

8.1. Licensee's right to use the Software and Documentation will begin when the Primary Agreement is signed by both parties and will continue for the life of the Designated Products with which or for which the Software and Documentation have been provided by Motorola, unless Licensee breaches this Agreement, in which case this Agreement and Licensee's right to use the Software and Documentation may be terminated immediately upon notice by Motorola.

the Open Source Software, the terms and conditions of the license grant of the applicable Open Source Software Licenses will take precedence over the license grants in this Agreement. If requested by Licensee, Motorola will use commercially reasonable efforts to: (i) determine whether any Open Source Software is provided under this Agreement; (ii) identify the Open Source Software and provide Licensee a copy of the applicable Open Source Software License (or specify where that license may be found); and, (iii) provide Licensee a copy of the Open Source Software source code, without charge, if it is publicly available (although distribution fees may be applicable).

Section 4 LIMITATIONS ON USE

4.1. Licensee may use the Software only for Licensee's internal business purposes and only in accordance with the Documentation. Any other use of the Software is strictly prohibited. Without limiting the general nature of these restrictions, Licensee will not make the Software available for use by third parties on a "time sharing," "application service provider," or "service bureau" basis or for any other similar commercial rental or sharing arrangement.

4.2. Licensee will not, and will not allow or enable any third party to: (i) reverse engineer, disassemble, peel components, decompile, reprogram or otherwise reduce the Software or any portion to a human perceptible form or otherwise attempt to recreate the source code; (ii) modify, adapt, create derivative works of, or merge the Software; (iii) copy, reproduce, distribute, lend, or lease the Software or Documentation to any third party, grant any sublicense or other rights in the Software or Documentation to any third party, or take any action that would cause the Software or Documentation to be placed in the public domain; (iv) remove, or in any way alter or obscure, any copyright notice or other notice of Motorola's proprietary rights; (v) provide, copy, transmit, disclose, divulge or make the Software or Documentation available to, or permit the use of the Software by any third party or on any machine except as expressly authorized by this Agreement; or (vi) use, or permit the use of, the Software in a manner that would result in the production of a copy of the Software solely by activating a machine containing the Software. Licensee may make one copy of Software to be used solely for archival, back-up, or disaster recovery purposes; *provided that* Licensee may not operate that copy of the Software at the same time as the original Software is being operated. Licensee may make as many copies of the Documentation as it may reasonably require for the internal use of the Software.

4.3. Unless otherwise authorized by Motorola in writing, Licensee will not, and will not enable or allow any third party to: (i) install a licensed copy of the Software on more than one unit of a Designated Product; or (ii) copy onto or transfer Software installed in one unit of a Designated Product onto one other device. Licensee may temporarily transfer Software installed on a Designated Product to another device if the Designated Product is inoperable or malfunctioning, if Licensee provides written notice to Motorola of the temporary transfer and identifies the device on which the Software is transferred. Temporary transfer of the Software to another device must be discontinued when the original Designated Product is returned to operation and the Software must be removed from the other device. Licensee must provide prompt written notice to Motorola at the time temporary transfer is discontinued.

4.4. Licensee will maintain, during the term of this Agreement and for a period of two years thereafter, accurate records relating to this license grant to verify compliance with this Agreement. Motorola or an independent third party ("Auditor") may inspect Licensee's premises, books and records, upon reasonable prior notice to Licensee, during Licensee's normal business hours and subject to Licensee's facility and security regulations. Motorola is responsible for the payment of all expenses and costs of the Auditor. Any information obtained by Motorola and the Auditor will be kept in strict confidence by Motorola and the Auditor and used solely for the purpose of verifying Licensee's compliance with the terms of this Agreement.

Section 5 OWNERSHIP AND TITLE

Motorola, its licensors, and its suppliers retain all of their proprietary rights in any form in and to the Software and Documentation, including, but not limited to, all rights in patents, patent applications, inventions, copyrights, trademarks, trade secrets, trade names, and other proprietary rights in or relating to the Software and Documentation (including any corrections, bug fixes, enhancements, updates, modifications, adaptations, translations, de-compilations, disassemblies, emulations to or derivative works from the Software or Documentation, whether made by Motorola or another party, or any improvements that result from Motorola's

The term "Software" does not include any third party software provided under separate license or third party software not licensable under the terms of this Agreement.

This Agreement may be amended or modified only by a written instrument signed by authorized representatives of both Parties. The preprinted terms and conditions found on any Customer purchase order, acknowledgment or other form will not be considered an amendment or modification of this Agreement, even if a representative of each Party signs that document.

16.8. **NOTICES.** Notices required under this Agreement to be given by one Party to the other must be in writing and either personally delivered or sent to the address shown below by certified mail, return receipt requested and postage prepaid (or by a recognized courier service, such as Federal Express, UPS, or DHL), or by facsimile with correct answerback received, and will be effective upon receipt:

16.9. **COMPLIANCE WITH APPLICABLE LAWS.** Each Party will comply with all applicable federal, state, and local laws, regulations and rules concerning the performance of this Agreement or use of the System. Customer will obtain and comply with all Federal Communications Commission ("FCC") licenses and authorizations or those of any other federal, state, or local government agency, required for the installation, maintenance, or operation and use of the System before the scheduled installation of the Equipment. Although Motorola might assist Customer in the preparation of its FCC license applications, neither Motorola nor any of its employees is an agent or representative of Customer in FCC or other matters.

16.10. **AUTHORITY TO EXECUTE AGREEMENT.** Each Party represents that it has obtained all necessary approvals, consents and authorizations to enter into this Agreement and to perform its duties under this Agreement; the person executing this Agreement on its behalf has the authority to do so; upon execution and delivery of this Agreement by the Parties, it is a valid and binding contract, enforceable in accordance with its terms; and the execution, delivery, and performance of this Agreement does not violate any bylaw, charter, regulation, law or any other governing authority of the Party.

16.11. **MATERIALS, TOOLS AND EQUIPMENT.** All tools, equipment, dies, gauges, models, drawings or other materials paid for or furnished by Motorola for the purpose of this Agreement will be and remain the sole property of Motorola. Customer will safeguard all such property while it is in Customer's custody or control, be liable for any loss or damage to this property, and return it to Motorola upon request. This property will be held by Customer for Motorola's use without charge and may be removed from Customer's premises by Motorola at any time without restriction.

16.12. **FORCE MAJEURE.** Neither Party will be liable for its non-performance or delayed performance if caused by a Force Majeure. A Party that becomes aware of a Force Majeure that will significantly delay performance will notify the other Party promptly (but in no event later than fifteen days) after it discovers the Force Majeure. If a Force Majeure occurs, the Parties will execute a change order to extend the Performance Schedule for a time period that is reasonable under the circumstances.

16.13. **SURVIVAL OF TERMS.** The following provisions will survive the expiration or termination of this Agreement for any reason: Section 4.3 (Motorola Software); Section 4.4 (Non-Motorola Software); if any payment obligations exist, Section 7 (Contract Price and Payment); Subsection 8.2 (Disclaimer of Implied Warranties); Section 10 (Limitation of Liability); and Section 12 (Confidentiality); Section 13 (Preservation of Motorola Proprietary Right); Section 15 (Disputes); and all of the General provisions in Section 16.

15.3 MEDIATION. The Parties will choose an independent mediator within thirty (30) days of a notice to mediate from either Party ("Notice of Mediation"). Neither Party may unreasonably withhold consent to the selection of a mediator. If the Parties are unable to agree upon a mediator, either Party may request that American Arbitration Association nominate a mediator. Each Party will bear its own costs of mediation, but the Parties will share the cost of the mediator equally. Each Party will participate in the mediation in good faith and will be represented at the mediation by a business executive with authority to settle the Dispute.

15.4 LITIGATION, VENUE and JURISDICTION. If a Dispute remains unresolved for sixty (60) days after receipt of the Notice of Mediation, either Party may then submit the Dispute to a court of competent jurisdiction in the state in which the System is installed. Each Party irrevocably agrees to submit to the exclusive jurisdiction of the courts in such state over any claim or matter arising under or in connection with this Agreement.

15.5 CONFIDENTIALITY. All communications pursuant to subsections 14.2 and 14.3 will be treated as compromise and settlement negotiations for purposes of applicable rules of evidence and any additional confidentiality protections provided by applicable law. The use of these Dispute resolution procedures will not be construed under the doctrines of laches, waiver or estoppel to affect adversely the rights of either Party.

SECTION 16 GENERAL

16.1 TAXES. The Contract Price does not include any excise, sales, lease, use, property, or other taxes, assessments or duties, all of which will be paid by Customer except as exempt by law. If Motorola is required to pay any of these taxes, Motorola will send an invoice to Customer and Customer will pay to Motorola the amount of the taxes (including any interest and penalties) within thirty (30) days after the date of the invoice. Customer will be solely responsible for reporting the Equipment for personal property tax purposes, and Motorola will be solely responsible for reporting taxes on its income or net worth.

16.2 ASSIGNABILITY AND SUBCONTRACTING. Except as provided herein, neither Party may assign this Agreement or any of its rights or obligations hereunder without the prior written consent of the other Party, which consent will not be unreasonably withheld. Any attempted assignment, delegation, or transfer without the necessary consent will be void. Notwithstanding the foregoing, Motorola may assign this Agreement to any of its affiliates or its right to receive payment without the prior consent of Customer. In addition, in the event Motorola separates one or more of its businesses (each a "Separated Business"), whether by way of a sale, establishment of a joint venture, spin-off or otherwise (each a "Separation Event"), Motorola may, without the prior written consent of the other Party and at no additional cost to Motorola, assign this Agreement such that it will continue to benefit the Separated Business and its affiliates (and Motorola and its affiliates, to the extent applicable) following the Separation Event. Motorola may subcontract any of the work, but subcontracting will not relieve Motorola of its duties under this Agreement.

16.3 WAIVER. Failure or delay by either Party to exercise a right or power under this Agreement will not be a waiver of the right or power. For a waiver of a right or power to be effective, it must be in a writing signed by the waiving Party. An effective waiver of a right or power will not be construed as either a future or continuing waiver of that same right or power, or the waiver of any other right or power.

16.4 SEVERABILITY. If a court of competent jurisdiction renders any part of this Agreement invalid or unenforceable, that part will be severed and the remainder of this Agreement will continue in full force and effect.

16.5 INDEPENDENT CONTRACTORS. Each Party will perform its duties under this Agreement as an independent contractor. The Parties and their personnel will not be considered to be employees or agents of the other Party. Nothing in this Agreement will be interpreted as granting either Party the right or authority to make commitments of any kind for the other. This Agreement will not constitute, create, or be interpreted as a joint venture, partnership or formal business organization of any kind.

16.6 HEADINGS AND SECTION REFERENCES. The section headings in this Agreement are inserted only for convenience and are not to be construed as part of this Agreement or as a limitation of the scope of the particular section to which the heading refers. This Agreement will be fairly interpreted in accordance with its terms and conditions and not for or against either Party.

Section 13 PRESERVATION OF MOTOROLA'S PROPRIETARY RIGHTS

Motorola, the third party manufacturer of any Equipment, and the copyright owner of any Non-Motorola Software own and retain all of their respective Proprietary Rights in the Equipment and Software, and nothing in this Agreement is intended to restrict their Proprietary Rights. All intellectual property developed, originated, or prepared by Motorola in connection with providing to Customer the Equipment, Software, or related services remain vested exclusively in Motorola, and this Agreement does not grant to Customer any shared development rights of intellectual property. Except as explicitly provided in the Software License Agreement, Motorola does not grant to Customer, either directly or by implication, estoppel, or otherwise, any right, title or interest in Motorola's Proprietary Rights. Customer will not modify, disassemble, peel components, decompile, otherwise reverse engineer or attempt to reverse engineer, derive source code or create derivative works from, adapt, translate, merge with other software, reproduce, distribute, sublicense, sell or export the Software, or permit or encourage any third party to do so. The preceding sentence does not apply to Open Source Software which is governed by the standard license of the copyright owner.

Section 14 FCC LICENSES AND OTHER AUTHORIZATIONS

Customer is solely responsible for obtaining licenses or other authorizations required by the Federal Communications Commission or any other federal, state, or local government agency and for complying with all rules and regulations required by governmental agencies. Section 15 DISPUTES

The Parties will use the following procedure to address any dispute arising under this Agreement (a "Dispute").

15.1 **GOVERNING LAW.** This Agreement will be governed by and construed in accordance with the laws of the State of North Carolina.

15.2 **NEGOTIATION.** Either Party may initiate the Dispute resolution procedures by sending a notice of Dispute ("Notice of Dispute"). The Parties will attempt to resolve the Dispute promptly through good faith negotiations including 1) timely escalation of the Dispute to executives who have authority to settle the Dispute and who are at a higher level of management than the persons with direct responsibility for the matter and 2) direct communication between the executives. If the Dispute has not been resolved within ten (10) days from the Notice of Dispute, the Parties will proceed to mediation.

9.2. If a defaulting Party fails to cure the default as provided above in Section 9.1, unless otherwise agreed in writing, the non-defaulting Party may terminate any unfulfilled portion of this Agreement. In the event of termination for default, the defaulting Party will promptly return to the non-defaulting Party any of its Confidential Information. Any termination of this Agreement will not relieve either party of obligations previously incurred pursuant to this Agreement, including payments which may be due and owing at the time of termination. All sums owed by Customer to Motorola will become due and payable immediately upon termination of this Agreement. Upon the effective date of termination, Motorola will have no further obligation to provide Services.

9.3. In the event Customer elects to terminate this Agreement for any reason other than default, Customer shall pay Motorola for the conforming Equipment and/or Software delivered and all services performed.

SECTION 10 LIMITATION OF LIABILITY

Except for personal injury or death, Motorola's total liability, whether for breach of contract, warranty, negligence, strict liability in tort, or otherwise, will be limited to the direct damages recoverable under law, but not to exceed the price of the Equipment, Software, or Services with respect to which losses or damages are claimed. **ALTHOUGH THE PARTIES ACKNOWLEDGE THE POSSIBILITY OF SUCH LOSSES OR DAMAGES, THEY AGREE THAT MOTOROLA WILL NOT BE LIABLE FOR ANY COMMERCIAL LOSS; INCONVENIENCE; LOSS OF USE, TIME, DATA, GOOD WILL, REVENUES, PROFITS OR SAVINGS; OR OTHER SPECIAL, INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES IN ANY WAY RELATED TO OR ARISING FROM THIS AGREEMENT OR THE PERFORMANCE OF SERVICES BY MOTOROLA PURSUANT TO THIS AGREEMENT.** No action for contract breach or otherwise relating to the transactions contemplated by this Agreement may be brought more than one (1) year after the accrual of the cause of action, except for money due upon an open account. This limitation of liability will survive the expiration or termination of this Agreement and applies notwithstanding any contrary provision.

SECTION 11 EXCLUSIVE TERMS AND CONDITIONS

11.1 This Agreement supersedes all prior and concurrent agreements and understandings between the parties, whether written or oral, related to the Services, and there are no agreements or representations concerning the subject matter of this Agreement except for those expressed herein. The Agreement may not be amended or modified except by a written agreement signed by authorized representatives of both parties.

11.2 Customer agrees to reference this Agreement on any purchase order issued in furtherance of this Agreement, however, an omission of the reference to this Agreement will not affect its applicability. In no event will either party be bound by any terms contained in a Customer purchase order, acknowledgement, or other writings unless: the purchase order, acknowledgement, or other writing specifically refers to this Agreement; clearly indicate the intention of both parties to override and modify this Agreement; and the purchase order, acknowledgement, or other writing is signed by authorized representatives of both parties.

The information in the roadmap is not a commitment or an obligation to deliver any product, product feature or software functionality and Motorola reserves the right to make changes to the content and timing of any product, product feature or software release.
- The most current system release upgrade paths can be found in the most recent SMA bulletin.

- 3.4 ASTRO 25 SUA III does not cover software support for virus attacks or other applications that are not part of the ASTRO 25 system, or unauthorized modifications or other misuse of the covered software. Motorola is not responsible for management of anti-virus or other security applications (such as Norton or McAfee).

4.0 Special provisions

- 4.1 Customer acknowledges that if its System has a Special Product Feature, additional engineering may be required to prevent an installed system release from overwriting the Special Product Feature. Upon request, Motorola will determine whether a Special Product Feature can be incorporated into a system release and whether additional engineering effort is required. If additional engineering is required Motorola will issue a change order for the change in scope and associated increase in the price for the ASTRO 25 SUA III.
- 4.2 Customer will only use the software (including any System Releases) in accordance with the applicable Software License Agreement.
- 4.3 ASTRO 25 SUA III services do not include repair or replacement of hardware or software that is necessary due to defects that are not corrected by the system release, nor does it include repair or replacement of defects resulting from any nonstandard, improper use or conditions; or from unauthorized installation of software.
- 4.4 ASTRO 25 SUA III coverage and the parties' responsibilities described in this Statement of Work will automatically terminate if Motorola no longer supports the ASTRO 25 7.x software version in the Customer's system or discontinues the ASTRO 25 SUA III program; in either case, Motorola will refund to Customer any prepaid fees for ASTRO 25 SUA III services applicable to the terminated period.
- 4.5 If Customer cancels a scheduled upgrade within less than 12 weeks of the scheduled on site date, Motorola reserves the right to charge the Customer a cancellation fee equivalent to the cost of the pre-planning efforts completed by the Motorola Solutions Upgrade Operations Team.
- 4.6 The SUA III annualized price is based on the fulfillment of the three-year term. If Customer terminates, except if Motorola is the defaulting party, Customer will be required to pay for the balance of payments owed if a system release upgrade has been taken prior to the point of termination.

LIFECYCLE STATEMENT OF WORK

The following SUA III Statement of Work fully describes the SUA III offering.

ASTRO 25 SYSTEM UPGRADE AGREEMENT II (SUA III) STATEMENT OF WORK

1.0 Description of Service and Obligations

- 1.1 As system releases become available, Motorola agrees to provide the Customer with the software, hardware and implementation services required to execute up to one system infrastructure upgrade in a three-year period for their ASTRO 25 system. At the time of the system release upgrade, Motorola will provide applicable patches and service pack updates when and if available. Currently, Motorola's service includes 3rd party SW such as Microsoft Windows and Server OS, Red Hat Linux, Sun Solaris and any Motorola software service packs that may be available. Motorola will only provide patch releases that have been analyzed, pre-tested, and certified in a dedicated ASTRO 25 test lab to ensure that they are compatible and do not interfere with the ASTRO 25 network functionality.
- 1.2 The Customer will have, at its option, the choice of upgrading in either Year 1 or Year 2 or Year 3 of the coverage period. To be eligible for the ASTRO 25 SUA III, the ASTRO 25 system must be at system release 7.7 or later.
- 1.3 ASTRO 25 system releases are intended to improve the system functionality and operation from previous releases and may include some minor feature enhancements. At Motorola's option, system releases may also include significant new feature enhancements that Motorola may offer for purchase. System release software and hardware shall be pre-tested and certified in Motorola's Systems Integration Test lab.
- 1.4 The price quoted for the SUA III requires the Customer to choose a certified system upgrade path from the list of System Release Upgrade Paths available to the Customer as per the system release upgrade chart referenced and incorporated in Appendix A. Should the Customer elect an upgrade path other than one listed in Appendix A, the Customer agrees that additional costs may be incurred to complete the implementation of the certified system upgrade. In this case, Motorola agrees to provide a price quotation for any additional materials and services necessary.
- 1.5 ASTRO 25 SUA III entitles a Customer to past software versions for the purpose of downgrading product software to a compatible release version.
- 1.6 The following ASTRO 25 certified system release software for the following products are covered under this ASTRO 25 SUA III: base stations, site controllers, comparators, routers, LAN switches, servers, dispatch consoles, logging equipment, network management terminals, Network Fault Management ("NFM") products, network security devices such as firewalls and intrusion detection sensors, and associated peripheral infrastructure software.

- Incremental enhancements may include Motorola software bug fixes and new orderable/purchasable features.
- Platform releases include commercial OS and application software updates as well as Motorola system release software to improve the system functionality and operation from previous releases as well as significant new feature enhancements that are available for purchase.
- Implementation services include factory integration and testing of new HW and SW components, upgrade planning, and Motorola personnel at customer site to execute upgrade.

Agenda Item #23: COMMENTS:

Chairman Bullard opened the floor for comments. The following spoke:

A. Board of Commissioners:

1. **Commissioner Watts** stated the following:

-I don't have much to say.

-I do want to let everyone know that tomorrow night, at our new building, we will have our Parks & Rec Master Plan Committee meeting and it is open to the public and the community.

-I hope everyone shows up and voices their opinion.

2. **Commissioner Byrd** stated the following:

-Mr. Madden, I would like to ask about the 110 Courthouse Square building and the lease that we are about to enter.

-Is there any money coming in from the State to support that Juvenile Justice Office moving in?

County Manager Eddie Madden: Unfortunately not, the County is under statute and required to provide space to the court system, which would include Juvenile Justice.

Commissioner Byrd stated the following:

-So, we are required to furnish everything except the telephones?

County Manager Eddie Madden: Pretty much so, yes sir.

Commissioner Byrd stated the following:

-Because I was reading the lease and it said we furnish everything but the telephones.

3. **Vice Chairman McMillian** stated the following:

-I want to ask everyone to remember Commissioner Chris Smith and his wife in your prayers.

-They're going through a tough time right now.

4. **Commissioner Coleman** stated the following:

-I'm just anxious to get internet at the East End of the County.

-I appreciate all you do and I know it's a thankless job that you have.

-Also, the staff and administration, I appreciate the job that they do.

5. **Commissioner McDowell** stated the following:

-Thank you to Southeastern for the presentation and for the survey.

-It provides a lot of information that we don't think about every day.

-It shows the importance of the college and I thank you for that.

-Also, it's good to see the people from Antioch.

6. **Chairman Bullard** stated the following:

-I'd like to say, we had a full agenda tonight with a lot of good information on it.

-We appreciate Southeastern and ATMC and all the things they have going on, it's a lot of good things going on in the county.

-I appreciate the support from Antioch Church Rd and thank you all for what you do.

-Remember Commissioner Smith and his family, he and his wife couldn't make it back from Charlotte for the meeting.

B. **County Manager Eddie Madden** stated the following:

-I'll be brief.

-I just want to thank the Board for a highly successful Budget Retreat.

-Everyone was fully engaged in the Budget discussion and the staff and I just want to express our appreciation for your leadership.

-This marks the last meeting of this Board in the Dempsey Herring property.

-So, all of our equipment has been transferred and that's why we're operating off of these mics and mic stands.

-All of our equipment has been relocated to our new Commissioner's Chambers.

-So, on March 7th, that's where we will meet officially and we're looking forward to that.

-For those of you who are here and have never been to that location it's located at 127 W. Webster St, 3rd floor and you can ride up the elevator.

-We're awaiting ATMC/FOCUS Broadband to connect the downtown campus and that will provide fiber connectivity to not only our office building but to Dr. Lanier's and the 911/Health Department buildings.

-We expect that to take place within the next couple of weeks.

-Soon after that connectivity is made, we will be relocating Building Inspections, Environmental Health, Addressing, Fire Marshal's Office and Emergency Management to the 1st floor.

-Other floors will need some renovation for the other offices that will be residing there, so they will be moving in on future date.

-With regards to the ones I mentioned just a moment ago, we will be moving them in very soon and we will send out notices accordingly.

-It's appropriate that Ms. Lacy Jacobs is here this evening because in just about 10 days the Artic Alligator Plunge will take place and I think I'm in dead last right now in fundraising.

-I'm going in regardless, but help me out if you can, it's for a good cause and we appreciate the opportunity.

-I'm looking forward to jumping in with some of my friends and counterparts across the county on March 5th, 9 a.m. at Lake Waccamaw.

Commissioner Bullard: Food for thought, I like having the Closed Session at the beginning of the meeting, maybe we should think about it, we might want to move it to the beginning of the meeting.

Agenda Item #24: ADJOURNMENT:

At 7:53 P.M., Commissioner Coleman made a motion to adjourn, seconded by Vice Chairman McMillian. The motion unanimously passed. These minutes were recorded and typed by LaToya Williams.
